Tvilum Wardrobe with 2 Sliding Doors User Manual

Model: 703884949 | Brand: Tvilum

1. Introduction

This manual provides instructions for the assembly, operation, and maintenance of your Tvilum Wardrobe with 2 Sliding Doors. This wardrobe is designed for clothing storage in bedrooms and other living spaces, featuring two sliding doors for efficient access to its contents. Please read this manual thoroughly before proceeding with assembly or use to ensure proper function and longevity of your product.

2. Safety Information

Adhere to the following safety guidelines to prevent injury or damage to the product:

- Read all instructions carefully before assembly and use.
- Ensure all components are securely fastened during assembly to prevent instability.
- Do not exceed the maximum weight limit for the hanging rod (24 lbs) or shelves.
- For enhanced stability, consider wall-mounting the wardrobe if specified in the separate assembly instructions.
- Keep small parts and packaging materials away from children.

3. Package Contents

Before beginning assembly, verify that all parts are present and undamaged. Refer to the separate assembly guide included with your product for a detailed list of components and hardware. Key components typically include:

- Wardrobe panels (sides, top, bottom, back)
- Sliding doors
- Door handles
- Fixed shelves
- Hanging rod
- Assembly hardware (screws, dowels, cam locks, etc.)

4. Assembly Instructions

Assembly of the Tvilum Wardrobe is required. Detailed, step-by-step instructions and diagrams are provided in a separate assembly guide included with your product. Please follow that guide precisely.

- It is recommended to assemble the wardrobe on a soft, clean surface to prevent scratches.
- Two people are recommended for assembly to ensure safety and ease of construction.
- Ensure all connections are tightened securely, but do not overtighten.
- For optimal stability and safety, follow any wall-mounting instructions provided in the assembly guide.

5. Setup

Proper placement of your wardrobe contributes to its stability and functionality.

- Choose a level surface for placement. Uneven surfaces can affect door alignment and overall stability.
- Position the wardrobe away from direct sunlight and heat sources to prevent material degradation and discoloration.
- Ensure adequate space around the wardrobe for the sliding doors to operate freely without obstruction.

6. Operating Instructions

6.1. Sliding Doors

The wardrobe features two sliding doors for access to the interior compartments.

- To open or close a door, gently slide it along its track using the integrated handles. Avoid forcing the doors.
- Ensure the doors are properly seated in their tracks for smooth and quiet operation.

6.2. Storage

The wardrobe includes two fixed shelves and one hanging rod for organized storage.

- The hanging rod is designed to hold up to 24 lbs of clothing.
- Distribute weight evenly across shelves and the hanging rod to maintain stability and prevent warping.

7. Maintenance

7.1. Cleaning

- Wipe surfaces with a soft, damp cloth.
- Avoid abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- Dry immediately with a clean, soft cloth to prevent water spots.

7.2. General Care

- Periodically check all screws and fittings to ensure they remain tight. Retighten as necessary.
- Inspect door tracks for any debris (dust, lint) that might hinder smooth operation. Clean as needed using a soft brush or vacuum.

8. Troubleshooting

8.1. Doors do not slide smoothly or come off tracks

- **Check Level Surface:** Ensure the wardrobe is placed on a completely level surface. Unevenness can cause door misalignment. Adjust the wardrobe's position or use shims if necessary.
- **Inspect Tracks:** Examine the top and bottom door tracks for any obstructions (e.g., dust, small objects) or damage. Clean or clear as needed.
- **Verify Installation:** Confirm that the doors are correctly installed in both the top and bottom tracks. Refer to the assembly guide for proper door installation steps.
- **Tighten Hardware:** Ensure all assembly hardware related to the door mechanism (rollers, guides, track fasteners) is securely tightened.

8.2. Wardrobe feels unstable

- **Tighten Fasteners:** Confirm all assembly screws, cam locks, and other fasteners are fully tightened throughout the entire structure.
- **Level Surface:** Ensure the wardrobe is placed on a flat, level surface.
- **Wall Anchoring:** If applicable and recommended in the assembly guide, ensure the wardrobe is securely anchored to the wall using the provided hardware to prevent tipping.

9. Specifications

Brand	Tvilum
Model Name	Tvilum Wardrobe with 2 Sliding Doors
Model Number	703884949
UPC	843029115399
Product Dimensions (D x W x H)	19" x 30.55" x 69.06" (48.26cm x 77.6cm x 175.4cm)
