### 3. SETUP INSTRUCTIONS

Follow these steps to correctly set up your adjustable stand with your Echo Show 8 (3rd Gen).

1. **Unpack Components:** Carefully remove the adjustable stand from its packaging. Ensure all components are present.
2. **Position the Stand:** Place the stand on a flat, stable surface where you intend to use your Echo Show 8.
3. **Attach Echo Show 8:** Align the back of your Echo Show 8 (3rd Gen) with the magnetic plate on the stand. The device will securely snap into place due to the magnetic attachment.
4. **Connect Power (Echo Show 8):** Plug the power adapter for your Echo Show 8 (sold separately) into the device's power port, then into a wall outlet.
5. **Utilize USB-C Charging Port:** If you wish to use the integrated USB-C charging port on the stand, connect a compatible USB-C cable (not included) to the port located at the rear of the stand. You can then connect your smartphone, earbuds, or other USB-C compatible devices for charging.

## **4.2 Using the USB-C Charging Port**

The integrated 12.5 W USB-C charging port can be used to charge various compatible devices. Simply connect your device's USB-C cable to the port on the back of the stand. Ensure the stand is powered on for the charging function to operate.

## **5. MAINTENANCE**

---

Proper maintenance ensures the longevity and appearance of your adjustable stand.

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the stand. Avoid abrasive cleaners, solvents, or aerosol sprays, as these may damage the finish.
- **Magnetic Connection:** Periodically check the magnetic connection area on both the stand and your Echo Show 8 for any debris that might interfere with a secure attachment.
- **Environmental Conditions:** Keep the stand away from extreme temperatures, direct sunlight, and excessive moisture.

## 6. TROUBLESHOOTING

If you encounter issues with your adjustable stand, refer to the following common solutions.

Problem	Possible Cause	Solution
Echo Show 8 does not attach securely.	Debris on magnetic surface; improper alignment.	Clean magnetic surfaces on both the stand and Echo Show 8. Ensure correct alignment before attaching.
USB-C charging port is not working.	Stand not powered; faulty cable; incompatible device.	Ensure the Echo Show 8 is properly powered and attached to the stand. Try a different USB-C cable. Verify the device you are charging is compatible with USB-C charging.
Stand feels unstable.	Uneven surface; improper placement.	Place the stand on a flat, stable surface. Ensure the Echo Show 8 is correctly seated on the magnetic plate.
