

Satisfyer Pro 2 Generation 3

Satisfyer Pro 2 Generation 3 Bluetooth Version Instruction Manual

Comprehensive guide for the safe and effective use of your Satisfyer Pro 2 Generation 3.

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before first use. Retain this manual for future reference.

- **Material Safety:** The device is made of body-friendly silicone. Use only water-based lubricants with this product. Silicone-based lubricants can damage the silicone material over time.
- **Waterproof:** The device is waterproof (IPX7 rated), suitable for use in the shower or bath. Do not submerge deeper than 1 meter for more than 30 minutes.
- **Charging:** Use only the provided magnetic USB charging cable. Ensure the charging contacts are dry before connecting the cable.
- **Storage:** Store the device in a clean, dry place, away from direct sunlight and extreme temperatures.
- **Legal Disclaimer:** The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by EIS GmbH is under license. Apple, the Apple logo and Apple Watch are trademarks of Apple Inc., The Android name and the logo are trademarks and property of Google LLC.

2. PRODUCT OVERVIEW

The Satisfyer Pro 2 Generation 3 combines Liquid Air Technology with Air-Pulse clitoral stimulation and vibration, offering a versatile experience. It features a full-body silicone design and can be controlled via a free mobile application.

3. SETUP

Initial Charging:

1. Before first use, fully charge your Satisfyer Pro 2 Generation 3.
2. Connect the magnetic USB charging cable to the charging contacts on the device. Ensure the contacts are dry.
3. Plug the USB end into a suitable USB power source (e.g., computer, USB wall adapter).
4. The LED indicator on the device will light up during charging and turn off when fully charged.

4. OPERATING INSTRUCTIONS

Image: The Satisfyer Pro 2 Generation 3 device with its control buttons and features clearly labeled.

Basic Operation (Device Controls):

- **Power On/Off:** Press and hold the power button (Ω) for 2 seconds.
- **Increase Intensity:** Press the (+) button to increase the intensity of the air pulse or vibration.
- **Decrease Intensity:** Press the (-) button to decrease the intensity of the air pulse or vibration.
- **Cycle Programs:** Press the wave button (~) to cycle through 12 vibration programs when the device is on.
- **Bluetooth Pairing:** Press and hold the Bluetooth button (SF logo) for 5 seconds until you feel a double pulse to prepare the device for Bluetooth pairing. The LED lights will start flashing.

App Control (Satisfyer Connect App):

Once connected to the Satisfyer Connect App, you can access a wider range of features and customization options:

- **Remote Control:** Control the device's functions directly from your smartphone.
- **Vibration Creator:** Design and save your own unique vibration patterns.
- **Playlist Vibration:** Sync vibrations to your favorite music.
- **Ambient Stimulation:** Use your phone's microphone to create vibrations based on ambient sounds.

- **Remotyca Stories:** Explore interactive stories with integrated stimulation.
- **Chat Function:** Connect with other users (optional).
- **100% Data Security:** The app is designed with user privacy in mind.

Even more pleasure awaits with the free *Satisfyer Connect App*!

5. MAINTENANCE AND CARE

Proper care ensures the longevity and hygiene of your Satisfyer Pro 2 Generation 3.

- **Cleaning:** Clean the device thoroughly after each use with warm water and a mild, toy-friendly soap or a specialized toy cleaner. Rinse well and pat dry with a lint-free cloth.
- **Disinfection:** For deeper cleaning, you may use a toy disinfectant spray.
- **Drying:** Ensure the device is completely dry before storing or recharging.
- **Storage:** Store the device separately from other toys made of different materials to prevent material degradation. Keep it in a dust-free environment.

6. TROUBLESHOOTING

If you encounter issues with your Satisfyer Pro 2 Generation 3, please refer to the following common solutions:

- **Device Not Turning On:**

- Ensure the device is fully charged. Connect it to the charger and wait for the LED indicator.
- Press and hold the power button (Ω) for at least 2 seconds.

- **Not Charging:**

- Verify the magnetic charging cable is correctly attached to the device's contacts and the USB end is securely plugged into a power source.
- Ensure the charging contacts on both the device and cable are clean and dry.

- Try a different USB power source.

- **Bluetooth Connection Issues:**

- Ensure Bluetooth is enabled on your smartphone and the device is turned on.
- Press and hold the Bluetooth button (SF logo) on the device for 5 seconds to enter pairing mode (LEDs will flash).
- Restart the Satisfyer Connect app and try pairing again.
- Ensure your device's operating system is up to date.

- **Weak or No Stimulation:**

- Increase the intensity using the (+) button.
- Ensure the device is positioned correctly.
- Check if the battery is low; recharge if necessary.

If problems persist, please contact Satisfyer customer support or refer to the official Satisfyer website for further assistance.
