BAKAJI 3x3m Garden Gazebo Instruction Manual

Model: 8054143020243

1. INTRODUCTION

This manual provides essential information for the safe assembly, operation, and maintenance of your BAKAJI 3x3m Garden Gazebo. Please read all instructions carefully before use to ensure proper functionality and longevity of the product.

2. SAFETY INFORMATION

Read the assembly and maintenance instructions carefully. Do not exceed the maximum allowed weight. Exercise caution during assembly and disassembly to avoid personal injury.

- Ensure all components are securely fastened during assembly.
- Do not use the gazebo in strong winds, heavy rain, or severe weather conditions. Disassemble if extreme weather is expected.
- Regularly inspect the structure for any signs of wear, damage, or loose connections.
- Keep children and pets away from the assembly area to prevent accidents.
- Always anchor the gazebo securely to the ground using appropriate stakes or weights (not included) to prevent tipping or uplift.

3. PACKAGE CONTENTS

Verify that all parts are present and undamaged before beginning assembly. If any parts are missing or

damaged, contact customer service.

- Metal Frame Components (legs, crossbars, roof supports)
- Canopy Fabric (Waterproof)
- Side Curtains (4 pieces, Polyester)
- Assembly Hardware (screws, bolts, nuts, washers)
- Instruction Manual (this document)

4. SETUP AND ASSEMBLY

Assembly typically requires two to three people and takes approximately 2 hours. Follow these general steps, referring to your detailed assembly guide for specific diagrams and hardware identification:

1. Step 1: Unpack and Identify Parts

Lay out all components on a clean, flat surface. Identify each part using the provided parts list in your separate assembly guide. Ensure you have sufficient space for assembly.

2. Step 2: Assemble the Base Frame

Connect the leg posts to the base crossbars using the provided hardware. Insert bolts loosely at this stage; do not fully tighten until the entire frame is assembled.

3. Step 3: Construct the Roof Frame

Attach the roof support beams and connectors to the top of the leg posts. Ensure all connections are aligned correctly and secured loosely.

4. Step 4: Install the Canopy

Carefully drape the canopy fabric over the assembled roof frame. Ensure the canopy is oriented correctly and secure it to the frame as per the specific instructions in your assembly guide. Stretch it tautly to prevent water pooling.

5. Step 5: Attach Side Curtains

Hang the four side curtains from the designated tracks or rings on the roof frame. The curtains are designed with a zip closure system for full enclosure.

6. Step 6: Final Tightening and Securing

Once the entire structure is upright and all components are in place, systematically tighten all bolts and screws. Finally, secure the gazebo to the ground using appropriate stakes or weights (not included) to ensure stability against wind.

5. OPERATING INSTRUCTIONS

Your BAKAJI gazebo is designed for versatile outdoor use, offering shade and privacy.

5.1. Using the Side Curtains

The gazebo features four side curtains made of durable polyester, designed to provide shade, privacy, and protection from light weather.

- **Opening/Closing:** Use the integrated zippers to fully close the curtains for complete enclosure, offering enhanced privacy and protection.
- **Securing Open:** When not in use, the curtains can be neatly tied back to the gazebo posts using the attached straps, allowing for an open and airy feel.

6. MAINTENANCE

Proper maintenance will extend the life and preserve the appearance of your gazebo.

- **Cleaning Canopy and Curtains:** Clean the canopy and curtains with mild soap and lukewarm water. Use a soft brush or cloth. Rinse thoroughly and allow to air dry completely before folding or storing. Avoid using harsh chemicals, bleach, or abrasive cleaners.
- **Frame Care:** Periodically inspect the metal frame for any signs of rust, scratches, or damage. Clean the frame with a damp cloth. Touch up any scratches with rust-resistant paint to prevent corrosion.

- **Weather Protection:** In anticipation of strong winds, heavy rain, or snow, it is highly recommended to remove the canopy and curtains to prevent damage to both the fabric and the frame.
- **Storage:** During off-season or prolonged periods of non-use, disassemble the gazebo and store all components in a dry, protected area, away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

7.1. Gazebo Instability

If the gazebo feels unstable or wobbly:

- Ensure all frame connections are fully tightened. Re-check all bolts and screws.
- Verify that the gazebo is properly anchored to the ground using appropriate stakes, sandbags, or weights.
- Avoid using the gazebo in windy conditions, as this can compromise stability.

7.2. Water Accumulation on Canopy

If water pools on the canopy after rain:

- Ensure the canopy is installed correctly and tautly stretched over the frame. Re-adjust if necessary.
- Check for any sagging in the roof structure that might prevent proper water runoff.

7.3. Difficulty with Curtain Zippers

If zippers are stiff or difficult to operate:

- Ensure the fabric is not caught in the zipper mechanism. Gently pull the fabric away from the zipper path.
- Apply a silicone-based lubricant or zipper wax to the zipper teeth to improve smooth operation.

8. SPECIFICATIONS

Feature	Detail
Brand	BAKAJI
Model Number	8054143020243
Dimensions	3 x 3 meters (9 square meters surface area)
Frame Material	Alloy Steel (Metal)
Canopy Material	Polyester
Water Resistance Level	Waterproof
Color	Beige
Item Weight	140 Grams
Assembly Required	Yes
Occupancy	6 people

9. WARRANTY AND SUPPORT

For detailed warranty information, terms, and conditions, please refer to the documentation included with your purchase. If you require technical assistance, have questions about assembly, or need to report a missing/damaged part, please contact BAKAJI customer service directly through their official channels or the retailer where the product was purchased.

BAKAJI is committed to providing quality products and support to ensure your satisfaction.
