PETLIBRO PLSS002

PETLIBRO Granary Series Automatic Feeder Dual Bowl Accessory (PLSS002) User Manual

Model: PLSS002

Introduction

This manual provides instructions for the PETLIBRO Granary Series Automatic Feeder Dual Bowl Accessory, model PLSS002. This accessory is designed to allow two pets to eat simultaneously from a compatible PETLIBRO automatic feeder.

It is compatible with PETLIBRO automatic feeder models: **PLAF005, PLAF006, PLAF103, and PLAF203**. Please ensure your feeder model is listed for proper compatibility.

Product Overview

Components:

- Meal Splitter × 1
- Food-Grade Stainless Steel Bowls × 2
- Bowl Holder (ABS Resin Base) × 1

Materials:

- Bowl Base: ABS Resin
- Bowls: Food-Grade Stainless Steel

Setup

1. **Attach the Bowl Holder:** Slide the bowl holder (ABS resin base) into the groove at the bottom of your compatible PETLIBRO automatic feeder until it clicks securely into place.
2. **Insert the Meal Splitter:** Align the meal splitter with the round opening in the bowl holder and insert it. Ensure it is firmly seated.
3. **Place Stainless Steel Bowls:** Insert the two stainless steel bowls into the designated slots in the bowl holder.

Operating Instructions

The patented meal splitter allows you to adjust the food distribution between the two bowls, catering to the individual dietary needs of your pets.

- **Equal Distribution:** To distribute food equally between both bowls, slide the meal splitter to the right.
- **Unequal Distribution:** To provide more food to one side, slide the meal splitter to the left. This allows for a larger portion in one bowl and a smaller portion in the other.

Image: The PETLIBRO automatic feeder with the dual bowl accessory, illustrating how food is dispensed into the two bowls, adjustable via the splitter.

Maintenance

Regular cleaning ensures hygiene and extends the product's lifespan.

- **Stainless Steel Bowls:** The stainless steel bowls are easily removable from the tray and are dishwasher safe for convenient and thorough cleaning.
- **ABS Resin Base (Bowl Holder):** The ABS resin base is **not** dishwasher safe. Please gently wash it by hand under running

water.

- Ensure all components are completely dry before reassembling and refilling with food.

Troubleshooting

Common Issues and Solutions:

- **Accessory not fitting:** Ensure the bowl holder is correctly aligned with the groove on the feeder base and pushed firmly until it locks. Verify your feeder model is compatible (PLAF005, PLAF006, PLAF103, PLAF203).
- **Uneven food distribution (unexpected):** Check that the meal splitter is correctly inserted and positioned as desired. Ensure there are no obstructions in the food path from the feeder to the bowls.
- **Difficulty cleaning:** Remember that only the stainless steel bowls are dishwasher safe. Hand wash the ABS resin base gently.

For issues related to the automatic feeder itself (e.g., power, programming, food dispensing mechanism), please refer to the instruction manual provided with your specific PETLIBRO automatic feeder model.

Specifications

Attribute	Detail
