YILETKC MX-STVUS

YILETKC Japanese Street View Matcha Shop Building Kit (Model MX-STVUS)

Instruction Manual

Introduction

This manual provides detailed instructions for assembling the YILETKC Japanese Street View Matcha Shop Building Kit, model MX-STVUS. This modular construction set consists of 379 pieces designed to create a miniature replica of a Japanese matcha shop. Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

Safety Information

- **Recommended Age:** This building kit is recommended for individuals aged 16 years and up due to the small size of components and the complexity of assembly.
- **Small Parts Warning:** The kit contains numerous small parts which may pose a choking hazard. Keep all components out of reach of young children and pets.
- **Handling:** Handle all pieces with care. Avoid excessive force during assembly to prevent damage to the parts.
- **Storage:** Store unassembled parts and the finished model in a safe place to prevent loss or damage.

Package Contents

Verify that all components are present before starting assembly. The package should contain:

- 379 high-quality building block pieces for the Matcha Shop model.
- One detailed, step-by-step instruction manual.

If any parts are missing or damaged, please contact customer support for assistance.

Assembly Instructions

Follow the included detailed instruction manual for step-by-step assembly. The process involves connecting various building blocks to form the Matcha Shop structure. Patience and careful attention to detail are essential for successful completion.

Figure 1: Overview of the 379-piece Matcha Shop Building Kit and its approximate size (6 x 6.5 x 10 cm).

The assembly is divided into layers, allowing you to gradually build the structure and discover intricate design details. Ensure each piece is securely connected before proceeding to the next step.

Display and Decoration

Upon completion, your YILETKC Japanese Street View Matcha Shop model serves as an exquisite display piece. Its vibrant colors and rich details make it suitable for various decorative styles.

- **Placement:** Display the model in rooms, living areas, cafes, or themed restaurants.
- **Modular Display:** For an enhanced display, consider acquiring and assembling other models from the Japanese Street View series to create a complete miniature street.

Maintenance

To maintain the appearance and integrity of your building kit, follow these simple maintenance guidelines:

- **Cleaning:** Gently dust the model regularly with a soft, dry cloth or a soft brush to prevent dust accumulation. Avoid using harsh chemicals or abrasive materials.
- **Storage:** If disassembling or storing, keep all pieces in a secure container to prevent loss. Store the assembled model away from direct sunlight and extreme temperatures to prevent material degradation or color fading.
- **Handling:** Always handle the model by its base to avoid putting stress on delicate parts.

Troubleshooting

While the instruction manual is designed to be clear, complex building kits can sometimes present challenges. Here are some

common issues and solutions:

- **Difficulty with Instructions:** If a step seems unclear, re-examine the diagrams carefully. Sometimes rotating the pieces or viewing the step from a different angle in the manual can help clarify the connection.
- **Pieces Not Fitting:** Ensure you are using the correct pieces for the current step. Small variations in similar-looking pieces can cause fit issues. Do not force pieces together, as this can cause damage.
- **Missing Pieces:** Double-check the packaging and your work area thoroughly. If a piece is genuinely missing, contact YILETKC customer support with details of the missing part (e.g., step number, color, shape).
- **Model Instability:** Ensure all connections are firm and secure. Revisit previous steps if the model feels unstable, as a loose connection early on can affect overall stability.
