An excellent addition to your desk

The Lamshaw Smartwatch Charging Dock provides a stable and convenient charging solution for your compatible smartwatch. Its 45-degree angle design allows for easy viewing while charging.

The rear view of the charging dock illustrates the integrated USB charging cable and the magnetic charging pins designed to align with your smartwatch.

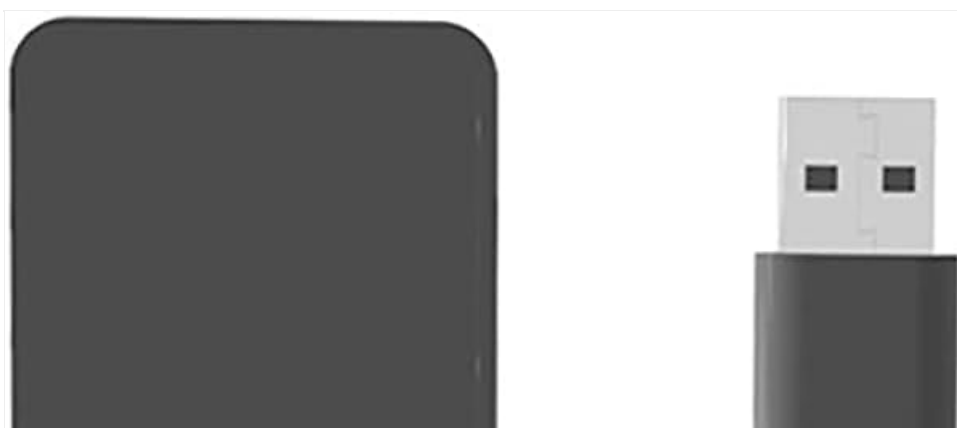

This diagram provides the physical dimensions of the charging dock, measuring 36mm in width, 36mm in depth, and 60mm in height, ensuring it fits compactly on your desk or nightstand.

