LIVINGbasics 3-in-1 Baby Playard B0BW3V7B6X

LIVINGbasics 3-in-1 Baby Playard User Manual

Model: B0BW3V7B6X

INTRODUCTION

Thank you for choosing the LIVINGbasics 3-in-1 Baby Playard. This versatile product is designed to provide a safe and comfortable environment for your baby, functioning as a playard, a bedside crib, and featuring a removable diaper changing table. This manual provides essential information for assembly, operation, maintenance, and safety to ensure proper use of your playard.

SAFETY INFORMATION

Your child's safety is paramount. Please read and adhere to all safety warnings and instructions.

- For the safety of your baby, additional mattresses are not allowed on the upper floor (bassinet level).
- If an additional mattress is necessary for the lower playard floor, the recommended size is 47 x 23.4 inches (119.38 x 59.44 cm).
- The height from the bottom of the bed to the armrests must not be less than 23.6 inches (60 cm).
- Always supervise your baby when they are in the playard, especially when using the side door.
- Remove the upper layer (bassinet) once your baby can crawl or stand to prevent falls.
- Ensure all locking mechanisms are engaged before placing your child in the playard.
- Do not use the playard if any parts are broken, torn, or missing.

PRODUCT COMPONENTS AND DIMENSIONS

Familiarize yourself with the components and dimensions of your playard.

PRODUCT DESCRIPTION

Image: Labeled diagram showing key components of the playard: removable full bassinet, storage rack, mattress, wheels with brakes, middle foot, foot, game entrance, and compact fold.

PRODUCT SIZE

Weight Capacity of
Changing Table: 17.6 LBS

Weight Capacity of
Baby Bassinet: 19.8 LBS

Weight Capacity of
Baby Playard: 33 LBS

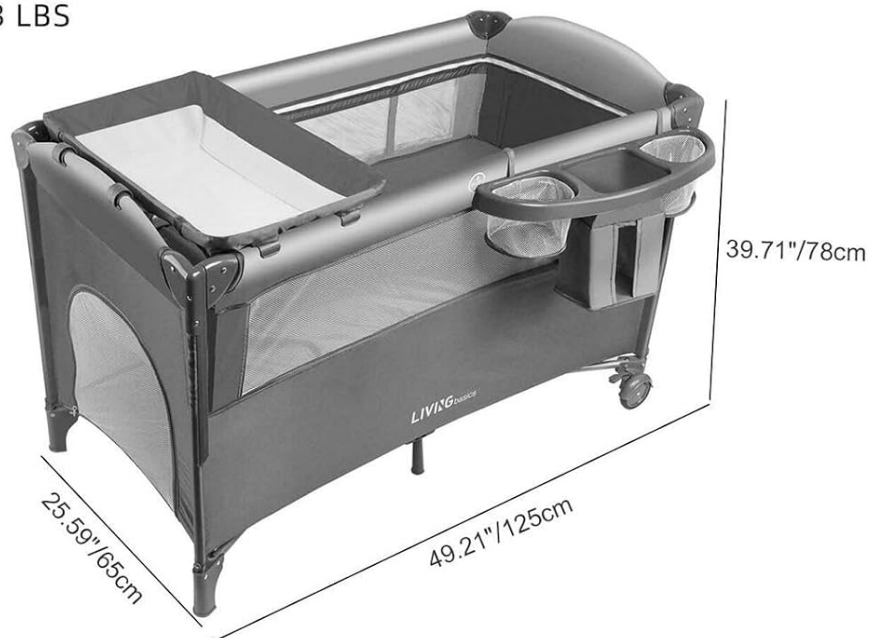

Image: Infographic detailing product dimensions and weight capacities. Expanded size: 49.21 x 30.71 x 25.59 inches (125 x 78 x 65 cm).
Folded size: 30.71 x 9.45 x 9.06 inches (78 x 24 x 23 cm). Weight capacity of changing table: 17.6 lbs (8 kg). Weight capacity of baby bassinet: 19.8 lbs (9 kg). Weight capacity of baby playard: 33 lbs (15 kg).

SETUP AND ASSEMBLY

The LIVINGbasics Playard is designed for quick and tool-free assembly.

Unfolding the Playard:

1. **Step 1:** Stand the folded playard upright. Ensure the center hub is not pushed down yet.
2. **Step 2:** Pull up on the middle of each of the four side rails until they are fully locked into place. You should hear a click. If a rail does not lock, pull it up firmly again.
3. **Step 3:** Once all four side rails are locked, push down the center hub of the playard firmly until the base lies flat.
4. **Step 4:** Place the mattress pad inside the playard, ensuring it lies flat and covers the entire bottom surface.

EASY TO USE

Image: A visual guide demonstrating the four steps to easily unfold and set up the playard. This includes pulling up the side rails and pushing down the center base.

Attaching the Bassinet (Upper Layer):

For infants who cannot push up on hands and knees, or weigh more than 19.8 lbs (9 kg).

1. Align the bassinet fabric with the top rails of the playard.
2. Securely attach the bassinet clips or fasteners to the top rails of the playard, ensuring all points are firmly connected.
3. Place the mattress pad inside the bassinet, ensuring it lies flat.

Attaching the Diaper Changing Table:

The changing table can be attached to the top rail for convenient diaper changes.

1. Locate the attachment points on the playard's top rail.
2. Align the changing table's connectors with these points and press down firmly until it clicks into place.
3. The changing table can be flipped away when not in use to save space.

