SUNFREE Top Down Bottom Up Cellular Blinds (Light Filtering)

Model: 9b1f9904-6f5a-4e03-88e8-d109866a6b84

INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your SUNFREE Top Down Bottom Up Cellular Blinds. Please read this manual thoroughly before installation and use to ensure proper function and longevity of your product.

SAFETY INFORMATION

These cellular shades feature a cordless design, making them safe for homes with children and pets. Ensure the shades are operated smoothly and without excessive force.

PACKAGE CONTENTS

Verify that all components are present before beginning installation.

- Top Down Bottom Up Cellular Blinds
- Brackets & Screws
- Installation Instruction Sheet
- Rail Handle

What are included in the package

1 Top Down Bottom Up Cellular Blinds

2 Brackets & Screws

**3** Installation Instruction

4 Rail Handle

Diagram illustrating the components included in the package: cellular blinds, mounting brackets and screws, installation instructions, and rail handles.

SETUP AND INSTALLATION

Before You Begin

Ensure you have the necessary tools: measuring tape, pencil, drill, screwdriver.

Mounting Options

Your cellular blinds can be installed using either an inside mount or an outside mount.

Inside Mount

For an inside mount, the blinds fit within the window frame.

- **Order Width:** Window width - 0.5 inch.

- **Shade Height:** Suitable for window height (H) less than 72 inches.
- **Window Depth:** Minimum 1.9 inches (D).

Outside Mount

For an outside mount, the blinds cover the window frame.

- **Order Width:** Window width + 4 inches.
- **Shade Height:** Should be greater than window height.
- **Tip:** For full blackout effect, choose outside mount.

Diagram comparing inside mount and outside mount measurements for cellular shades, including recommended width and height adjustments.

General Installation Steps

1. Mark bracket positions on the window frame or wall.
2. Drill pilot holes at the marked positions.

3. Secure the mounting brackets with the provided screws.

4. Attach the headrail of the blind to the installed brackets, ensuring it clicks securely into place.

5. Install the rail handles onto the bottom rail of the shade.

6. Test the operation by gently pulling the top and bottom rails to ensure smooth movement.

OPERATING YOUR CELLULAR BLINDS

Cordless Top Down Bottom Up Operation

These blinds offer flexible light and privacy control through their cordless top-down bottom-up mechanism.

- **To adjust the top portion:** Gently pull down or push up the top rail handle to raise or lower the top section of the shade.
- **To adjust the bottom portion:** Gently pull down or push up the bottom rail handle to raise or lower the bottom section of the shade.
- The shade will stop at any desired position.

Light Control and Privacy

The honeycomb design provides both light filtering and noise reduction.

- **Light Filtering:** Allows natural light to gently diffuse into the room while maintaining privacy.
- **Noise Reduction:** The cellular structure helps to dampen outside noise.
- **UV Protection:** Helps block harmful UV rays.

FULLY CLOSED

The honeycmb design and surface coating allow for complete blackout.

◎ 100% Blackout

TOP DOWN AND BOTTOM UP

Adjust to most comfortable position for you by pulling at random.

◑ 30% Blackout

Graphic illustrating the benefits of cellular shades, including privacy protection, UV blocking, and noise reduction, with a visual representation of light and sound waves.

Care and Maintenance

To maintain the appearance and functionality of your cellular blinds, follow these guidelines:

- **Cleaning:** Spot clean only. Use a soft, damp cloth with mild soap and water for any stains. Do not immerse the blinds in water.
- **Dusting:** Regularly dust the shades with a feather duster or a vacuum cleaner with a brush attachment on a low setting.
- **Operation:** Operate the shades gently to prevent damage to the cordless mechanism.

Troubleshooting

Shade Does Not Move Smoothly

Ensure there are no obstructions in the window frame or along the shade's path. Gently try to operate the shade again. If the issue persists, contact customer support.

Shade Does Not Stay in Position

The cordless mechanism may need adjustment. Try fully extending and then fully retracting the shade a few times. If the problem continues, contact customer support.

PRODUCT SPECIFICATIONS

Feature	Detail
Material	Polyester
Product Dimensions	36"L x 22"W
Brand	SUNFREE
Color	White (light Filtering)
Opacity	Semi-Sheer
Recommended Uses For Product	Indoor
Room Type	Bedroom, Living Room
Operation Mode	Manual
Special Feature	Cordless, Window Treatments
Included Components	Shade included
Shape	Hexagonal
Number of Items	1
Pattern	Solid
Item Weight	2.74 pounds (1.25 Kilograms)
Product Care Instructions	Spot Clean Only
Size	22"W x 36"H
Mounting Type	Inside Mount, Outside Mount
Number Of Panels	1
Water Resistance Level	Not Water Resistant
Control Type	Cordless
