3. SETUP

Unpacking and Placement

Carefully remove the TV from its packaging. It is recommended to have two people for this process due to the size and delicate nature of the screen. Place the TV on a stable, flat surface or mount it securely to a wall using a compatible VESA mount (sold separately).

Connecting the One Connect Box

The Samsung S95C features an Infinity One Design with a Slim One Connect Box. This external box houses all your input and output ports, allowing for a cleaner setup with a single cable running to the TV.

1. Connect the Slim Cable from the One Connect Box to the One Connect port on the back of the TV.
2. Connect your external devices (Blu-ray players, gaming consoles, soundbars, etc.) to the appropriate HDMI, USB, or other ports on the One Connect Box.

3. Connect the power cable to the One Connect Box and then to a wall outlet.

Initial Power On and Setup Wizard

Once all connections are made, press the Power button on the remote control. The TV will guide you through an initial setup wizard, including:

- Language selection
- Network connection (Wi-Fi or Ethernet)
- Channel scanning (for antenna/cable connections)
- Smart Hub setup and app installation
- Account login (Samsung account recommended for full features)

4. OPERATING YOUR TV

Using the SolarCell Remote Control

The included SolarCell Remote Control can be charged by indoor lighting or USB-C. Familiarize yourself with its buttons for navigation, volume, channel, and Smart Hub access.

Smart Hub and Applications

The Smart Hub is your central access point for streaming apps, live TV, connected devices, and more. Navigate using the directional pad on your remote. You can download additional apps from the Samsung App Store.

Picture and Sound Settings

Access the Settings menu to customize your viewing and listening experience. Adjust picture modes (Standard, Dynamic, Movie, Filmmaker Mode), brightness, contrast, color, and sharpness. For audio, explore options like Sound Mode, Equalizer, Dolby Atmos, Object Tracking Sound+, and Q-Symphony settings.

Gaming Hub

The Samsung Gaming Hub provides a dedicated interface for cloud gaming services and connected consoles. Access it directly from the Smart Hub to quickly launch your favorite games. Ensure a high-speed internet connection and compatible controller for cloud gaming.

Voice Assistants

Your TV supports multiple voice assistants, including Bixby and Alexa Built-in. Use the microphone button on your remote to activate the voice assistant and control your TV, search for content, or get information using voice commands.

5. MAINTENANCE AND CARE

Screen Cleaning

To clean the screen, gently wipe it with a soft, dry microfiber cloth. For stubborn smudges, lightly dampen the cloth with distilled water. Avoid using harsh chemicals, abrasive materials, or direct spraying of liquids onto the screen.

General Care

- Keep the TV away from direct sunlight and heat sources.
- Ensure adequate ventilation around the TV and One Connect Box.
- Avoid placing heavy objects on the TV or One Connect Box.
- Regularly check for software updates to ensure optimal performance and security.

Pixel Refreshing (OLED)

As an OLED TV, your S95C may feature a pixel refreshing function to maintain picture quality and prevent image retention. This process typically runs automatically when the TV is off or can be initiated manually through the settings menu. Refer to the E-Manual for specific instructions on this feature.

6. TROUBLESHOOTING

If you encounter issues with your TV, try the following basic troubleshooting steps:

- **No Power:** Ensure the power cable is securely connected to the One Connect Box and the wall outlet. Try a different outlet.
- **No Picture/Sound:** Check all HDMI and other input connections to the One Connect Box. Ensure the correct input source is selected on the TV. Restart connected devices.
- **Remote Not Working:** Check the remote's charge level (for SolarCell remote) or replace batteries (if applicable). Ensure there are no obstructions between the remote and the TV/One Connect Box.
- **Network Connection Issues:** Restart your router and modem. Reconnect the TV to your Wi-Fi network or check the Ethernet cable connection.

For more detailed troubleshooting, please refer to the comprehensive E-Manual accessible directly from your TV's settings menu or download the PDF version from the Samsung support website.
