TONEMAC TONEMAC H2

TONEMAC H2 Wireless Headphones User Manual

Model: TONEMAC H2

INTRODUCTION

The TONEMAC H2 Wireless Headphones are designed to provide a high-fidelity audio experience with the convenience of wireless connectivity. Featuring advanced Bluetooth 5.3 technology, these over-ear headphones offer stable connections, clear sound, and extended battery life. They are built for comfort during long listening sessions and are suitable for various uses, including travel, work, and everyday listening.

WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- TONEMAC H2 Wireless Headphones
- USB Charging Cable
- 3.5mm AUX Audio Cable
- User Manual (this document)

PRODUCT OVERVIEW

Familiarize yourself with the key components and design features of your TONEMAC H2 headphones.

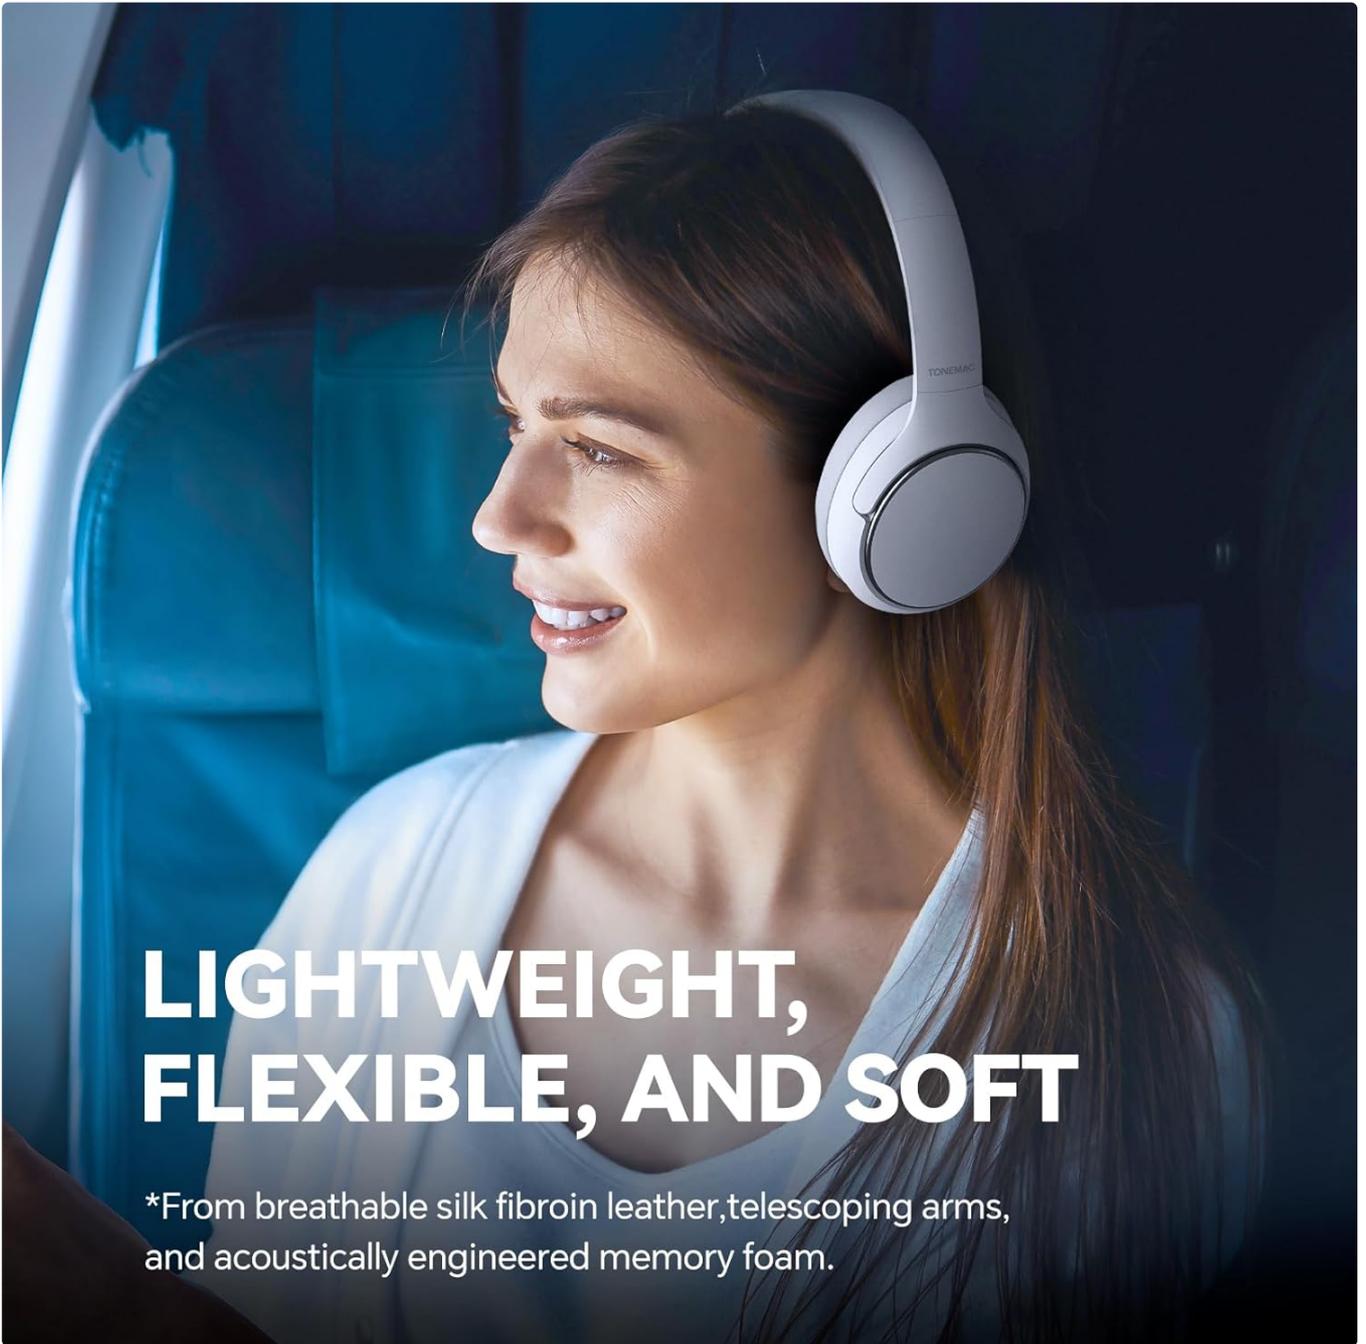

Overall Design: The TONEMAC H2 headphones feature a sleek, over-ear design in white, providing a comfortable and secure fit.

HEAR EVERY DETAIL CLEARLY

*The dynamic driver minimizes total harmonic distortion, delivers the rich details of every sound.

40mm Dynamic Drivers: Equipped with customized 40mm diaphragm drivers, these headphones deliver enhanced bass and clear, detailed Hi-Fi stereo sound.

LIGHTWEIGHT, FLEXIBLE, AND SOFT

*From breathable silk fibroin leather, telescoping arms,
and acoustically engineered memory foam.

Lightweight and Comfortable: Constructed with breathable silk fibroin leather, telescoping arms, and acoustically engineered memory foam for extended comfort.

ALL DAY RELAXING AND SECURE FIT

*Ultra-lightweight and ergonomic design with 3 pairs of silicone ear tips.

Foldable Design: The headphones feature a practical foldable structure, making them easy to store and highly portable for travel.

