SUNESA 10X

SUNESA Double-Sided Folding Adjustable Magnifying Makeup Mirror (10X) User Manual

Model: 10X (ASIN: B0BWH3S7S2) | Brand: SUNESA

INTRODUCTION

Thank you for choosing the SUNESA Double-Sided Folding Adjustable Magnifying Makeup Mirror. This portable and versatile mirror is designed to assist with precise makeup application, contact lens insertion, and detailed grooming tasks. It features a double-sided design with both a standard mirror and a 10X magnifying mirror, along with a 360° folding adjustable stand for optimal viewing angles.

Figure 1: Overview of the SUNESA Double-Sided Folding Adjustable Magnifying Makeup Mirror.

SETUP

1. **Unpack the Mirror:** Carefully remove the mirror from its packaging. Inspect for any damage.
2. **Unfold the Stand:** Gently unfold the base of the mirror to create a stable stand. The hinge allows for 360° rotation, enabling various viewing angles.
3. **Position the Mirror:** Place the mirror on a flat, stable surface such as a vanity, desk, or countertop. Adjust the angle of the mirror to your preferred viewing height and orientation.

Figure 2: The mirror's dimensions and folding mechanism.

OPERATING INSTRUCTIONS

1. **Adjusting the Angle:** The mirror's stand is designed for 360° rotation. Hold the base firmly and gently tilt the mirror to achieve the desired viewing angle.
2. **Using the Double-Sided Feature:**
 - One side provides a **standard, true-to-life reflection** for general makeup application and hair styling.
 - The other side offers **10X magnification**, ideal for detailed tasks such as applying eyeliner, mascara, tweezing eyebrows, or inserting contact lenses.
3. **Optimal Magnification Use:** When using the 10X magnifying side, position your face approximately 4-6 inches (10-15 cm) from the mirror for the clearest, distortion-free reflection. Moving too far away may cause distortion.

Figure 3: Demonstrating the standard and magnified sides of the mirror.

MAINTENANCE

- **Cleaning the Mirror:** Use a soft, lint-free cloth (e.g., microfiber) to gently wipe the mirror surfaces. For

smudges, lightly dampen the cloth with water or a mild, non-abrasive glass cleaner. Avoid harsh chemicals, abrasive cleaners, or rough materials, as these can scratch the mirror or damage the finish.

- **Cleaning the Frame:** Wipe the ABS frame with a soft, damp cloth. Dry thoroughly.
- **Storage:** When not in use, the mirror can be folded flat for compact storage, protecting the mirror surfaces and saving space. Store in a dry environment away from direct sunlight or extreme temperatures.
- **Handling:** Handle the mirror with care to prevent drops or impacts, which could damage the mirror or its folding mechanism.

TROUBLESHOOTING

Problem: Image appears distorted or blurry on the magnifying side.

Solution: This is common with high magnification mirrors. Ensure your face is positioned at the optimal distance, typically 4-6 inches (10-15 cm) from the 10X mirror. Adjust your distance until the image is clear.

Problem: Mirror does not stay in the desired angle.

Solution: Check the hinge mechanism. Ensure it is fully extended or folded to a stable position. If the issue persists, ensure the mirror is placed on a completely flat and stable surface.

Problem: Scratches on the mirror surface.

Solution: Scratches are typically caused by improper cleaning or handling. Always use a soft, lint-free cloth and avoid abrasive materials or cleaners. Store the mirror folded to protect the surfaces.

SPECIFICATIONS

Brand	SUNESA
Model	10X Magnifying Mirror (ASIN: B0BWH3S7S2)
Magnification	10X (one side), 1X (other side)
Material	Acrylonitrile Butadiene Styrene (ABS)
Product Dimensions	9.65"L x 4.8"W (24.5cm L x 12.2cm W)
Mounting Type	Tabletop Mount
Special Features	Adjustable, Foldable, Double-Sided
Color	Onecolor (as per variant)
Item Weight	0.035 ounces (approx. 1 gram)
