4. MAINTENANCE AND CARE

- To maintain the appearance and longevity of your LIATORP bookcase, follow these simple care instructions:
- **Cleaning:** Wipe the surface with a dry cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the painted finish.
 - **Spills:** Immediately wipe up any spills with a clean, dry cloth to prevent staining or damage to the material.
 - **Sunlight Exposure:** Prolonged exposure to direct sunlight may cause the finish to fade over time.
 - **Humidity:** Maintain a stable room temperature and humidity level to prevent warping or cracking of the wood components.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your bookcase.

Instability/Wobbling:

- **Check Adjustable Feet:** Ensure all adjustable feet are properly extended and making firm contact with the floor. Adjust them to compensate for uneven surfaces.
- **Verify Assembly:** Confirm that all screws and connectors are tightened according to the assembly instructions. Loose fittings can cause instability.
- **Wall Attachment:** Ensure the bookcase is securely anchored to the wall using the anti-tip hardware.

Shelf Not Level:

- **Check Support Pins:** Ensure shelf support pins are fully inserted into the corresponding holes on both sides of the bookcase.
- **Inspect Shelf:** Verify that the shelf itself is not warped or damaged.
