NORTHCLAN

NORTHCLAN Ice Makers Countertop

USER MANUAL

1. INTRODUCTION

Thank you for choosing the NORTHCLAN Ice Makers Countertop. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new ice maker. Please read it thoroughly before first use and retain it for future reference.

Figure 1: NORTHCLAN Ice Makers Countertop with included accessories.

2. SAFETY INSTRUCTIONS

To ensure safe operation and prevent damage, please adhere to the following guidelines:

- **Initial Placement:** Keep the machine upright for at least 24 hours before its first use to allow refrigerants to settle.
- **Water Only:** Only fill the water tank with potable water. Do not use any other liquids such as coffee, juice, or carbonated beverages, as this can damage the internal components and void the warranty.
- **Do Not Tilt:** Avoid tilting the machine during operation or immediately after unboxing.
- **Ice Storage:** This ice maker is not a refrigerator. Ice cubes will melt if left in the basket for extended periods. Transfer ice to a separate freezer for long-term storage.
- **Optimal Environment:** For best performance, operate the ice maker in an ambient temperature below 90°F/32°C and away from direct sunlight.

- **Professional Support:** If you encounter any issues, contact our professional support team for assistance.

3. PRODUCT OVERVIEW

3.1 Components

Your NORTHCLAN Ice Maker package includes:

- Ice Maker Unit
- Ice Scoop
- Ice Basket
- User Manual (this document)
- Cleaning and Maintenance Tip Card

9 Pcs / 6 Mins

less waiting time

Figure 3: Ice maker with included ice scoop and basket.

3.2 Key Features

- **Rapid Ice Production:** Produces 9 bullet-shaped ice cubes in just 5-8 minutes.
- **High Capacity:** Capable of producing up to 30 pounds of ice per day.

- **Energy Efficient:** Designed to use less electricity compared to other brands.
- **Simple Operation:** Features an intuitive control panel with indicators for 'Ice Full' and 'Add Water'.
- **Compact & Portable:** Lightweight (17.09 pounds) with dimensions of 11.81"H x 11.41"D x 8.66"W, making it easy to move.
- **Quiet Operation:** Operates at less than 35 decibels, comparable to a working refrigerator.
- **Food-Grade Material:** Interior made of white food-grade pure material, ensuring health and safety.
- **Bullet-Shaped Ice:** Produces soft, chewable bullet-shaped ice that melts slowly and chills drinks quickly.
- **Automatic Self-Cleaning:** Features a self-cleaning function for easy maintenance.

14 Kg / Day

never run out of ice again

4. SETUP

4.1 Unboxing and Initial Placement

Carefully remove the ice maker from its packaging. Before plugging it in or adding water, ensure the unit remains upright for at least 24 hours. This allows the refrigerant to stabilize, preventing potential damage and ensuring optimal performance.

Your browser does not support the video tag. This video demonstrates the unboxing process and initial setup considerations for the NORTHCLAN Ice Maker, including the importance of keeping the machine upright for 24 hours before first use.

4.2 Filling the Water Tank

Once the unit has rested, open the lid and fill the water tank with clean, potable water up to the 'MAX' water line. The tank has a 2-liter capacity. Do not overfill.

One Button Operation

no plumbing, no installation

Figure 7: Filling the 2-liter water tank.

5.1 Basic Operation

The NORTHCLAN Ice Maker features a simple one-button operation. After filling the water tank and plugging in the unit, press the 'ON' button to begin the ice-making process. The control panel will indicate when ice is being made, when the ice basket is full, or when more water needs to be added.

Your browser does not support the video tag. This video demonstrates the simple one-touch operation of the NORTHCLAN Ice Maker, including adding water and the ice production cycle.

5.2 Ice Production and Collection

The ice maker will produce its first batch of 9 bullet-shaped ice cubes in approximately 5-8 minutes. It will continue to produce ice until the basket is full or the water tank is empty. The transparent lid allows you to monitor the ice level. When the 'Ice Full' indicator illuminates, use the provided ice scoop to remove the ice from the basket. For prolonged storage, transfer the ice to a freezer immediately, as the ice maker does not keep ice frozen.

2 Liter

Large Water Tank

requires less refill

Figure 8: The ice basket has a capacity of 1.5 kg.

Regular cleaning ensures the longevity and hygiene of your ice maker. The unit is designed for easy cleaning.

- **Daily Cleaning:** Wipe the interior and exterior with a soft, damp cloth.
- **Draining Water:** The compact size makes it easy to move and drain any remaining water from the tank.
- **Automatic Self-Cleaning:** The ice maker features an automatic self-cleaning function to easily clean inner hard-to-reach areas. Press the POWER button for more than 5 seconds to activate it. Press POWER again to end the self-clean cycles.

Figure 9: Automatic self-cleaning function.

7. TROUBLESHOOTING

If you encounter any issues with your NORTHCLAN Ice Maker, please refer to the following common solutions. For more detailed troubleshooting, consult the full user manual provided with your product.

- **'Add Water' Indicator:** If this light is on, the water tank is empty. Refill with potable water.
- **'Ice Full' Indicator:** This means the ice basket is full. Remove ice to allow the machine to continue production.
- **No Ice Production:** Ensure the unit is plugged in, the water tank is filled, and the ambient temperature is within the recommended range.

8. SPECIFICATIONS

Feature	Specification
---------	---------------

Feature	Specification
Product Dimensions	12"D x 8.5"W x 11.8"H
Item Model Number	1226
Capacity	2 Liters (Water Tank)
Wattage	105 watts
Ice Production Rate	9 cubes in 5-8 minutes
Daily Ice Capacity	30 lbs
Noise Level	Less than 35 decibels

9. WARRANTY AND SUPPORT

Your NORTHCLAN Ice Maker comes with a warranty certificate included in the packaging. Please refer to this document for specific warranty terms and conditions.

For any product inquiries, technical support, or assistance with troubleshooting beyond what is covered in this manual, our professional team is always ready to serve. We are committed to providing time-saving, money-saving, and energy-saving solutions.
