## IKEA KIVIK 4-seat with Chaise Longue

# IKEA KIVIK 4-seat Sofa Cover with Chaise Longue, Hillared Anthracite - Instruction Manual

Model: KIVIK 4-seat with Chaise Longue | Brand: IKEA

### PRODUCT OVERVIEW

This manual provides essential information for the proper installation, care, and maintenance of your IKEA KIVIK 4-seat sofa cover with chaise longue in Hillared Anthracite. This product is a replacement cover only; the sofa frame is not included.

### SETUP AND INSTALLATION

The IKEA KIVIK sofa cover is designed for easy installation. While specific step-by-step instructions are typically provided with the physical product, the general process involves fitting the various cover pieces onto the corresponding sections of your KIVIK sofa frame.

#### General Installation Steps:

1. **Prepare the Sofa:** Ensure your KIVIK sofa frame is clean and free of any obstructions. If replacing an old cover, remove it completely.
2. **Identify Cover Pieces:** The cover comes in multiple pieces (e.g., main body cover, chaise longue cover, cushion covers). Identify each piece and its corresponding sofa section.
3. **Install Main Body Cover:** Carefully drape the largest cover piece over the main sofa frame. Align seams and corners with the sofa's structure.
4. **Install Chaise Longue Cover:** Fit the chaise longue cover onto its respective section, ensuring a snug fit.
5. **Cover Cushions:** Insert the seat and back cushions into their individual covers. Many covers feature zippers for easy enclosure.
6. **Secure and Adjust:** Smooth out any wrinkles. Many IKEA covers have hook-and-loop fasteners or elastic straps underneath to secure the cover to the frame. Ensure all parts are properly aligned and secured for a neat appearance.

## OPERATING AND USAGE

---

Once installed, your IKEA KIVIK sofa cover allows for comfortable and versatile use of your sofa. The cover is designed to protect the original upholstery and refresh the look of your living space.

- **Daily Use:** The polyester fabric is durable for everyday lounging and sitting.
- **Protection:** The cover acts as a protective layer against spills, dirt, and wear, extending the life of your sofa's original upholstery.
- **Aesthetic Change:** Easily change the appearance of your sofa to match new decor or simply refresh its look.

## MAINTENANCE AND CARE

---

Proper care will help maintain the appearance and longevity of your KIVIK sofa cover.

### Cleaning Instructions:

- **Spot Clean:** For minor spills or stains, spot clean the cover with a damp cloth.
- **Cleaning Code "W":** This indicates that the fabric can be cleaned with water-based cleaning agents. Avoid harsh chemicals or solvents.
- **Removable Covers:** The seat cushion covers are removable, which may allow for easier cleaning of those specific parts. Refer to the care label on the actual cover for detailed washing instructions, as these can vary.

### General Care Tips:

- **Vacuum Regularly:** Use a soft brush attachment to vacuum the cover regularly to remove dust and loose debris.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading.
- **Protect from Pets:** While durable, sharp claws can damage the fabric.

### TROUBLESHOOTING

Here are some common issues and their potential solutions for your sofa cover:

| Problem                                | Possible Cause                                                 | Solution                                                                                                                                                     |
|----------------------------------------|----------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cover appears wrinkled or ill-fitting. | Not properly smoothed during installation; new cover settling. | Adjust and smooth the fabric by hand. Ensure all fasteners are secured. Over time, the fabric will relax and conform to the sofa.                            |
| Stains are difficult to remove.        | Stain has set; incorrect cleaning agent used.                  | Act quickly on spills. Use only water-based cleaning agents as per "W" cleaning code. For stubborn stains, professional upholstery cleaning may be required. |
| Fabric pilling or fuzzing.             | Normal wear and tear; friction.                                | Use a fabric shaver or lint remover to carefully remove pills. This is a common characteristic of some woven fabrics.                                        |