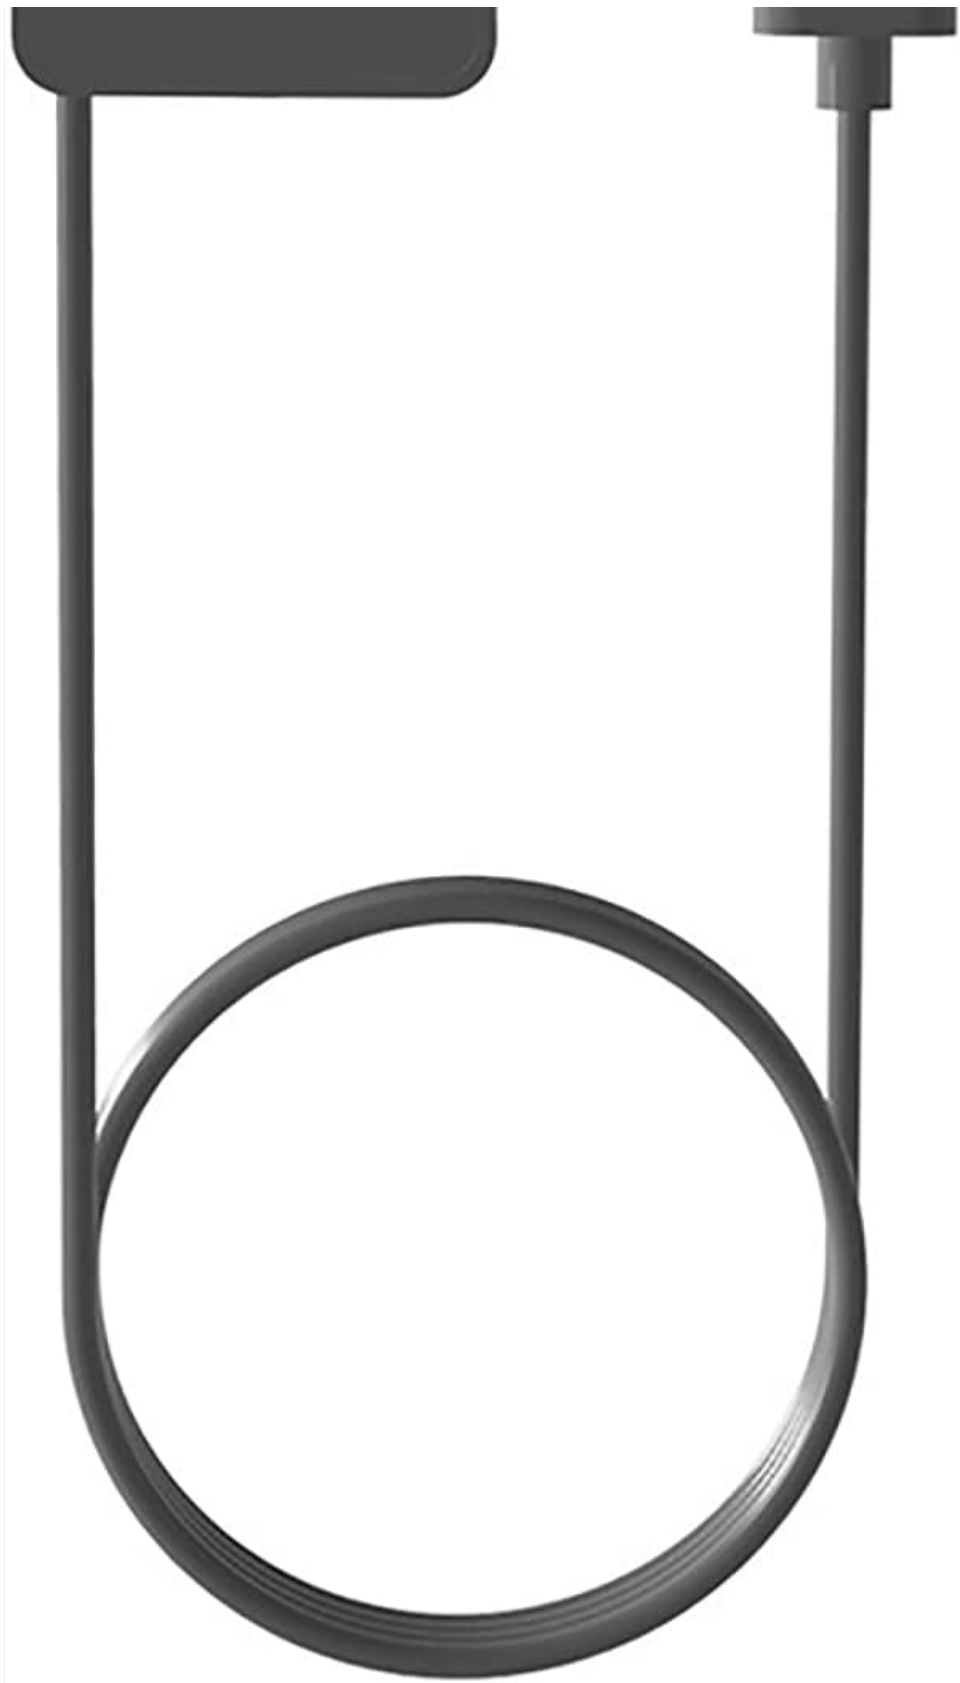

SETUP

1. **Connect the Charging Dock:** Plug the integrated USB cable of the charging dock into a compatible USB power adapter (not included) or a USB port on a computer.
2. **Place Your Smartwatch:** Gently place your compatible smartwatch onto the charging dock. The magnetic feature will help align the watch with the charging pins. Ensure the watch is securely seated and the charging indicator on your smartwatch activates.

A side view of the charging dock, highlighting its ergonomic 45-degree angle and the integrated USB charging cable for a tidy setup.

The integrated USB charging cable is designed for convenient connection to a power source, ensuring your smartwatch is always ready for use.

OPERATING INSTRUCTIONS

Once the charging dock is connected to a power source and your smartwatch is correctly placed, the charging process will begin automatically. The magnetic connection ensures a stable and reliable charge. Monitor your smartwatch's screen for its charging status indicator.

MAINTENANCE

To maintain the performance and appearance of your charging dock, follow these guidelines:

- **Cleaning:** If the bottom surface of the dock accumulates dust or dirt, it can be gently washed with water. Ensure the surface is completely dry before placing it on any furniture.
- **Protective Film:** A transparent protective film is present on the bottom of the dock. This film can be fixed in position or removed as desired.
- **Storage:** Store the charging dock in a clean, dry environment when not in use.

1: There is a transparent film at the bottom, which can be fixed in a certain position by tearing

2: If there is dust on the bottom, it can be washed with water and can be used again

The bottom of the charging dock features a protective film. This film can be removed and re-applied, and the bottom surface can be washed with water if it collects dust, maintaining its non-slip properties.

TROUBLESHOOTING

If you encounter issues with your charging dock, please refer to the following common solutions:

- **Watch Not Charging:**
 - Ensure the USB cable is securely plugged into a working power source.

- Verify that your smartwatch is correctly aligned with the charging pins on the dock. The magnetic connection should feel firm.
- Check for any debris or obstructions on the charging pins of both the dock and your smartwatch.
- Try using a different USB power adapter or USB port.

• **Dock is Unstable/Slipping:**

- Ensure the bottom surface of the dock is clean and free of dust. If dirty, wash it with water and allow it to dry completely.
- Verify that the surface where the dock is placed is flat and stable.

SPECIFICATIONS

Brand	Lamshaw
