TOTO CT725CU

TOTO TORNADO FLUSH Commercial Flushometer Floor-Mounted Toilet

Model: CT725CU#01 - User Manual

Introduction

This manual provides essential information for the installation, operation, maintenance, and troubleshooting of your TOTO TORNADO FLUSH Commercial Flushometer Floor-Mounted Toilet, Model CT725CU#01. Please read these instructions carefully before proceeding with installation or use to ensure proper function and longevity of the product.

Setup and Installation

The TOTO CT725CU#01 is an elongated, floor-mounted toilet bowl designed for commercial flushometer systems. A flush valve is not included and must be purchased separately. This toilet bowl is compatible with 10 to 12 inch rough-in installations.

Components Included:

- Toilet Bowl (CT725CU#01)
- Bolt Caps

Installation Requirements:

- Compatible flushometer valve (1.0, 1.28, or 1.6 GPF)
- Standard plumbing tools
- Appropriate floor mounting hardware (may be included with flushometer or purchased separately)

Image 2: Dimensional drawing of the TOTO CT725CU#01 toilet bowl, showing length, width, height, and rim height.

Refer to the detailed installation instructions provided with your flushometer valve for specific plumbing connections and mounting procedures. Ensure all connections are secure and leak-free before use.

Operating Instructions

This toilet utilizes the TORNADO FLUSH system, a highly efficient flushing mechanism designed for superior bowl cleaning. When the flushometer valve is activated, dual nozzles create a powerful centrifugal washing action that thoroughly rinses the entire bowl surface.

