LUCIDE 00124/14/30

Lucide RUBEN Ceiling Light - 4xE27 - Black Instruction Manual

Model: 00124/14/30 | Brand: LUCIDE

INTRODUCTION

Thank you for choosing the Lucide RUBEN Ceiling Light. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions carefully before installation and retain them for future reference.

IMPORTANT SAFETY INSTRUCTIONS

- Always disconnect the power supply before installation, maintenance, or bulb replacement.
- Installation must be performed by a qualified electrician in accordance with local wiring regulations.
- Ensure the mounting surface can support the weight of the fixture.
- Do not exceed the maximum wattage specified for the light bulbs (4x40W).
- This fixture is rated IP20, suitable for indoor use only. Do not expose to water or high humidity.
- Keep packaging materials out of reach of children.

PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- 1x Lucide RUBEN Ceiling Light Fixture
- 1x Instruction Manual
- Mounting Hardware (screws, wall plugs)

Note: Light bulbs are not included and must be purchased separately. The fixture requires 4 E27 bulbs, maximum

40W each.

INSTALLATION INSTRUCTIONS

1. **Preparation:** Ensure the main power supply to the installation area is switched off at the circuit breaker.
2. **Marking:** Position the mounting plate (part of the fixture) against the ceiling at the desired location. Use a pencil to mark the drilling points.
3. **Drilling:** Drill holes at the marked points. Insert appropriate wall plugs (if necessary, depending on ceiling material).
4. **Mounting Plate Installation:** Secure the mounting plate to the ceiling using the provided screws.
5. **Wiring:** Connect the household electrical wires to the terminal block on the fixture. Ensure correct polarity (Live to Live, Neutral to Neutral, Earth to Earth). If unsure, consult a qualified electrician.
6. **Fixture Attachment:** Carefully attach the main fixture body to the mounted plate, securing it with the provided screws or fasteners.
7. **Bulb Installation:** Screw four E27 light bulbs (not included) into the sockets. Do not overtighten.
8. **Final Check:** Ensure all connections are secure and the fixture is firmly mounted. Restore power at the circuit breaker.

RUBEN

Item number: 00124/14/30
EAN code: 5411212010919

Image: Technical drawing illustrating the dimensions of the Lucide RUBEN Ceiling Light. The fixture measures 36 cm in length, 36 cm in width, and 22 cm in height.

OPERATING INSTRUCTIONS

The Lucide RUBEN Ceiling Light is operated via a standard wall switch connected to your household electrical system. Once installed and powered, simply use the wall switch to turn the light on or off.

Dimming Functionality

This fixture is compatible with dimmable E27 LED light sources and can be connected to an external dimmer switch (not supplied). To utilize the dimming feature, ensure you use dimmable bulbs and have a compatible dimmer switch installed in your electrical circuit.

Image: Feature overview of the Lucide RUBEN Ceiling Light, indicating its dimmable capability, high-quality metal construction, and a 2-year brand warranty.

MAINTENANCE

Cleaning

To clean the fixture, ensure the power is off and the fixture has cooled down. Wipe with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.

Bulb Replacement

Before replacing bulbs, switch off the power supply. Allow old bulbs to cool completely. Unscrew the old bulb counter-clockwise and screw in a new E27 bulb clockwise. Ensure the new bulb does not exceed 40W. Restore power after replacement.

Best combined with

4X

Light bulb(s) not included

Lucide G95 - Filament bulb - Ø 9,5 cm - LED Dim. -

E27 - 1x5W 2200K - Amber

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Light does not turn on.	No power supply, faulty bulb, loose wiring.	Check circuit breaker. Replace bulb. Verify wiring connections (ensure power is off).
Light flickers.	Loose bulb, incompatible dimmer, faulty wiring.	Tighten bulb. Ensure dimmable bulbs are used with a compatible dimmer. Check wiring (power off).
Dimming does not work.	Non-dimmable bulbs, incompatible dimmer, incorrect wiring.	Use dimmable E27 bulbs. Ensure dimmer is compatible with LED bulbs. Check dimmer wiring.

If you experience issues not listed here or if the problem persists after attempting the solutions, please contact customer support.
