HUBBLE CONNECTED HCTNPDLX

HUBBLE CONNECTED Nursery Pal Deluxe Smart Baby Monitor User Manual

Model: HCTNPDLX

INTRODUCTION

The HUBBLE CONNECTED Nursery Pal Deluxe is a smart baby monitor system designed to provide comprehensive monitoring of your child. It includes a portable baby unit camera and a 5-inch HD color touchscreen parent unit, offering both local and remote viewing capabilities via the HubbleClub app.
This manual provides detailed instructions for setting up, operating, and maintaining your Nursery Pal Deluxe monitor, along with troubleshooting tips and product specifications.

WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- Parent Unit
- Baby Unit (Camera)
- Power Adapter x2
- Quick Start Guide
- HubbleGrip (Flexible mounting accessory)

SETUP

1. Charging the Units

Before initial use, fully charge both the Parent Unit and the Baby Unit using the provided power adapters. The Parent Unit has a built-in battery for portability, and the Baby Unit also features a built-in rechargeable battery for flexible placement.

2. Positioning the Baby Unit (Camera)

Place the Baby Unit in a location that provides a clear view of your baby. Ensure it is at least 3 feet (1 meter) away from your baby to avoid potential hazards. The included HubbleGrip allows for versatile mounting options, such as clamping to a crib rail or standing on a flat surface.

Image: The baby unit camera mounted on a wall above a baby's crib, providing an overhead view.

3. Pairing the Units

The Parent Unit and Baby Unit are typically pre-paired. If they lose connection or you need to re-pair them, refer to the Quick Start Guide or the troubleshooting section for specific instructions.

4. Downloading the HubbleClub App

For remote viewing and advanced features, download the free HubbleClub app from the iOS App Store or Google Play Store. Follow the in-app instructions to connect your Baby Unit to your Wi-Fi network and link it to your account.

OPERATING INSTRUCTIONS

Parent Unit Viewer

- **Live Feed:** View your baby in HD on the 5-inch color touchscreen.
- **Remote Pan, Tilt, and Zoom:** Adjust the camera's view directly from the Parent Unit.
- **Two-Way Talk:** Communicate with your baby or partner through the monitor.
- **Room Temperature Monitoring:** Keep track of the nursery's temperature.
- **Night Vision:** Automatically activates in low light conditions for clear viewing.
- **Preloaded Content:** The Parent Unit includes preloaded lullabies, audiobooks, and soothing sounds to comfort your baby.
- **Hubble Baby Mode:** The Parent Unit doubles as an interactive viewer for children, offering educational videos, picture books, and games.

Baby Unit (Camera) Features

- **Portable Design:** Built-in rechargeable battery allows for flexible placement.
- **Remote Pan, Tilt, and Zoom:** Control the camera's perspective from the Parent Unit or HubbleClub app.
- **High Sensitivity Microphone:** Clearly pick up sounds from the nursery.
- **Privacy Mode:** Manually close the camera lens for privacy when not in use.

HubbleClub App Features

The HubbleClub app enhances your monitoring experience with additional functionalities:

- **Live Streaming:** View the camera feed from your smartphone or tablet with private end-to-end encryption.
- **Activity Notifications:** Receive alerts for motion, sound, and temperature changes.
- **Video Recordings & Images:** Manually capture precious moments or review motion-activated video footage.
- **BabyZone:** Access personalized audio recordings, routine management, and more.
- **Baby Growth Tracker:** Log and track your baby's milestones, growth, feeding patterns, and diaper changes.
- **Sleep & Parenting Tips:** Access expert advice and articles.

MAINTENANCE

Cleaning

To clean your monitor units, use a soft, dry, lint-free cloth. Do not use cleaning agents or abrasive materials. Avoid getting moisture into any openings.

Battery Care

To prolong battery life, avoid exposing the units to extreme temperatures. If storing for an extended period, ensure the batteries are partially charged.

TROUBLESHOOTING

- **No Picture/Sound on Parent Unit:** Ensure both units are powered on and within range. Re-pair the units if necessary (refer to the Quick Start Guide).
- **Poor Connection/Frequent Disconnects:** Check your Wi-Fi signal strength if using the app. Ensure the Baby Unit is not too far from the router or the Parent Unit. Obstacles like thick walls can interfere with the signal.
- **Parent Unit Screen Too Bright at Night:** Adjust the brightness settings on the Parent Unit.
- **Touch Screen Not Locking:** Ensure the Parent Unit is in the correct mode or setting to prevent accidental touches.
- **Audio Too Loud:** Adjust the volume settings on both the Parent Unit and within the HubbleClub app.
- **Camera Not Responding to Pan/Tilt/Zoom:** Check the connection. If using the app, ensure a stable internet connection.

SPECIFICATIONS