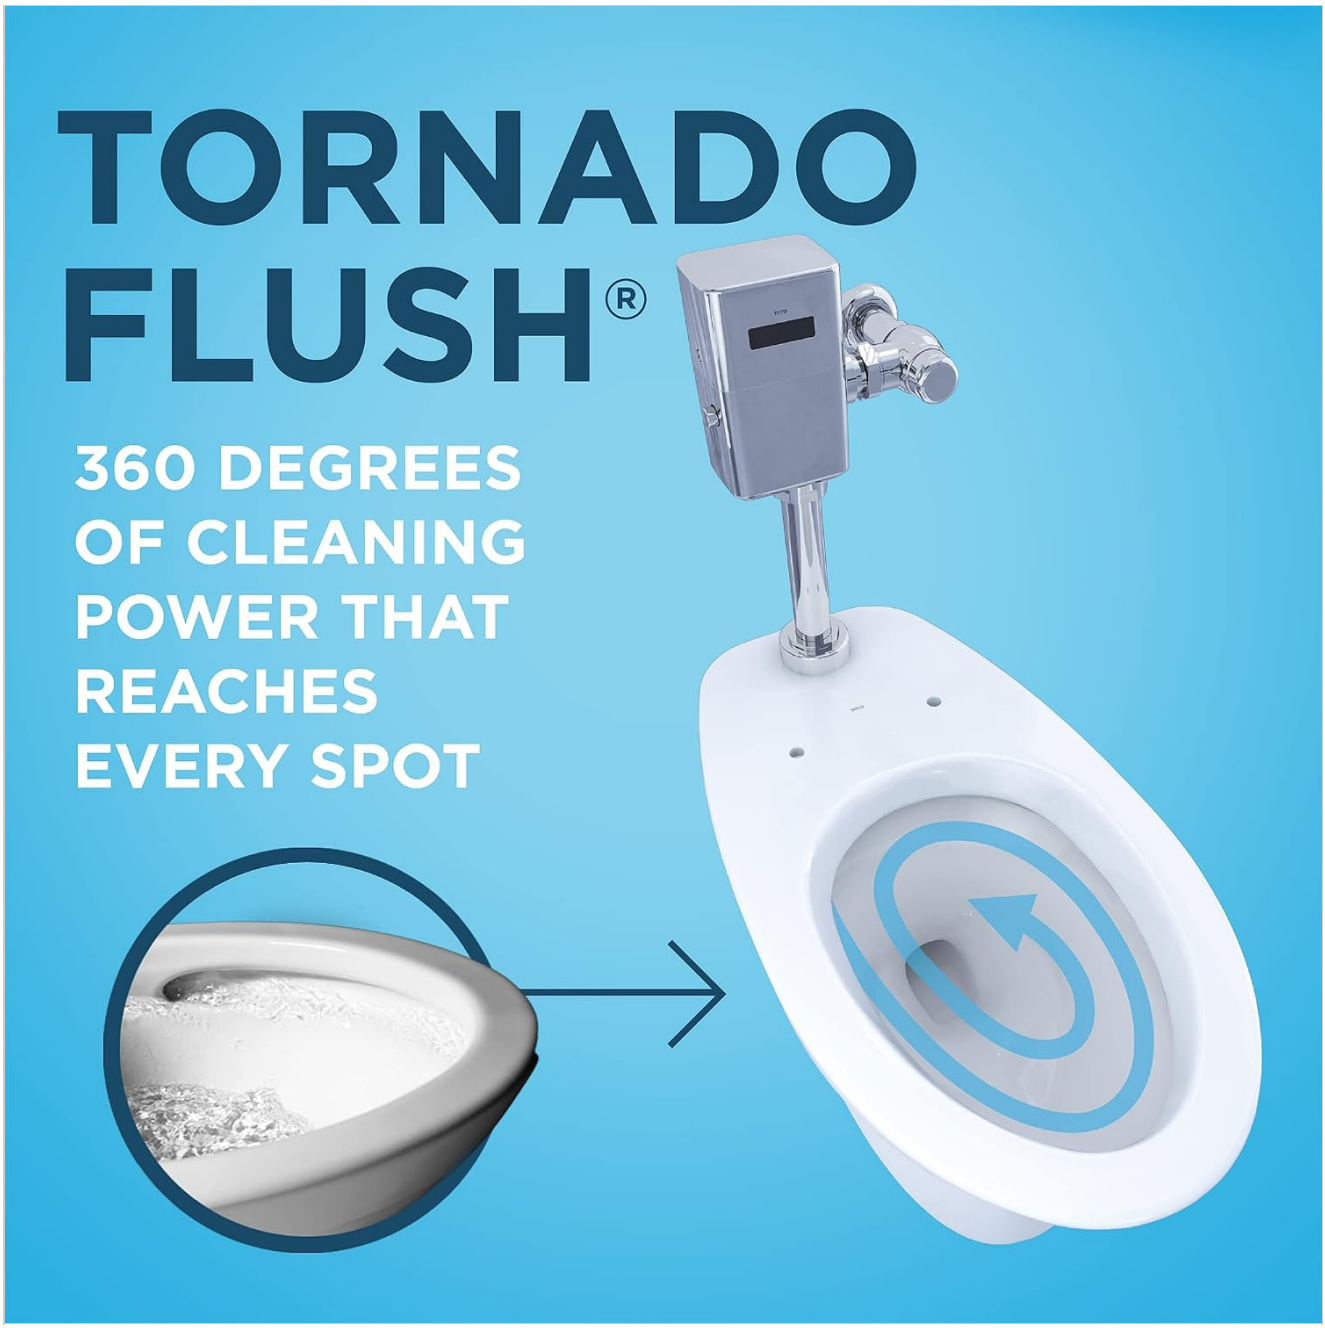

Image 3: Diagram illustrating the TORNADO FLUSH system with 360-degree cleaning power.

For optimal performance and water savings, this toilet bowl is engineered to work seamlessly with TOTO ECOPOWER flush valves. The TORNADO FLUSH system is compatible with 1.0, 1.28, and 1.6 Gallons Per Flush (GPF) flushometer valves.

Image 4: Illustration of the TOTO Advantage, showing the toilet bowl paired with an ECOPOWER flush valve for reduced maintenance, improved reliability, and superior performance.

Maintenance and Cleaning

The TORNADO FLUSH system's efficient rinsing action helps to minimize the frequency of cleaning. To maintain the pristine condition of your toilet bowl:

- Use mild, non-abrasive cleaners.
- Avoid harsh chemicals, abrasive pads, or strong acids, as these can damage the ceramic surface and finish.
- Regularly clean the bowl interior and exterior with a soft cloth or sponge.
- For stubborn stains, consult TOTO's recommended cleaning guidelines or a professional plumber.

Troubleshooting

This section addresses common issues you might encounter. For problems not listed here, or if solutions do not

resolve the issue, please contact a qualified plumber or TOTO customer support.

Problem	Possible Cause	Solution
Weak Flush	Insufficient water pressure; flushometer valve malfunction; partial clog.	Check water supply valve; inspect flushometer for proper operation and adjustment; clear any visible clogs.
Continuous Water Flow	Flushometer valve not closing properly.	Inspect and service the flushometer valve according to its manufacturer's instructions.
Leaking at Base	Improper seal at floor flange; loose mounting bolts.	Ensure toilet is properly seated on wax ring/seal; tighten mounting bolts evenly (do not overtighten).

Specifications

Key specifications for the TOTO CT725CU#01 toilet bowl:

Feature	Detail