REMOVABLE CHANGING TABLE

The diaper table helps parent easily change diapers without arduously bending their backs.

Image: A parent is shown using the removable changing table attached to the playard. An inset diagram illustrates how the changing table can be flipped away when not in use, highlighting its space-saving design.

OPERATING THE PLAYARD

2-in-1 Functionality: Bassinet and Playard

The playard offers two primary modes of use:

- **Baby Bassinet (Upper Layer):** Ideal for newborns and infants, providing a raised sleeping surface for easy access and supervision. Use this layer until your baby can push up on hands and knees or reaches 19.8 lbs (9 kg).
- **Baby Playard (Lower Layer):** Provides a secure and spacious area for older infants and toddlers to play. Ensure the bassinet layer is removed when your child can crawl or stand.

2-IN-1 PLAY YARD

The multi-purpose and fashionable two in one game field is a sleeping space and playing place for young children.

Image: A visual representation of the playard's dual functionality, showing it configured as a higher-level baby bassinet for infants and a lower-level baby playard for active toddlers.

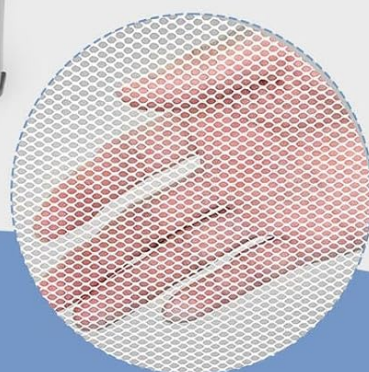

Side Door Design

The playard features a convenient side door with a smooth zipper, allowing older children to crawl in and out independently. Always ensure the zipper is closed when the child is unsupervised. This feature promotes independence and curiosity while maintaining safety.

SIDE ZIPPER DOOR

Let your little one climb in and out with ease, promoting independence and curiosity

All Around Breathable
Mesh Design

Image: A baby is shown crawling through the side zipper door of the playard, which is open. An inset highlights the breathable mesh design of the playard walls.

Height Adjustment for Bedside Use

The playard can be adjusted to match the height of an adult bed, allowing it to function as a bedside crib. Only the side rail can be adjusted for height. Use the included straps to secure the playard to the adult bed for stability.

HEIGHT ADJUSTABLE

Only the side rail can be adjusted

Image: The playard is shown alongside an adult bed, illustrating its use as a bedside crib. Diagrams on the right demonstrate how the side rail can be adjusted to align with the height of the adult bed.

Mobility and Portability

Equipped with wheels, the playard can be easily moved between rooms. The wheels feature brakes to ensure stability when stationary. For travel or storage, the playard folds compactly.

EASY TO MOVE

Wheels offers unparalleled mobility, allowing you to easily move it from room to room.

Smooth

Mute

Image: A person is shown effortlessly moving the playard across a room, highlighting its smooth and mute wheels. An inset provides a close-up of the wheel mechanism, indicating the brake function.

FOLDING AND STORAGE

To fold the playard for storage or travel:

1. **Step 1:** Remove the mattress pad, bassinet (if attached), and changing table.
2. **Step 2:** Pull up the center hub of the playard base.
3. **Step 3:** Locate the release buttons or levers on the underside of each side rail. Press these and gently push the rails downwards to unlock them.
4. **Step 4:** Gather the four corners of the playard towards the center, allowing it to collapse into a compact form.
5. **Step 5:** Wrap the mattress pad around the folded playard and secure it with the attached straps (if available). Place the folded playard into its carrying bag.

EASY TO USE

Image: A visual guide demonstrating the four steps to easily fold the playard for storage or transport. This includes releasing the side rails and pulling up the center base.

MAINTENANCE AND CARE

Regular maintenance will extend the life of your playard.

- **Cleaning Fabric:** Use a damp cloth and mild soap to wipe down fabric surfaces. Do not use bleach or harsh abrasives. Allow to air dry completely before folding or storing.
- **Cleaning Frame:** Wipe the metal and plastic parts of the frame with a damp cloth.
- **Mattress Pad:** The mattress pad can be wiped clean with a damp cloth and mild soap. Do not machine wash or tumble dry.
- **Inspection:** Periodically check all parts for wear, tear, or damage. Ensure all fasteners, straps, and locking mechanisms are secure and functioning correctly.
- **Storage:** Store the playard in a clean, dry place, away from extreme temperatures and direct sunlight.

TROUBLESHOOTING

If you encounter issues with your playard, refer to these common solutions:

- **Side Rails Not Locking:** Ensure the center hub of the playard base is NOT pushed down before attempting to lock the side rails. Pull each rail up firmly until it clicks into place. If a rail still doesn't lock, try wiggling it slightly while pulling up.
- **Playard Base Not Lying Flat:** Make sure all four side rails are fully locked before pushing down the center hub. If any rail is not locked, the base will not flatten properly.
- **Difficulty Folding:** Ensure the center hub is pulled up first. Then, firmly press the release buttons on each side rail one by one while gently pushing the rail downwards. Do not force the folding mechanism.
- **Wobbly Playard:** Check that all side rails are securely locked and the center hub is fully pushed down. Ensure the wheels are locked if the playard is meant to be stationary.

If problems persist, please contact customer support.

SPECIFICATIONS

Feature	Detail
Product Dimensions (Expanded)	125 x 65 x 78 cm (49.21 x 25.59 x 30.71 inches)
