4. Setup

The Generico Professional Golf Ball requires minimal setup before use.

1. Unpack the golf ball and the complimentary golf tee from their packaging.
2. Inspect the golf ball and tee for any visible damage or defects. If any are found, please contact customer support.

5. Operating Instructions

Using the Generico Professional Golf Ball is straightforward. Follow these general guidelines for play:

1. **Tee Shot:** For your first shot on a hole (the tee shot), insert the golf tee into the ground at the designated teeing area. Place the golf ball on top of the tee.
2. **Fairway/Rough Play:** Once the ball is in play (off the tee), it is typically played from where it lies. The ball is designed for consistent flight and feel.
3. **Putting:** On the green, the ball is putted directly on the surface towards the hole.

Note: Always adhere to official golf rules and etiquette when playing.

6. Maintenance

Proper care will extend the life and maintain the performance of your golf ball.

- **Cleaning:** After each round, clean the golf ball with a damp cloth to remove dirt, grass, or scuff marks. A mild soap can be used for stubborn stains.
- **Drying:** Ensure the golf ball is completely dry before storing to prevent mildew or residue buildup.
- **Storage:** Store golf balls in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the ball for deep cuts, cracks, or significant scuffs that might affect its flight characteristics. Replace heavily damaged balls.

7. Troubleshooting

The Generico Professional Golf Ball is a simple, durable product. Most issues are related to external factors rather than product defects.

Problem	Possible Cause	Solution
Ball appears dirty or discolored.	Accumulation of dirt, grass, or environmental stains.	Clean the ball thoroughly with a damp cloth and mild soap as described in the Maintenance section.
Ball shows minor scuffs or abrasions.	Normal wear and tear from impact with clubs, ground, or obstacles.	Minor scuffs are normal and generally do not affect performance. For significant damage (deep cuts, cracks), consider replacing the ball.

Problem	Possible Cause	Solution
Ball flight is inconsistent.	Could be due to ball damage, or more commonly, swing mechanics or environmental factors (wind).	Inspect the ball for damage. If the ball is in good condition, review your swing technique or consider environmental conditions.
