4. SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to have two adults for safe and efficient assembly.

1. **Unpack Components:** Carefully unpack all components from the packaging. Place them on a soft, clean surface (like a rug or blanket) to prevent scratches or damage during assembly.
2. **Identify Sections:** Identify the main recliner sections, typically including the seat base, backrest, and potentially separate armrests or legs.
3. **Attach Backrest:** Align the metal brackets on the backrest with the corresponding slots on the seat base. Push down firmly until the backrest clicks securely into place. Ensure both sides are properly engaged.
4. **Secure Additional Components:** If applicable, attach any additional components such as armrests or legs using the provided hardware. Insert bolts through the pre-drilled holes and tighten them securely with the appropriate tools. Do not overtighten.
