Conambo JBT600

Conambo JBT600 Trucker Bluetooth Headset User Manual

Brand: Conambo | Model: JBT600

1. INTRODUCTION AND OVERVIEW

The Conambo JBT600 is a high-performance Bluetooth headset designed for clear communication in noisy environments. It features advanced noise cancellation technology, extended battery life, and comfortable design, making it ideal for truck drivers, office professionals, and mobile users. This manual provides detailed instructions for setting up, operating, and maintaining your headset to ensure optimal performance and longevity.

2. WHAT'S IN THE BOX

Upon unpacking your Conambo JBT600 headset, please verify that all components are present:

- Conambo JBT600 Bluetooth Headset
- USB Type-C Charging Cable
- User Manual

3. PRODUCT FEATURES

Noise Cancellation: The JBT600 utilizes ENC 2+1 microphone and CVC8.0 noise reduction technology to effectively block up to 96% of background noise. This ensures crystal-clear communication, allowing you to hear and be heard clearly even in high-noise environments like truck cabins or busy offices.

96% NOISE CANCELLATION

for clear calls in high-noise workplaces

Image: A man wearing the headset while driving a truck, highlighting the 96% noise cancellation feature for clear calls.

Bluetooth 5.1 Connectivity: Equipped with advanced Bluetooth 5.1 technology, the headset offers faster data transmission speeds and improved connectivity. It supports quick pairing with up to two devices simultaneously, providing wireless freedom with a range of up to 69 feet (21 meters).

Image: A visual representation of the Bluetooth 5.1 chip, emphasizing its advanced technology.

Premium Comfort: Designed for all-day wear, the single-ear headset features large cushioned ear cups and an anti-squeeze design with a built-in airbag structure. The flexible 270° rotating microphone allows for optimal positioning and comfort.

Ultra-durable Design: Constructed with dust-proof and moisture-resistant medical-grade silicone material, an adjustable metal headband, and a multi-layer reinforced plastic shell, the headset is built to withstand long-term use and resist aging, suitable for daily and demanding environments.

Strong Battery Life: The 350mAh battery provides up to 35 hours of continuous talk time and 500 hours of standby time on a single charge. The Type-C jack enables fast charging, requiring only 3 hours for a full charge.

Image: Visual representation of the headset's battery performance, showing 3 hours charge time, 35 hours talk time, and 53 hours music time.

4. SETUP

4.1 Charging the Headset

Before first use, fully charge your headset. Connect the provided USB Type-C cable to the headset's charging port and the other end to a USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status and turn off when fully charged. A full charge takes approximately 3 hours.

4.2 Pairing with a Device

1. Ensure the headset is turned off.
2. Press and hold the Multi-function Button (usually the call button) until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "JBT600" from the list of found devices.
5. Once connected, the LED indicator will flash blue slowly.

4.3 Connecting to Two Devices Simultaneously (Multipoint)

The JBT600 supports multipoint connection, allowing it to be connected to two Bluetooth devices at the same time.

1. Pair the headset with the first device as described in Section 4.2.
2. Disable Bluetooth on the first device. The headset will re-enter pairing mode.
3. Pair the headset with the second device.
4. Re-enable Bluetooth on the first device. The headset should automatically connect to both devices.

STABLE AND SIMULTANEOUSLY CONNECT TO 2 DEVICES

5. OPERATING INSTRUCTIONS

5.1 Basic Controls

The headset features intuitive controls located on the earcup:

- **Power On/Off:** Press and hold the Multi-function Button.
- **Answer/End Call:** Short press the Multi-function Button.
- **Reject Call:** Press and hold the Multi-function Button.
- **Volume Up:** Press the '+' button.
- **Volume Down:** Press the '-' button.
- **Mute/Unmute Microphone:** Short press the Mute button (often integrated with the call button or a dedicated button).
- **Voice Assistant:** Double-press the Multi-function Button (if supported by your device).

Image: A detailed view of the control buttons (+, call, -) on the side of the headset.

5.2 Microphone Adjustment

The microphone boom can be rotated 270° to position it optimally for your mouth, ensuring clear voice pickup. Adjust it to be approximately 1-2 inches from your mouth for the best audio quality.

6. MAINTENANCE

Proper maintenance will extend the life of your Conambo JBT600 headset.

- **Cleaning:** Use a soft, dry cloth to wipe the headset. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the charging port or microphone. The medical-grade silicone material is easy to clean.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To preserve battery health, avoid fully discharging the headset frequently. If storing for an extended period, charge it to about 50% every few months.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the headset's finish and internal components.

7. TROUBLESHOOTING

If you encounter issues with your Conambo JBT600 headset, refer to the following common solutions:

Problem	Possible Cause	Solution
Headset does not power on.	Low battery.	Charge the headset for at least 30 minutes.
Cannot pair with device.	Headset not in pairing mode; Bluetooth off on device; device too far.	Ensure headset is in pairing mode (flashing blue/red). Turn on device Bluetooth. Move headset closer to device (within 21m).
No sound or poor sound quality.	Volume too low; headset not selected as audio output; interference.	Increase headset and device volume. Check device's audio output settings. Move away from other wireless devices.
Microphone not working.	Microphone muted; incorrect microphone selected on device.	Unmute the microphone. Check device's input settings to ensure JBT600 is selected.
Headset disconnects frequently.	Out of range; low battery; interference.	Stay within 21m range. Charge the headset. Reduce wireless interference.

If the problem persists after trying these solutions, please contact Conambo customer support for further assistance.

8. SPECIFICATIONS

Feature	Detail
Model Name	JBT600
Connectivity Technology	Wireless (Bluetooth 5.1)
Wireless Communication Technology	Bluetooth
