SETUP AND ASSEMBLY

The KALLHÄLL table is designed for straightforward setup. While specific assembly instructions are typically provided with the product packaging, the primary setup involves unfolding the gatelegs and extending the drop-leaves.

1. **Unpacking:** Carefully remove all components from the packaging. Ensure all parts are present according to the included parts list.
2. **Initial Placement:** Place the main table unit on a firm, flat surface in its desired location.
3. **Extending Drop-Leaves:** To extend the table, gently lift one of the drop-leaves. Swing out the supporting gateleg from underneath the main tabletop until it is fully extended and locked into place. Carefully lower the drop-leaf onto the extended gateleg. Repeat for the other side if full extension is desired.
4. **Folding Drop-Leaves:** To fold the table, lift the drop-leaf slightly, swing the gateleg back underneath the main tabletop, and carefully lower the drop-leaf. Ensure the gateleg is fully retracted before folding the leaf completely.

OPERATING INSTRUCTIONS

The KALLHÄLL table offers flexible usage modes to suit various needs:

- **Compact Mode (Both Leaves Folded):** In this configuration, the table serves as a narrow console or storage unit, ideal for hallways or against a wall. The integrated fabric storage can still be accessed.
- **Half-Extended Mode (One Leaf Extended):** With one drop-leaf extended, the table provides a comfortable workspace or a small dining area for 1-2 people. The other side remains compact, allowing for efficient use of space.
- **Fully Extended Mode (Both Leaves Extended):** When both drop-leaves are extended, the table transforms into a spacious dining table capable of seating 2 to 4 people comfortably.

Using the Integrated Storage: The KALLHÄLL table features fabric storage pockets and compartments integrated into its base. These are accessible from both sides when the table is in its compact or half-extended modes. Use them to

TROUBLESHOOTING AND SAFETY

Safety Warning:
