› **Furbo 360° Dog Camera - PREMIUM Security Alerts PACK: Smart HD Camera with App, Night Vision, Auto Tracking, Treat Tossing, Advanced Barking Alert**

Furbo Furbo 3.5

Furbo 360° Dog Camera - Premium Security Pack

User Instruction Manual

1. PRODUCT OVERVIEW

The Furbo 360° Dog Camera is an advanced pet monitoring system designed to keep you connected with your dog and ensure home security. It features a 360° rotating camera, 1080p Full HD video, 4x digital zoom, and color night vision, allowing comprehensive surveillance of your pet and living space. The device also includes two-way audio for communication and a treat tossing mechanism for interactive play and training.

This Premium Security Pack includes enhanced smart alerts and cloud recording capabilities, which require an active Furbo Nanny subscription for full functionality. These features provide real-time notifications for various events, including barking, activity, and potential home emergencies like smoke alarms or glass breaking.

2. WHAT'S IN THE BOX

- Furbo 360° Dog Camera
- Power Adapter
- USB Cable
- Quick Start Guide

3. SETUP GUIDE

Follow these steps to set up your Furbo 360° Dog Camera:

1. **Plug In Furbo:** Connect the power adapter to your Furbo camera and plug it into a power outlet. The indicator light on the front of the Furbo will turn green.
2. **Download the Furbo App:** Download the Furbo app from the App Store (iOS) or Google Play Store (Android) on your smartphone.
3. **Create an Account:** Open the Furbo app and create a new account or log in if you already have one.
4. **Connect to Wi-Fi:** Follow the in-app instructions to connect your Furbo to your home Wi-Fi network.

Ensure your Wi-Fi signal is strong where you plan to place the camera.

5. **Fill with Treats:** Open the top lid of the Furbo and fill the treat dispenser with your dog's favorite round, firm treats (approximately 0.4 inches / 1 cm in diameter).
6. **Activate Subscription:** A Furbo Nanny subscription is required for full functionality, including smart alerts and cloud recording. Follow the in-app prompts to choose and activate your subscription plan.

For optimal performance, place your Furbo camera at a height where it has a clear view of your dog's main activity area, typically 3-4 feet (90-120 cm) off the ground.

4. OPERATING INSTRUCTIONS

4.1. Live View and Two-Way Audio

Access the live video feed of your dog through the Furbo app. Use the microphone icon to speak to your dog and the speaker icon to hear sounds from your home.

4.2. Treat Tossing

Tap the treat icon in the app to toss a treat to your dog. You can adjust the treat size and schedule treat dispensing through the app settings. This feature can be used for positive reinforcement or to alleviate separation anxiety.

4.3. 360° Rotation and Auto Dog Tracking

Swipe on the live view screen in the app to manually rotate the camera and get a full 360° view of your room. The Furbo also features Auto Dog Tracking, which automatically follows your dog's movements within the camera's field of view.

Automatically rotates with Auto Dog Tracking

4.4. Smart Alerts (Furbo Nanny Subscription Required)

With an active Furbo Nanny subscription, you will receive intelligent alerts directly to your smartphone:

- **Activity Alert:** Notifies you of significant dog activity.
- **Barking Alert:** Informs you when your dog is barking excessively.
- **Glass Breaking Alert:** Detects and alerts you to the sound of breaking glass.
- **Person Alert:** Notifies you if a person is detected in the camera's view.
- **Smoke Alarm Alert:** Detects the sound of a smoke or CO alarm.

5. FURBO NANNY SUBSCRIPTION

The Furbo 360° Dog Camera requires a paid Furbo Nanny subscription to unlock its full range of smart features, including advanced alerts, cloud recording, and AI-powered pet insights. Without an active subscription, the camera will function primarily as a live-view camera with two-way audio and manual treat tossing.

Subscription plans are available monthly, yearly, or for two years, with options for single or multiple camera households. A minimum 3-month commitment is typically required for monthly plans. Please refer to the Furbo app or the official Furbo website for the most current pricing and plan details.

Activate your Furbo Nanny subscription

New or upgraded subscription is required
- camera will not work without one.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Furbo 360° Dog Camera, follow these maintenance guidelines:

- Cleaning:** Use a soft, dry cloth to wipe the exterior of the camera. For the lens, use a microfiber cloth specifically designed for optics. Do not use liquid cleaners or abrasive materials.
- Treat Dispenser:** Regularly check and clean the treat dispensing mechanism to prevent blockages from treat crumbs. Ensure only recommended treat sizes are used.
- Placement:** Keep the Furbo in a dry, indoor environment. Avoid direct sunlight, extreme

temperatures, and areas with high humidity.

- **Firmware Updates:** Keep your Furbo's firmware updated through the app to ensure you have the latest features and security enhancements.

7. TROUBLESHOOTING

If you encounter issues with your Furbo 360° Dog Camera, try the following solutions:

Problem	Possible Solution
Furbo won't connect to Wi-Fi.	<ul style="list-style-type: none">◦ Ensure your Wi-Fi network is 2.4GHz (Furbo does not support 5GHz).◦ Check your Wi-Fi password for accuracy.◦ Move Furbo closer to your Wi-Fi router.◦ Restart your Wi-Fi router and Furbo.
Treats are not tossing.	<ul style="list-style-type: none">◦ Check if the treat dispenser is empty.◦ Ensure treats are the correct size and not sticky or crumbly.◦ Clean the treat dispensing mechanism for any blockages.
Poor video quality or lag.	<ul style="list-style-type: none">◦ Verify your internet connection speed.◦ Move Furbo closer to your Wi-Fi router to improve signal strength.◦ Close other apps on your phone that might be consuming bandwidth.
No alerts received.	<ul style="list-style-type: none">◦ Ensure you have an active Furbo Nanny subscription.◦ Check app notification settings on your phone.◦ Verify alert settings within the Furbo app.

If the problem persists, please contact Furbo Customer Support for further assistance.
