debopo 20000mAh

debopo 20000mAh Portable Power Bank User Manual

Model: 20000mAh

1. INTRODUCTION

Thank you for choosing the debopo 20000mAh Portable Power Bank. This device is designed to provide reliable and fast charging for your electronic devices on the go. Its compact size and high capacity make it an ideal companion for daily use, travel, and outdoor activities.

Key Features:

- **High Capacity:** 20000mAh premium lithium battery cells, capable of charging a smartphone multiple times.
- **Fast Charging:** USB-C port with 20W Power Delivery and USB-A ports with 22.5W SuperCharge Protocol for rapid device charging.
- **Multi-Device Charging:** Simultaneously charge up to three devices.
- **Integrated Flashlight:** A 20-lumen LED flashlight with up to 40 hours of run time for emergency illumination.
- **LED Display:** Clear digital display shows the remaining battery percentage.
- **Comprehensive Protection:** Built-in safeguards against overcurrent, overvoltage, overcharge, overheat, overdischarge, and short circuits.
- **Compact and Portable:** Dimensions of 15.4x7.3x2.1cm and a weight of 350g for easy portability.

2. SAFETY INFORMATION

Please read and follow these safety instructions carefully to prevent damage to the device or injury to yourself.

- Do not expose the power bank to extreme temperatures (above 60°C/140°F or below 0°C/32°F), direct sunlight, or high humidity.
- Avoid dropping, hitting, or disassembling the device.
- Keep the power bank away from water and other liquids.
- Do not use the power bank if it is damaged, swollen, or leaking.

- Use only certified charging cables and adapters.
- Keep out of reach of children.
- Dispose of the power bank responsibly according to local regulations.
- The power bank features multiple protection systems including overcurrent, overvoltage, overcharge, overheat, overdischarge, and short-circuit protection. However, always monitor charging.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- 1x debopo 20000mAh Portable Power Bank
- 1x USB Type-C Charging Cable
- 1x User Manual (this document)

5. SETUP

Initial Charging of the Power Bank:

Before first use, fully charge your debopo power bank.

1. Connect the provided USB Type-C cable to the USB-C port on the power bank.
2. Connect the other end of the cable to a compatible USB wall charger (not included, 20W or higher recommended for fastest charging).
3. The LED display will show the charging progress. It typically takes about 5 hours to fully charge the power bank with a 20W+ adapter.
4. Once the display shows "100%", the power bank is fully charged and ready for use.

6. OPERATING INSTRUCTIONS

6.1 Charging Your Devices:

1. Connect your device's charging cable to one of the output ports on the power bank (USB-C or USB-A).
2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. The LED display will show the remaining battery percentage.
4. To stop charging, simply disconnect your device.

Image 6.2: Illustration of the debopo power bank's universal compatibility with Huawei, iPhone, and Samsung devices, supporting various fast charging protocols.

6.2 Using the Flashlight:

1. To turn on the flashlight, press and hold the power button for approximately 3 seconds.

2. To turn off the flashlight, press and hold the power button again for approximately 3 seconds.

Image 6.3: The debopo power bank's integrated LED flashlight in operation, providing backup illumination.

6.3 Checking Battery Level:

Briefly press the power button to activate the LED digital display, which will show the current battery percentage.

7. MAINTENANCE

7.1 Cleaning:

- Wipe the power bank with a soft, dry cloth.
- Do not use harsh chemicals or abrasive cleaners.

7.2 Storage:

- Store the power bank in a cool, dry place away from direct sunlight.
- For long-term storage, it is recommended to charge the power bank to about 50-75% every three months to maintain battery health.

8. TROUBLESHOOTING

If you encounter any issues with your debopo power bank, refer to the following common problems and solutions:

- **Power bank not charging:**
 - Ensure the charging cable is securely connected to both the power bank and the wall adapter.
 - Try a different USB-C cable and/or wall adapter.
 - Verify the wall adapter is functioning correctly and provides sufficient power (20W or higher recommended).
- **Device not charging from power bank:**
 - Ensure the charging cable is securely connected to both the power bank and your device.
 - Try a different charging cable.
 - Check if the power bank has sufficient charge (refer to the LED display).
 - Ensure your device is compatible with the power bank's output ports.
- **Slow charging:**
 - Ensure you are using a fast-charging compatible cable and your device supports fast charging.
 - Verify that the power bank itself is fully charged.
 - Some devices may limit charging speed if they are too hot or too cold.
- **Flashlight not working:**
 - Ensure the power bank has sufficient charge.
 - Press and hold the power button for approximately 3 seconds to activate/deactivate.

If the problem persists, please contact customer support.
