JUMMICO 0077

JUMMICO Electric Standing Desk Model 0077 User Manual

Model: 0077 | Brand: JUMMICO

1. INTRODUCTION

Thank you for choosing the JUMMICO Electric Standing Desk Model 0077. This desk is designed to provide an ergonomic workspace, allowing you to seamlessly switch between sitting and standing positions. Its height-adjustable feature helps alleviate discomfort from prolonged sitting, promoting better posture and concentration. This manual provides detailed instructions for assembly, operation, and maintenance to ensure safe and efficient use of your new standing desk.

2. SAFETY INSTRUCTIONS

- **Read all instructions carefully before assembly and use.** Keep this manual for future reference.
- **Keep children and pets away from the desk** during operation to prevent injury.
- **Ensure the desk is placed on a level surface.** Uneven surfaces can affect stability and operation.
- **Do not overload the desk.** The maximum weight capacity is 70 kg (154 lbs). Exceeding this limit can damage the motor and frame.
- **Keep hands and objects clear of moving parts** (legs, frame) during height adjustment to avoid pinching or damage.
- **Unplug the power cord** before cleaning or performing any maintenance.
- **Do not disassemble or modify the desk's electrical components.** Contact customer support for repairs.
- **Avoid spilling liquids** on the control panel or electrical components.
- **Ensure all cables are properly managed** to prevent entanglement or damage during height adjustments.

3. PACKAGE CONTENTS

Carefully unpack all components and verify that all items listed below are present and undamaged. If any parts are missing or damaged, contact JUMMICO customer support.

- Desktop Panels (multiple pieces)
- Desk Frame (legs, crossbar)
- Control Panel
- Power Adapter and Cable
- Cable Management Tray
- Headphone Hook
- Adjustable Feet (pre-installed or separate)
- 360° Swivel Wheels (optional, included for user choice)
- Assembly Hardware (screws, Allen wrenches, etc.)
- User Manual

Cable Management Tray

Complimentary Accessories

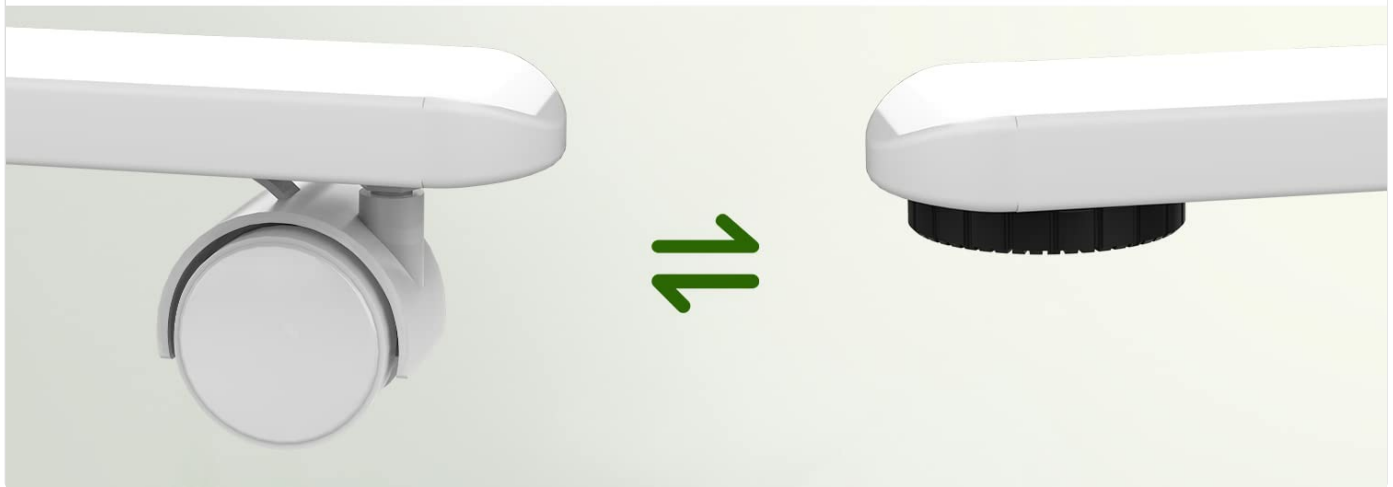

Image: Complimentary accessories: a headphone hook and the option to install either 360° swivel wheels or fixed adjustable feet.