POWERFUL BLUETOOTH 5.3

*Using computational audio to create a breakthrough listening experience.

Powerful Bluetooth 5.3: Equipped with a built-in Bluetooth 5.3 chip for stable, low-latency, and energy-efficient wireless connectivity.

SETUP

1. Charging the Headphones

Before first use, fully charge your TONEMAC H2 headphones. A full charge provides up to 50 hours of playtime. For quick use, a 5-minute charge can provide approximately 3 hours of listening time.

1. Connect the USB charging cable to the charging port on the headphones.
2. Plug the other end of the USB cable into a compatible USB power source (e.g., computer USB port, wall adapter).
3. The indicator light will show charging status (refer to the specific light behavior in your quick start guide).
4. Once fully charged, the indicator light will change (e.g., turn off or change color).

50 HOURS IMMERSIVE LISTENING

*A quick 5 minute charge
delivers up to 3 hours of listening.

Extended Playtime: The headphones offer up to 50 hours of immersive listening on a single charge.

2. Bluetooth Pairing

Pair your headphones with your Bluetooth-enabled device (smartphone, tablet, PC) to enjoy wireless audio.

1. Ensure the headphones are charged and powered off.
2. Press and hold the power button on the headphones until the indicator light flashes (e.g., blue and red alternately), indicating pairing mode.
3. On your device, go to Bluetooth settings and turn Bluetooth on.
4. Search for "TONEMAC H2" in the list of available devices and select it to connect.
5. Once connected, the indicator light on the headphones will typically turn solid blue or stop flashing.
6. The headphones offer a wireless range of up to 10 meters (33 feet).

