Outsunny 9' x 4'

Outsunny 9' x 4' Crop Cage Instruction Manual

Model: 9' x 4'

INTRODUCTION

The Outsunny 9' x 4' Crop Cage is designed to provide a protective environment for your plants, shielding them from birds and small animals while ensuring they receive essential sunlight and rain. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to help you maximize the benefits of your crop cage.

SAFETY INFORMATION

- Ensure all ground stakes are securely anchored to prevent collapse, especially in windy conditions.
- Avoid prolonged exposure of the mesh material to intense UV rays to extend product lifespan.
- Handle all components with care during assembly and disassembly to avoid injury from sharp edges.
- Assembly is recommended for 1-2 people.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged.

- HDPE Mesh Cover
- Alloy Steel Frame Components (Poles and Connectors)
- Portable Storage Bag
- U-shaped Ground Stakes (4 included)

SETUP INSTRUCTIONS

Follow these steps for proper assembly of your Outsunny Crop Cage. It is recommended that 1-2 people assemble the unit.

1. **Unpack Components:** Carefully remove all parts from the storage bag and lay them out on a clean, flat surface.
2. **Assemble the Frame:** Connect the alloy steel poles using the provided connectors to form the arched frame structure. Ensure all connections are secure.

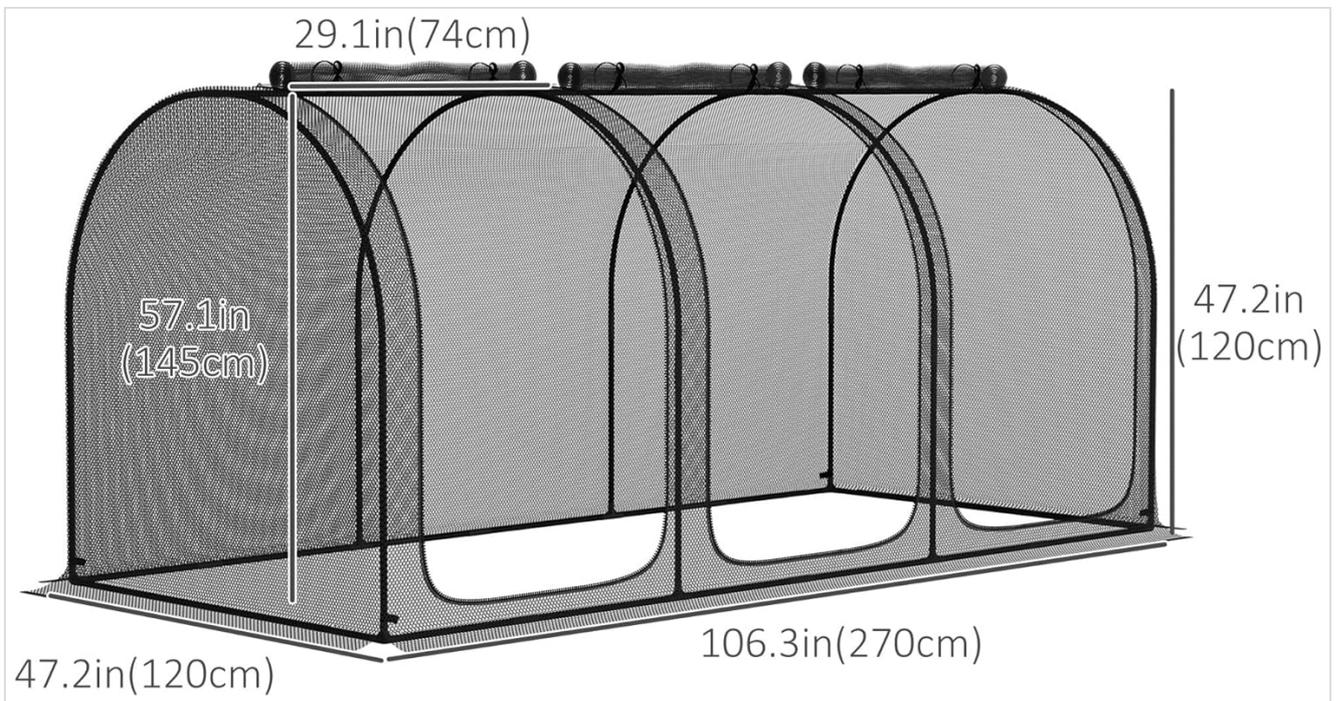

Image: Detail of the steel tube connection for frame assembly.

