## YIFOR GC-FBA-323L

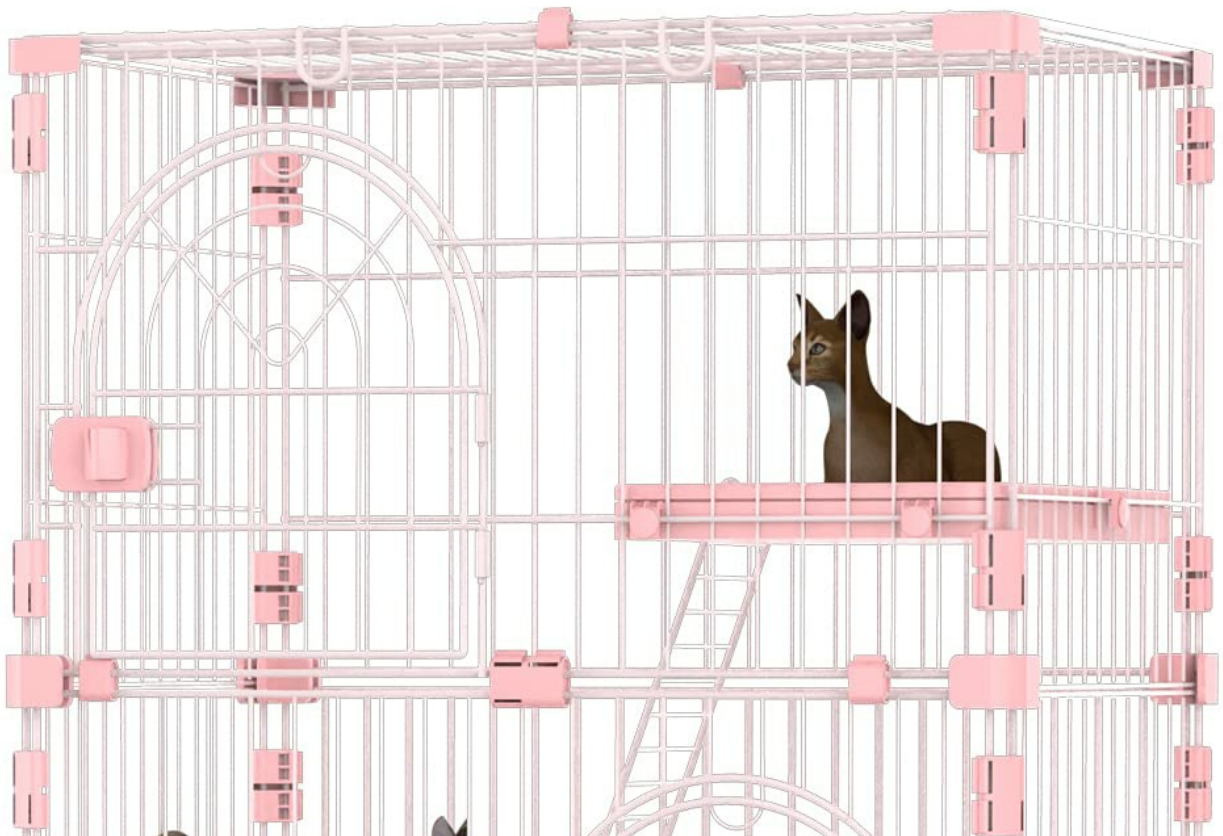

# YIFOR 4-Tier Pet Cage

MODEL: GC-FBA-323L

## 1. Introduction

---

Thank you for choosing the YIFOR 4-Tier Pet Cage, Model GC-FBA-323L. This multi-level enclosure is designed to provide a safe and comfortable environment for various small animals, including cats, small dogs, rabbits, and squirrels. Its robust construction and thoughtful design ensure durability and ease of use. This manual provides detailed instructions for assembly, operation, and maintenance to ensure optimal use and longevity of your pet cage.

### Key Features:

- **Spacious Multi-Level Design:** Offers ample vertical space for climbing and exploration.
- **Thickened Steel Wire:** Ensures structural integrity and durability.
- **Widen Platforms:** Provides comfortable resting and play areas.
- **Environmental Protection Paint:** Safe for pets and easy to clean.
- **Secure Locking Mechanisms:** Keeps pets safely contained.