OPERATING INSTRUCTIONS

Audio Playback

Control your music directly from the headphones using the integrated media controls.

- **Play/Pause:** Press the Multi-function Button once.
- **Next Track:** Press and hold the Volume Up button.
- **Previous Track:** Press and hold the Volume Down button.
- **Volume Up:** Press the Volume Up button briefly.
- **Volume Down:** Press the Volume Down button briefly.

Making and Receiving Calls

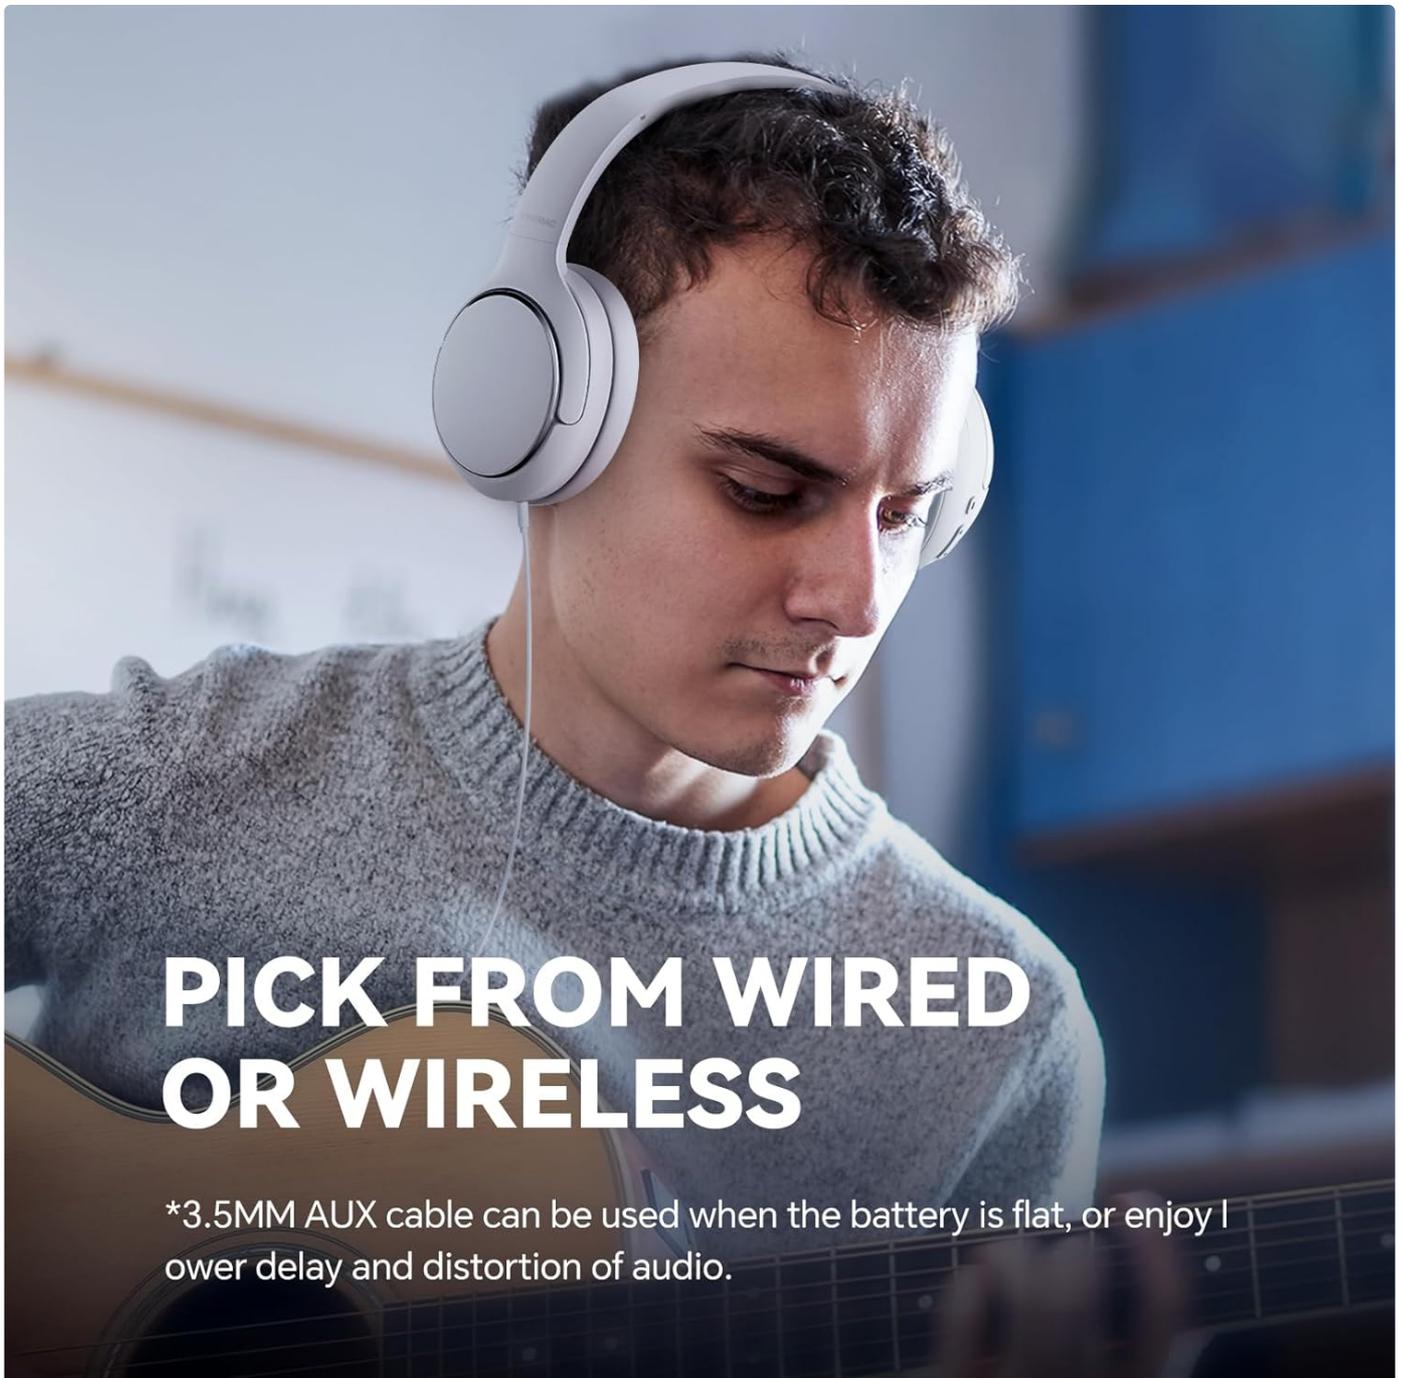

The built-in MEMS microphone ensures clear communication during calls, with noise reduction features to minimize environmental interference.

- **Answer/End Call:** Press the Multi-function Button once.
- **Reject Call:** Press and hold the Multi-function Button for 2 seconds.
- **Activate Voice Assistant:** Double-press the Multi-function Button.

Wired Mode (3.5mm AUX)

You can use the headphones in wired mode when the battery is low or for a lower delay and distortion audio experience.

- Connect one end of the 3.5mm AUX audio cable to the headphone's audio jack.
- Connect the other end to your audio source's 3.5mm audio output.
- In wired mode, the headphone's battery is not consumed, and some electronic functions (like Bluetooth) may be disabled.

PICK FROM WIRED OR WIRELESS

*3.5MM AUX cable can be used when the battery is flat, or enjoy low power delay and distortion of audio.

Wired or Wireless: The headphones support both Bluetooth wireless and 3.5mm AUX wired connections for versatile use.

MAINTENANCE

Proper care and maintenance will extend the lifespan of your TONEMAC H2 headphones.

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.
- **Water Resistance:** These headphones are not water-resistant. Avoid exposure to liquids and high humidity.
- **Battery Care:** To preserve battery life, charge the headphones regularly, even if not used frequently. Avoid fully discharging the battery for extended periods.

TROUBLESHOOTING

If you encounter any issues with your TONEMAC H2 headphones, refer to the following common solutions:

Problem	Possible Solution
Headphones won't turn on	Ensure the headphones are fully charged. Press and hold the power button for a few seconds.
Cannot pair with device	Make sure Bluetooth is enabled on your device and the headphones are in pairing mode. Move closer to the device (within 10 meters). Forget the device on your phone's Bluetooth list and try pairing again.
No sound or low volume	Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly connected. If using wired mode, check the AUX cable connection.
Poor call quality	Ensure the microphone is not obstructed. Move to an area with less background noise. Check your device's call settings.
Intermittent connection	Reduce the distance between the headphones and your device. Avoid obstacles that may interfere with the Bluetooth signal. Ensure no other devices are causing interference.

SPECIFICATIONS

Feature	Detail
Model Name	H2
Connectivity Technology	Wireless (Bluetooth)
Wireless Communication Technology	Bluetooth 5.3
Bluetooth Range	10 Meters
Audio Driver Type	Dynamic Driver
Audio Driver Size	40 Millimeters
