## **MONODEAL MD08-UK**

# **MONODEAL MD08-UK Bone Conduction Headphones User Manual**

Brand: MONODEAL

Model: MD08-UK

## **1. INTRODUCTION**

The MONODEAL MD08-UK Bone Conduction Headphones offer an innovative open-ear listening experience, designed for comfort and situational awareness. Featuring Bluetooth 5.1 connectivity and a noise-canceling microphone, these headphones are ideal for calls, music, and staying connected to your surroundings in various environments, from driving to home office use.

Key features include advanced environmental noise reduction technology for clear calls, a convenient mute function, and multi-point capability for connecting to two devices simultaneously.

## 4. SETUP

### 4.1. Charging the Headphones

Before first use, fully charge your headphones. Connect the provided USB-C charging cable to the charging port on the headset and the other end to a USB power source (e.g., computer USB port, wall adapter).

- **Charging Time:** Approximately 2 hours for a full charge.
- **Battery Life:** Up to 8 hours of talk/music time, and 36 hours of standby time.

# Connect two devices at the same time

Windows

Android

iOS

## 4.2. Bluetooth Pairing

- Power On:** Long press the multi-function button on the headset until the LED indicator flashes, indicating pairing mode.
- Activate Bluetooth:** On your device (smartphone, tablet, laptop), enable Bluetooth.
- Select Device:** Search for "MD08" in the list of available Bluetooth devices and select it to connect.
- Confirmation:** The LED indicator will turn solid blue when successfully paired.

The MD08-UK supports Bluetooth 5.1 for stable and fast connections, and is multi-point capable, allowing you to connect to two devices simultaneously (e.g., a phone and a laptop). To connect to a second device, switch off Bluetooth on the first device, pair with the second, then re-enable Bluetooth on the first device to reconnect.

## Long Battery Life

**8** hours  
talk/music

**36** hours  
standby

**2** hours  
charging

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your MONODEAL MD08-UK headphones, follow these maintenance guidelines:

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headphones in a cool, dry place away from extreme temperatures and direct sunlight.
- **Water Resistance:** The headphones are water resistant. Avoid submerging them in water or exposing them to heavy rain for extended periods.

## 7. TROUBLESHOOTING

### Common Issues and Solutions:

- **No Power:**  
Ensure the headphones are fully charged. Connect to a power source and check the LED indicator.
- **Cannot Pair:**  
Make sure the headphones are in pairing mode (LED flashing). Turn off and on your device's Bluetooth.  
Ensure the headphones are not connected to another device.
- **No Sound/Low Volume:**  
Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly positioned on your cheekbones.
- **Microphone Not Working:**  
Check if the microphone is muted using the physical mute switch on the boom arm. Ensure the microphone is positioned correctly towards your mouth.