3. **Attach the Mesh Cover:** Drape the HDPE mesh cover over the assembled frame. Align the zippered doors and ensure the mesh fits snugly over the entire structure.
4. **Position the Crop Cage:** Place the assembled crop cage in your desired garden location.
5. **Secure with Ground Stakes:** Use the four U-shaped ground stakes to firmly anchor the crop cage to the soil. Bury the stakes deep into the ground to provide stability and wind resistance. The ground frame should also be deeply buried in the soil for added stability.

STABLE STANDING

The stakes are supposed to be completely nailed to the ground

The ground frame should be deeply buried in the soil

OPERATING INSTRUCTIONS

The Outsunny Crop Cage is designed for ease of use and effective plant protection.

- **Accessing Plants:** The crop cage features three zippered doors. To access your plants for watering, trimming, weeding, or harvesting, simply unzip the desired door. The doors can be rolled up and secured to remain open.

ROLL-UP ZIPPERED DOORS

Easy to access your leafy friends

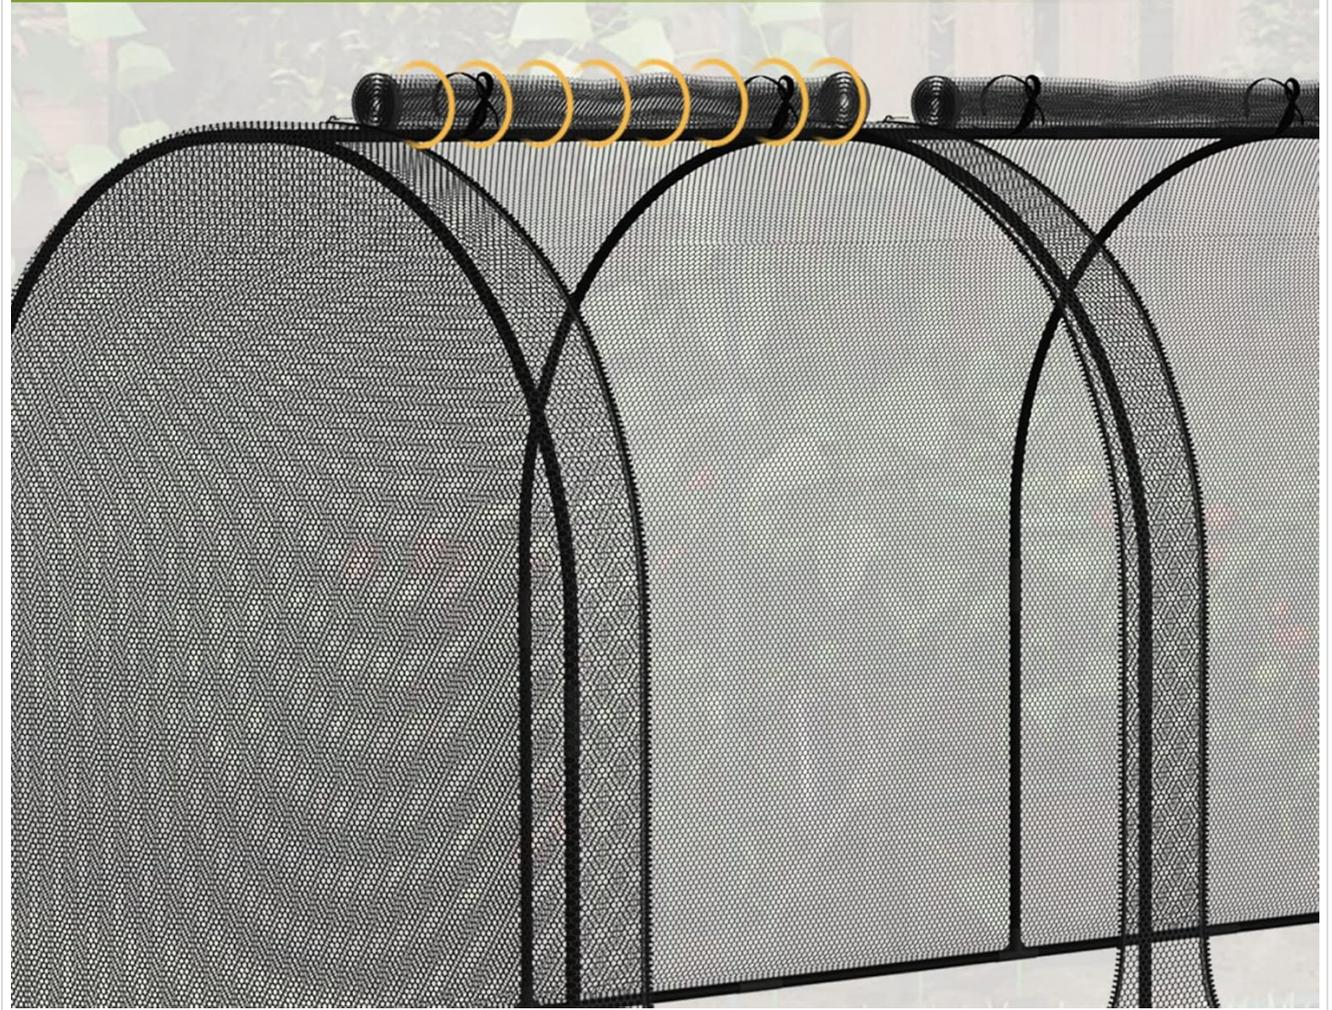

Image: Detail of the zippered doors for easy plant access.

- **Plant Protection:** The HDPE mesh material effectively keeps out birds and small animals while allowing sunlight, fresh air, and rain to reach your plants, promoting healthy growth.

HDPE PLANT PROTECTOR

- Keep animals away
- Allow sunlight, fresh air and rain in

Image: The mesh design protects plants from pests.

MAINTENANCE

