## SETUP & ASSEMBLY

---

The Coleshome L Shaped Gaming Desk is designed for straightforward assembly. It is recommended that **2 people** participate in the assembly process to ensure stability and ease of construction.

### Before You Begin:

- Unpack all components and verify against the included parts list.
- Ensure you have the detailed installation instructions and assembly tools provided with the desk.
- Clear a spacious area for assembly to prevent damage to components or your surroundings.

### Assembly Steps:

1. Follow the step-by-step instructions provided in the separate assembly manual.
2. Carefully attach the steel frame components using the provided screws and Allen key.
3. Secure the desk boards to the frame. Note that the desk can be configured for either left or right corner orientation during this step.
4. Install the full monitor stand and double-tier shelves as per the instructions.
5. Connect the LED light strip and power outlet unit according to the wiring diagram.
6. Adjust the leg pads to ensure the desk is stable on uneven floors.

## OPERATING INSTRUCTIONS

---

## Using the LED Lights:

The integrated LED lighting system offers various customization options:

- **Power On/Off:** Use the control button to turn the LED lights on or off.
- **Color Selection:** Cycle through 7 different colors to match your preference or mood.
- **Lighting Modes:** Choose from 13 distinct lighting modes, including static, fade, and flash effects.
- **Brightness Adjustment:** Adjust the intensity of the lights with 8 adjustable brightness levels.
- **Flicker Frequency:** Select from 9 flicker frequencies for dynamic lighting effects.
- **Memory Function:** The LED lights will automatically return to the last used mode and color when powered on.

## Utilizing Power Outlets & USB Ports:

The desk is equipped with a convenient power strip:

- Plug your devices into the 3 standard AC outlets (125V/12A).
- Use the 2 USB ports (5V/2A) to charge your smartphones, tablets, or other USB-powered devices.
- The power cord is 6.5 feet long, providing flexibility for placement.

---

## MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Spills:** Immediately wipe up any spills to prevent water damage to the engineered wood.
- **Connections:** Periodically check all screws and connections to ensure they remain tight and secure.
- **LED Lights:** Ensure the LED light strip is free from dust and debris. Do not attempt to modify or repair the LED strip or power unit yourself.
- **Weight Distribution:** Distribute weight evenly across the desk surface and shelves to maintain stability and prevent warping. The maximum weight recommendation is 100 kilograms.

---

## TROUBLESHOOTING

### LED Lights Not Functioning:

- **Check Power Connection:** Ensure the power cord for the LED lights is securely plugged into a working outlet and the desk's integrated power unit.
- **Verify Control Unit:** Make sure the LED control unit is properly connected to the light strip and is not damaged.
- **Reset:** Try unplugging the desk's power cord from the wall outlet for a few minutes, then plug it back in to reset the system.

### Power Outlets/USB Ports Not Working:

- **Check Wall Outlet:** Confirm that the wall outlet the desk is plugged into is functional by testing it with another device.
- **Overload:** Ensure you are not exceeding the maximum current rating (12A for AC outlets, 2A for USB). Unplug some devices if overloaded.
- **Internal Connection:** Verify that the internal wiring for the power unit is securely connected during assembly.

### Desk Instability:

- **Tighten Screws:** Re-check and tighten all assembly screws, especially those connecting the frame components.

- **Adjust Leg Pads:** Use the adjustable leg pads at the bottom of the desk legs to level the desk on uneven surfaces.
- **Even Weight Distribution:** Ensure heavy items are not concentrated on one side of the desk.

If issues persist after following these steps, please contact customer support.