4. SETUP AND ASSEMBLY

Assembly of the JUMMICO Electric Standing Desk requires careful attention to detail. It is recommended to have two people for assembly, especially when handling the desktop panels and frame.

1. **Prepare Workspace:** Clear a spacious area for assembly. Lay down a soft cloth or cardboard to protect the desktop panels from scratches.
2. **Assemble Desk Frame:** Follow the detailed instructions provided in the separate assembly guide for connecting the desk legs, crossbar, and motor components. Ensure all screws are tightened securely.
3. **Attach Desktop Panels:** The desktop consists of multiple panels. Carefully align and secure these panels to the desk frame using the provided hardware. Ensure the seams are flush.
4. **Install Control Panel:** Mount the control panel to the underside of the desktop in the designated location. Connect the necessary cables from the motor to the control panel.

5. **Install Cable Management Tray:** Attach the cable management tray to the underside of the desk frame. This helps organize power cords and other cables.
6. **Attach Headphone Hook:** Secure the headphone hook to your preferred side of the desk.
7. **Choose and Install Feet/Wheels:** Decide whether to use the adjustable feet for stationary use or the 360° swivel wheels for mobility. Attach your chosen option to the bottom of the desk legs.
8. **Connect Power:** Plug the power adapter into the control panel and then into a standard electrical outlet.

5. OPERATING INSTRUCTIONS

5.1 Control Panel Overview

Multi-functional Intelligent Controller

Up and down adjustment buttons

3-position height memory button

USB and Type C charging ports

Automatic anti-collision function

Image: Close-up of the multi-functional intelligent controller, highlighting the up and down adjustment buttons, 3-position height memory buttons (S/1/2/3), USB and Type-C charging ports, and automatic anti-collision function indicator.

- **Up (▲) / Down (▼) Buttons:** Press and hold to adjust the desk height manually.
- **Memory Buttons (S / 1 / 2 / 3):** Store and recall preferred height settings.
- **USB and Type-C Charging Ports:** Located on the side of the control panel for convenient device charging.

5.2 Height Adjustment

To adjust the desk height, press and hold the **Up (▲)** or **Down (▼)** button until the desk reaches your desired height. The desk can be adjusted between 72 cm and 118 cm. Release the button to stop movement.

Image: Illustration of the desk's height adjustment range, demonstrating movement from a minimum of 72cm to a maximum of 118cm.

5.3 Setting Memory Presets

The desk allows you to save up to three preferred height settings for quick recall.

1. Adjust the desk to your desired height using the Up/Down buttons.
2. Press the "S" button. The display will show "S-".
3. Within 3 seconds, press one of the number buttons ("1", "2", or "3") to save the current height to that preset. The display will show the saved number.

To recall a saved height, simply press the corresponding number button ("1", "2", or "3"). The desk will automatically move to the saved position.

5.4 Charging Ports

The control panel includes built-in USB-A and Type-C charging ports. These ports provide convenient power for charging your mobile devices, tablets, or other USB-powered accessories directly from your desk.

5.5 Anti-Collision Function

The desk is equipped with an automatic anti-collision function. If the desk encounters an obstacle during height adjustment, it will automatically stop and reverse slightly to prevent damage to the desk or objects. Ensure the area around the desk is clear before adjusting height.

6. MAINTENANCE

- **Cleaning:** Unplug the desk before cleaning. Use a soft, damp cloth to wipe down the desktop and frame. Avoid harsh chemicals or abrasive cleaners.
- **Cable Management:** Periodically check and reorganize cables in the cable management tray to prevent tangles and ensure smooth operation.
- **Fastener Check:** Every few months, check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Motor Care:** The motor is designed for durability. Avoid continuous operation for extended periods without rest. If the motor feels hot, allow it to cool down.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Desk does not move.	◦ Power cable disconnected. ◦ Overload protection activated. ◦ Motor error.	◦ Check if the power cable is securely plugged into the desk and the wall outlet. ◦ Reduce the weight on the desk. Unplug for 10 minutes, then plug back in. ◦ Contact customer support if the issue persists.
Desk moves unevenly or makes unusual noise.	◦ Loose connections or fasteners. ◦ Obstruction.	◦ Check and tighten all assembly screws. ◦ Ensure no objects are interfering with the desk legs or frame.
Memory presets not working.	◦ Presets not saved correctly.	◦ Re-follow the instructions for setting memory presets (Section 5.3).
