Swann SWIFI-COREPROPK3-GL

Swann CoreCam Pro Wireless Security Camera (3-Pack)

USER MANUAL

Introduction

This manual provides essential instructions for the setup, operation, and maintenance of your Swann CoreCam Pro Wireless Security Camera 3-Pack. These cameras offer 2K HD video, a spotlight, two-way talk, heat motion detection, and color night vision, designed for both indoor and outdoor surveillance.

What's in the Box

Verify that all components are present before proceeding with installation.

- 3 x Swann CoreCam Pro Wireless Security Cameras
- 3 x Mounting Stands
- Mounting Screws and Wall Plugs
- 3 x USB Charging Cables
- 3 x 32GB Micro SD Cards (pre-installed or included separately)
- Security Stickers

Setup

1. Camera Installation

The Swann CoreCam Pro cameras are 100% wire-free, allowing flexible placement. They are designed for both indoor and outdoor use with an IP65 weatherproof rating. Choose a location that provides the desired viewing angle and is within Wi-Fi range.

1. Attach the mounting stand to the desired surface using the provided screws and wall plugs.
2. Securely screw the camera onto the mounting stand.
3. Adjust the camera angle for optimal surveillance coverage.

2. App Pairing and Configuration

To control and view your cameras, download the Swann Security app on your smartphone or tablet.

1. Download the **Swann Security** app from your device's app store.
2. Create an account or log in if you already have one.
3. Follow the in-app instructions to add your CoreCam Pro cameras to your account. This typically involves scanning a QR code on the camera.

Operating Your Camera

1. Powering On and Battery Life

The CoreCam Pro features a rechargeable battery designed for long-lasting operation, typically up to 3 months on a single charge, depending on usage and settings. Ensure the camera is fully charged before initial use.

Image: An exploded diagram of the Swann CoreCam Pro camera, illustrating its internal structure and rechargeable battery for extended life.

2. Live Viewing and Recording

Access live 2K HD video streams from your cameras via the Swann Security app. Recordings are stored on the included 32GB Micro SD card and can also be backed up to the cloud (subscription may be required).

Your browser does not support the video tag.

Video: This video demonstrates the Swann CoreCam Pro Wireless Spotlight 2K Camera's features, including live viewing and spotlight functionality.

3. Two-Way Talk and Siren

Utilize the built-in microphone and speaker for two-way communication. You can speak to visitors or deter unwanted guests using the siren feature, all controlled through the Swann Security app.

Image: A person using the two-way audio feature of the Swann CoreCam Pro to communicate with a delivery driver at their front door.

4. Motion and Heat Detection (True Detect™)

The camera employs Swann's True Detect™ technology, combining heat and motion sensing to accurately detect people, large animals, and vehicles, reducing false alerts from inanimate objects like swaying branches. You will receive reliable push notifications to your smartphone.

Your browser does not support the video tag.

Video: This video explains Swann's True Detect Heat Sensing Technology and its integration with the Swann Security app for accurate alerts.

5. Spotlight and Color Night Vision

The integrated spotlight illuminates the area upon detection, enabling color night vision for clearer identification of objects and individuals in low-light conditions. The camera also features standard infrared night vision.

Image: An example of color night vision, showcasing a person in a garden at night with enhanced color detail.

6. Weatherproof Design

With an IP65 rating, your CoreCam Pro camera is built to withstand various weather conditions, making it suitable for reliable outdoor surveillance year-round.

Image: The Swann CoreCam Pro camera depicted in both rainy and sunny environments, demonstrating its weatherproof capabilities.

Maintenance

1. Battery Charging

When the battery level is low, you will receive a notification via the Swann Security app. Use the provided USB charging cable to recharge the camera. A full charge typically takes several hours.

2. Cleaning

Periodically clean the camera lens and housing with a soft, damp cloth to ensure optimal image clarity and prevent debris from obstructing sensors. Do not use harsh chemicals or abrasive materials.

Troubleshooting

- **No Live View/Offline Camera:** Check Wi-Fi connectivity and ensure the camera battery is charged. Restart the camera by pressing the reset button (if applicable) or power cycling.

- **False Motion Alerts:** Adjust the motion sensitivity settings within the Swann Security app. Ensure the camera is positioned to minimize detection of non-human/non-vehicle movement.
- **Poor Image Quality:** Clean the camera lens. Ensure there are no obstructions in the camera's field of view. Check Wi-Fi signal strength for optimal streaming.
- **Battery Drains Quickly:** Reduce the frequency of recordings, live view access, or adjust motion detection zones to conserve battery life. Ensure the camera is not in an area with constant activity.

Specifications

Feature	Detail
Brand	Swann
Model Name	CoreCam Pro
Model Number	SWIFI-COREPROPK3-GL
Connectivity Technology	Wireless (Wi-Fi)
Special Features	Motion Sensor, Night Vision, Spotlight, 2-Way Talk, Siren
Indoor/Outdoor Usage	Outdoor
Compatible Devices	Smartphone, Tablet
Controller Type	Google Assistant, Amazon Alexa
Mount Type	Wall Mount
Form Factor	Bullet
Alert Type	Motion Only
Effective Still Resolution	4 MP
Waterproof Rating	IP65
Power Source	Battery Powered
Voltage	5 Volts
Wattage	3 watts
Battery Power	6000 Milliampere Hour (mAh)
Item Dimensions	7.87 x 14.76 x 11.61 inches
Item Weight	2.06 Kilograms
Video Capture Resolution	1080p (Note: Product title states 2K HD, this may refer to recording resolution vs. capture resolution)
Night Vision Range	26 Feet
Night Vision Type	Color Night
UPC	840236137527
