4. SETUP AND CHARGING

4.1. Initial Setup

1. **Charge the Smartwatch:** Before first use, fully charge your smartwatch using the provided magnetic charger. Connect the charger to a USB power source.
2. **Power On:** Press and hold the side button to power on the device.
3. **Download NoiseFit App:** Scan the QR code displayed on the watch screen or search for 'NoiseFit' in your smartphone's app store (available for Android & iOS).
4. **Pair with Smartphone:** Open the NoiseFit app, create an account or log in, and follow the on-screen instructions to pair your smartwatch via Bluetooth. Ensure Bluetooth is enabled on your phone.

4.2. Charging Instructions

The smartwatch uses a magnetic charger. Align the magnetic pins of the charger with the charging points on the back of the watch. The watch will indicate when it is charging. A full charge provides up to 7 days of battery life, depending on usage.

5. OPERATING INSTRUCTIONS

5.1. Display Navigation

The 1.96-inch TFT display is touch-sensitive. Swipe left, right, up, or down to navigate through menus, notifications, and widgets. Press the side button to return to the home screen or access the app list.

5.2. Bluetooth Calling (Tru Sync™)

The ColorFit Pulse 3 supports advanced Bluetooth calling with Tru Sync™ technology for a stable connection and improved calling range. Once paired with your smartphone, you can answer, reject, or make calls directly from your watch.

5.3. Health Tracking

The smartwatch includes various health monitoring features:

- **Heart Rate Monitor:** Tracks your heart rate throughout the day.
- **SpO2 Monitor:** Measures blood oxygen levels.

- **Activity Tracker:** Records steps, distance, and calories burned.
- **Sleep Tracking:** Monitors sleep patterns and quality.
- **Stress Monitoring:** Helps track stress levels.
- **Breathing Exercise:** Guided breathing sessions for relaxation.
- **Female Cycle Tracker:** For menstrual cycle tracking.

Note: The watch is not a replacement for a medical device. Readings can have error margins.

5.4. Sports Modes and Auto Sport Detection

The ColorFit Pulse 3 supports over 100 sports modes for various activities. It also features auto sport detection, which can automatically recognize certain activities like walking or running.

5.5. Watch Faces and Customization

Personalize your smartwatch with over 170 cloud-based and customizable watch faces available through the NoiseFit app. You can also set your own photos as watch faces.

5.6. Smart DND and Notifications

The smart DND (Do Not Disturb) function detects your sleep and automatically disables notifications and alerts for uninterrupted rest. Receive email notifications, alarms, and calendar reminders directly on your wrist.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Noise ColorFit Pulse 3 Smartwatch, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the watch and strap with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and mild soap, then dry thoroughly.

- **Water Resistance:** The watch has an IPX7 water resistance rating, meaning it can withstand immersion in water up to 1 meter for 30 minutes. Avoid hot water, steam, or prolonged submersion. Dry the watch completely if it gets wet.
- **Avoid Extreme Temperatures:** Do not expose the watch to extreme hot or cold temperatures, as this can affect battery life and internal components.
- **Charging:** Use only the provided magnetic charger. Ensure the charging contacts are clean and dry before charging.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place.

7. TROUBLESHOOTING

If you encounter issues with your smartwatch, refer to the following common solutions:

Problem	Possible Solution
Watch not powering on	Ensure the watch is fully charged. Connect to the charger for at least 30 minutes.
Cannot pair with phone	Ensure Bluetooth is enabled on your phone. Restart both the watch and phone. Make sure the NoiseFit app is updated.
Inaccurate health data	Ensure the watch is worn snugly on your wrist. Clean the sensor on the back of the watch. Note that readings can have error margins.
Notifications not received	Check app permissions for NoiseFit on your phone. Ensure DND mode is not active on the watch or phone. Verify Bluetooth connection.
Short battery life	Reduce screen brightness, disable continuous heart rate monitoring, or limit frequent notifications.

If the problem persists, please contact customer support.
