What's in the Box

Upon opening the package, you should find the following items:

- ESR Rebound Magnetic Keyboard Case

- Multi-Touch Trackpad (integrated)

Setup

1. Attaching Your iPad

1. Ensure your iPad is clean and free of debris.
2. Align your compatible iPad Pro 12.9-inch with the magnetic back panel of the keyboard case. The powerful magnets will securely snap your iPad into place.
3. The case provides a strong magnetic hold, keeping your iPad secure with 1,800g of holding force.

Image: Detail of the strong magnetic connection, ensuring the iPad remains firmly attached to the keyboard case.

2. Initial Bluetooth Pairing

1. Turn on the keyboard (if applicable, specific instruction not provided in data, assuming standard keyboard power).
2. On your iPad, go to **Settings** > **Bluetooth**.
3. Ensure Bluetooth is turned **On**.
4. Look for "ESR Keyboard" or a similar name in the "Other Devices" list and tap to connect.
5. Once paired, the keyboard will automatically connect to your iPad when turned on and within range.

Operating Instructions

Using the Free-Floating Stand

The keyboard case features a magnetic quick-set stand. Simply open the case, and the free-floating stand will allow you to achieve the perfect viewing or typing angle. The ultra-strong magnets ensure stability.

Keyboard Functionality

The keyboard features larger, perfectly arranged keys with a quality scissor mechanism, providing a responsive and comfortable typing experience. The keys are designed for quiet, fluid, and accurate typing.

The keyboard also features backlit keys for use in low-light conditions.

Multi-Touch Trackpad

The extended, ultra-sensitive multi-touch trackpad allows for precise control of your iPad. You can type, drag, and swipe with perfect precision, navigating your iPad in a new way. Multi-touch gestures require iPadOS 14.5 or higher.

Secure Magnetic Clasp and Pencil Holder

The case includes a secure magnetic clasp that supports the Apple Pencil 2 for charging and storage. It also features a dedicated pencil holder to keep your Apple Pencil secure when not in use, and the clasp helps secure the iPad within the case.

Maintenance

To ensure the longevity and optimal performance of your ESR Rebound Magnetic Keyboard Case, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to wipe down the keyboard and case. For stubborn marks, slightly dampen the cloth with

water. Avoid harsh chemicals or abrasive materials.

- **Protection:** The case offers 360° total protection against drops, bumps, and scratches. However, avoid exposing the case to extreme temperatures, direct sunlight, or liquids.
- **Storage:** When not in use for extended periods, store the keyboard case in a cool, dry place.

Troubleshooting

If you encounter any issues with your ESR Rebound Magnetic Keyboard Case, please refer to the following common solutions:

Problem	Possible Solution
Keyboard not connecting via Bluetooth	◦ Ensure the keyboard is powered on. ◦ Check if Bluetooth is enabled on your iPad. ◦ Forget the device in iPad's Bluetooth settings and re-pair. ◦ Ensure the keyboard is charged (if it has an internal battery). ◦ Restart your iPad and the keyboard.
Keys not responding	◦ Verify Bluetooth connection. ◦ Check for low battery on the keyboard. ◦ Restart the keyboard and iPad.
Trackpad not working	◦ Ensure iPadOS is 14.5 or higher for multi-touch gestures. ◦ Check Bluetooth connection. ◦ Restart the keyboard and iPad. ◦ Ensure the trackpad is clean and free of obstructions.
iPad not securely held by magnets	◦ Ensure your iPad model is compatible with the case. ◦ Check for any foreign objects or debris between the iPad and the magnetic panel.