- **Cleaning:** Periodically inspect the mesh for debris. Clean the mesh cover with a soft brush and mild soap solution if necessary, then rinse thoroughly and allow to air dry.
- **Storage:** At the end of the growing season or when not in use, disassemble the crop cage and store it in the included portable storage bag. Store in a cool, dry place away from direct sunlight to prolong the life of the materials.

EASY TO USE & STORAGE

Steel tubes are easy to connect and disassemble

Image: Components of the crop cage ready for storage in the carry bag.

- **Inspection:** Regularly check the frame for any signs of damage or wear. Ensure all connections remain secure.

TROUBLESHOOTING

- **Cage Instability:** If the crop cage feels unstable, ensure all ground stakes are fully inserted into the soil and the base frame is buried as recommended. In areas with strong winds, consider adding additional anchoring points or weights.
- **Difficulty with Assembly:** If you encounter difficulty during assembly, double-check that all poles and connectors are correctly aligned according to the instructions. Ensure no parts are forced, as this may cause damage.
- **Mesh Damage:** In case of minor tears or holes in the mesh, repair with a suitable mesh repair kit to maintain protection. For significant damage, contact customer support for replacement options.

SPECIFICATIONS

Brand	Outsunny
Model	9' x 4' Crop Cage

Overall Dimensions	106.25" W x 47.25" D x 47.25" H (270cm W x 120cm D x 120cm H)