## 2. Safety Guidelines

---

Please read and follow these safety instructions carefully to prevent injury to your pet or damage to the cage.

- Always ensure all parts are securely fastened before placing your pet inside.
- Do not allow children to climb on or play inside the cage.
- Place the cage on a flat, stable surface to prevent tipping.
- Regularly inspect the cage for any damaged or loose parts. Replace or repair as necessary.
- Keep the cage away from heat sources, open flames, and direct sunlight for prolonged periods.
- This cage is designed for indoor and outdoor use, but prolonged exposure to harsh weather conditions may affect its lifespan.

## 3. Package Contents

---

Before assembly, verify that all components listed below are present and undamaged. Refer to the diagram for

visual identification of each part.

Image: Detailed diagram of all parts included in the package, essential for checking contents and assembly.

### List of Components:

- Top Sheet (1)
- Back Sheet (1)
- Sheets (Platforms) (3)
- Ladders (2)
- Bottom Side Panels (2)
- Base (1)
- Top Corner Buckles (4)
- Upper and Lower Layer Superimposed Buckles (6)
- Single Row Buckles (Quantity varies, typically for securing panels)
- Double Row Buckles (Quantity varies, typically for securing panels)
- Staples (Quantity varies, for additional securing)

## 4. Assembly Instructions

Follow these steps carefully to assemble your YIFOR 4-Tier Pet Cage. It is recommended to have two people for easier assembly.

1. **Prepare the Base:** Place the plastic base on a flat, stable surface.
2. **Assemble Side Panels:** Connect the bottom side panels to the base using the appropriate buckles (single or double row buckles) to form the initial structure. Ensure they are securely clicked into place.
3. **Attach Back and Front Panels:** Connect the back sheet and front wire panels to the side panels using the buckles. Ensure all connections are firm.
4. **Install Platforms:** Insert the platforms (sheets) at desired levels. Use the upper and lower layer superimposed buckles to secure them to the wire frame. Ensure the platforms are stable and level.
5. **Attach Ladders:** Connect the ladders between the platforms to allow your pet to move between levels. Ensure they are hooked securely.
6. **Install Top Sheet:** Place the top sheet on the assembled frame and secure it with the top corner buckles.
7. **Secure All Connections:** Double-check all buckles, staples, and connections to ensure the cage is stable and secure. Pay close attention to door latches and platform supports.

## 5. Operating Instructions

---

### Using the Doors:

The cage features multiple doors for easy access to your pet and for cleaning. Each door is equipped with a mobile spring door lock. To open, slide the lock mechanism and pull the door open. To close, push the door shut and ensure the lock mechanism slides back into place, securing the door firmly.

### Utilizing Platforms and Ladders:

The multi-level design allows your pet to climb and explore. Ensure ladders are always securely attached between platforms. The widened platforms provide ample space for resting, eating, or placing accessories like food bowls or litter boxes.

## 6. Maintenance and Care

---

Regular cleaning and maintenance will extend the life of your pet cage and ensure a hygienic environment for your pet.

- **Daily Cleaning:** Remove any waste, uneaten food, and soiled bedding daily.
- **Weekly Cleaning:** Wipe down all surfaces of the cage, including wire panels, platforms, and the base, with a pet-safe cleaner and a damp cloth. Rinse thoroughly and dry completely before returning your pet.
- **Deep Cleaning:** Periodically disassemble the cage for a more thorough cleaning, especially the base and platforms. This allows access to all corners and crevices.
- **Inspection:** Regularly check for any signs of wear, rust, or damage to the wire, plastic parts, and locking mechanisms. Address any issues promptly to maintain safety and functionality.

## 7. Troubleshooting

---

- **Cage feels unstable:** Ensure all buckles and staples are correctly installed and fully engaged. Check that the cage is on a flat, level surface.
- **Door not closing properly:** Inspect the spring lock mechanism for any obstructions or damage. Ensure the door is aligned correctly with the frame.
- **Platforms are wobbly:** Verify that the upper and lower layer superimposed buckles are securely fastened to both the platform and the wire frame.
- **Missing parts:** Refer to the "Package Contents" section and contact customer support if any essential parts are missing.
