ORICO 5-Port USB C Hub with SD/TF Card Reader - Instruction Manual

Model: ORICO-PAPW3AT-C3-10-BK-EP-CA

INTRODUCTION

This manual provides instructions for the proper use and maintenance of your ORICO 5-Port USB C Hub. Please read this manual thoroughly before use to ensure optimal performance and longevity of the device.

PRODUCT OVERVIEW

The ORICO 5-Port USB C Hub expands a single USB port into multiple connections, including three USB 3.0 ports and dedicated slots for SD and TF cards. It is designed for high-speed data transfer and broad compatibility.

Package Contents

- ORICO 5-Port USB C Hub

SETUP

1. **Connect to Host Device:** Plug the USB-C connector of the ORICO Hub into an available USB-C port on your laptop, PC, tablet, or other compatible device.
2. **Indicator Light:** A blue LED indicator on the hub will illuminate, confirming the device is powered and connected.
3. **Driver Installation:** The hub is plug-and-play and typically does not require additional driver installation for most operating systems.

OPERATING INSTRUCTIONS

USB 3.0 Ports

The hub features three USB 3.0 Type-A ports. These ports support data transfer speeds up to 5Gbps.

- Connect USB devices such as flash drives, external hard drives, keyboards, mice, printers, or other USB peripherals.
- These ports are primarily for data transfer and do not support charging functions for devices that require

significant power.

The advertisement features a smartphone displaying a photo gallery, connected to an ORICO USB C Hub via a black cable. The hub has a textured black body with a silver metal loop and two USB-A ports. Below the hub are two Lexar SD cards (128GB and 160GB). A large blue '5Gbps' graphic is overlaid on the image. At the bottom, a comparison bar shows '5120Mbps USB3.0' in blue and '480Mbps USB2.0' in grey. A lightning bolt icon with '10X' and 'Faster Than USB 2.0' is on the left. A warning icon on the right states 'Note: Does not support charging'.

Super Fast Data Transfer

10X
Faster Than USB 2.0

Speed	Standard
5120Mbps	USB3.0
480Mbps	USB2.0

Note: Does not support charging

SD/TF Card Reader

The hub includes dedicated slots for SD and TF (Micro SD) cards.

- Insert your SD card into the SD card slot.
- Insert your TF (Micro SD) card into the TF card slot.
- Both card slots can be used simultaneously.

- The card reader supports data transfer speeds up to 104MB/s.

104mb/s

highlights the hub's ease of use and high-speed capabilities.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the hub. Avoid liquid cleaners or abrasive materials.
- **Storage:** Store the hub in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping or subjecting the hub to strong impacts. Do not attempt to disassemble the device.
- **Cable Care:** Do not bend the cable excessively or pull it forcefully from the port.

TROUBLESHOOTING

Device Not Recognized

- Ensure the hub's USB-C connector is fully inserted into the host device's port.
- Try connecting the hub to a different USB-C port on your host device.
- Restart your computer or host device.
- Verify that the connected peripheral devices are functioning correctly when connected directly to the host device.

Slow Data Transfer Speeds

- Ensure both the host device's port and the connected peripheral support USB 3.0 for optimal speeds. Connecting a USB 2.0 device will result in USB 2.0 speeds.
- Avoid connecting multiple high-bandwidth devices simultaneously if experiencing slowdowns.
- Check for any background processes on your computer that might be consuming system resources.

LED Indicator Not On

- Confirm the hub is securely connected to a powered USB-C port.
- Try a different USB-C port or host device.

Connected Device Not Receiving Power

- The USB 3.0 ports on this hub are primarily for data transfer and do not support charging functions for devices that require significant power. For charging, use a dedicated power adapter or a charging-enabled USB port.

SPECIFICATIONS

Feature	Detail
Model Number	ORICO-PAPW3AT-C3-10-BK-EP-CA
Ports	3x USB 3.0 Type-A, 1x SD Card Slot, 1x TF Card Slot
Data Transfer Speed (USB 3.0)	Up to 5Gbps
Data Transfer Speed (Card Reader)	Up to 104MB/s
Host Interface	USB Type-C
Dimensions	3.86 x 1.34 x 0.47 inches (98 x 34 x 12.6 mm)
Item Weight	2.11 ounces
Cable Length	3.3 feet (1.0 meter) for this specific model
Compatible Systems	Windows, Mac OS, Android, Linux
Special Features	LED Indication, Over-current protection, Hot-swapping support
