HOMEFORT 21"W x 11"D x 43"H

HOMEFORT 4-Shelving Unit Adjustable Wire Shelving Instruction Manual

Model: 21"W x 11"D x 43"H

INTRODUCTION

Thank you for choosing the HOMEFORT 4-Shelving Unit. This manual provides detailed instructions for the assembly, operation, and maintenance of your new adjustable wire shelving unit. Please read this manual thoroughly before assembly and retain it for future reference.

SAFETY INFORMATION

WARNING:

- Do not exceed the weight limit of 120 lbs (55 kgs) per shelf.
- Ensure the shelf is level and properly assembled for stability and safety.
- Always distribute weight evenly across the shelves.
- Keep small children away from the shelving unit during assembly and ensure it is stable before use.

PARTS LIST

Before beginning assembly, please ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
Shelf Panels	Wire shelves	4
Support Poles	Vertical support poles (upper and lower sections)	8 (4 upper, 4 lower)
Plastic Clips	Used to secure shelves to poles	16 pairs (32 pieces)
Leveling Feet	Adjustable feet for stability	4
Shelf Liners	Clear mats to prevent small items from falling through	4

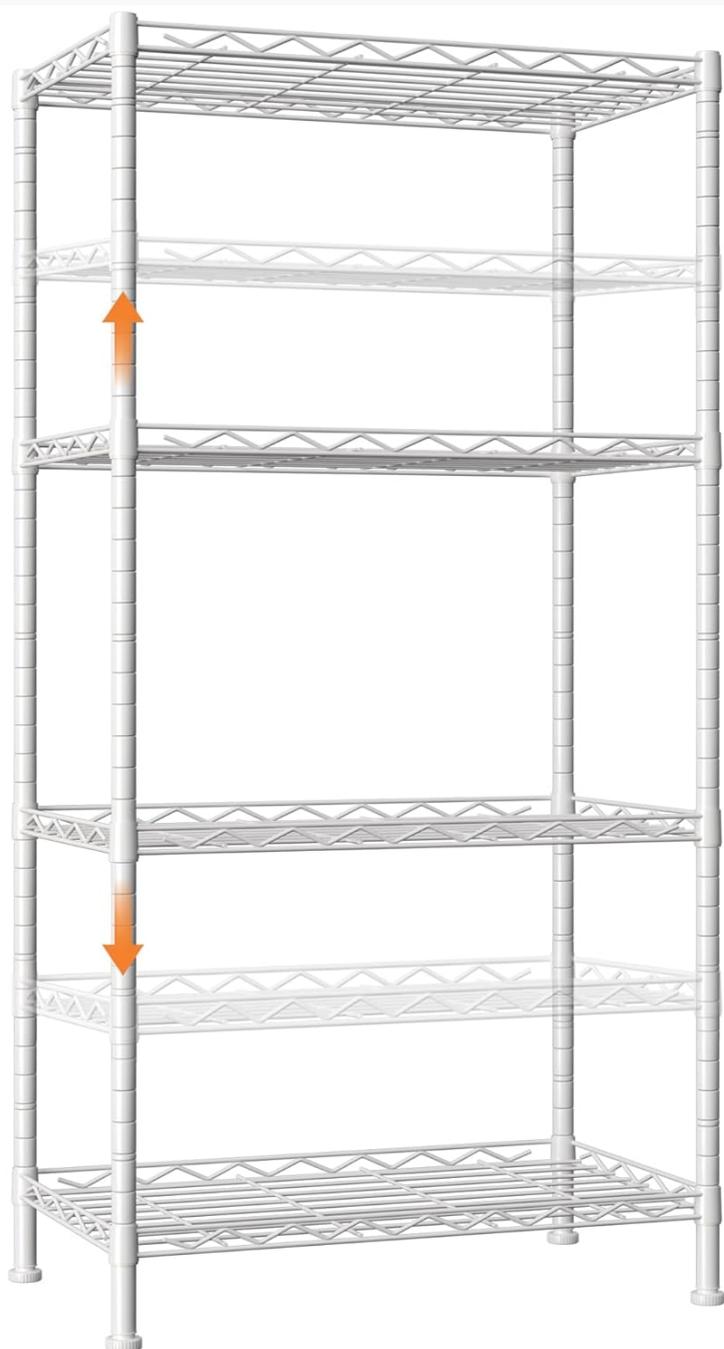

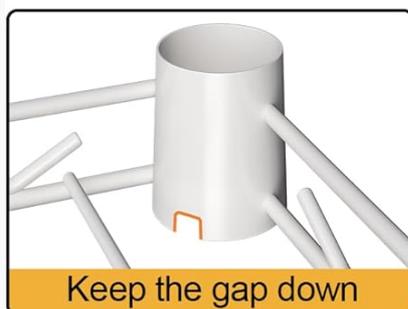

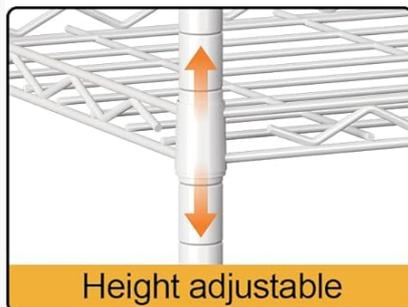

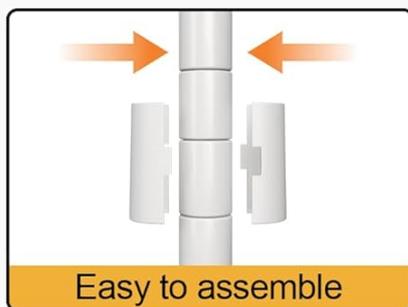

Part	Description	Quantity
Hooks	For hanging accessories	4
Wall Anchors	Optional for securing unit to wall	1 set

SETUP AND ASSEMBLY

Follow these steps for proper assembly of your HOMEFORT 4-Shelving Unit. No tools are required for basic assembly.

Step 1: Attach Leveling Feet

Screw the four leveling feet into the bottom of the lower support poles. These feet help stabilize the unit on uneven surfaces.

Detailed view of the adjustable leveling feet.

Step 2: Assemble Support Poles

Connect the upper and lower sections of the support poles. Ensure they click securely into place. The poles have grooves at regular intervals for shelf placement.

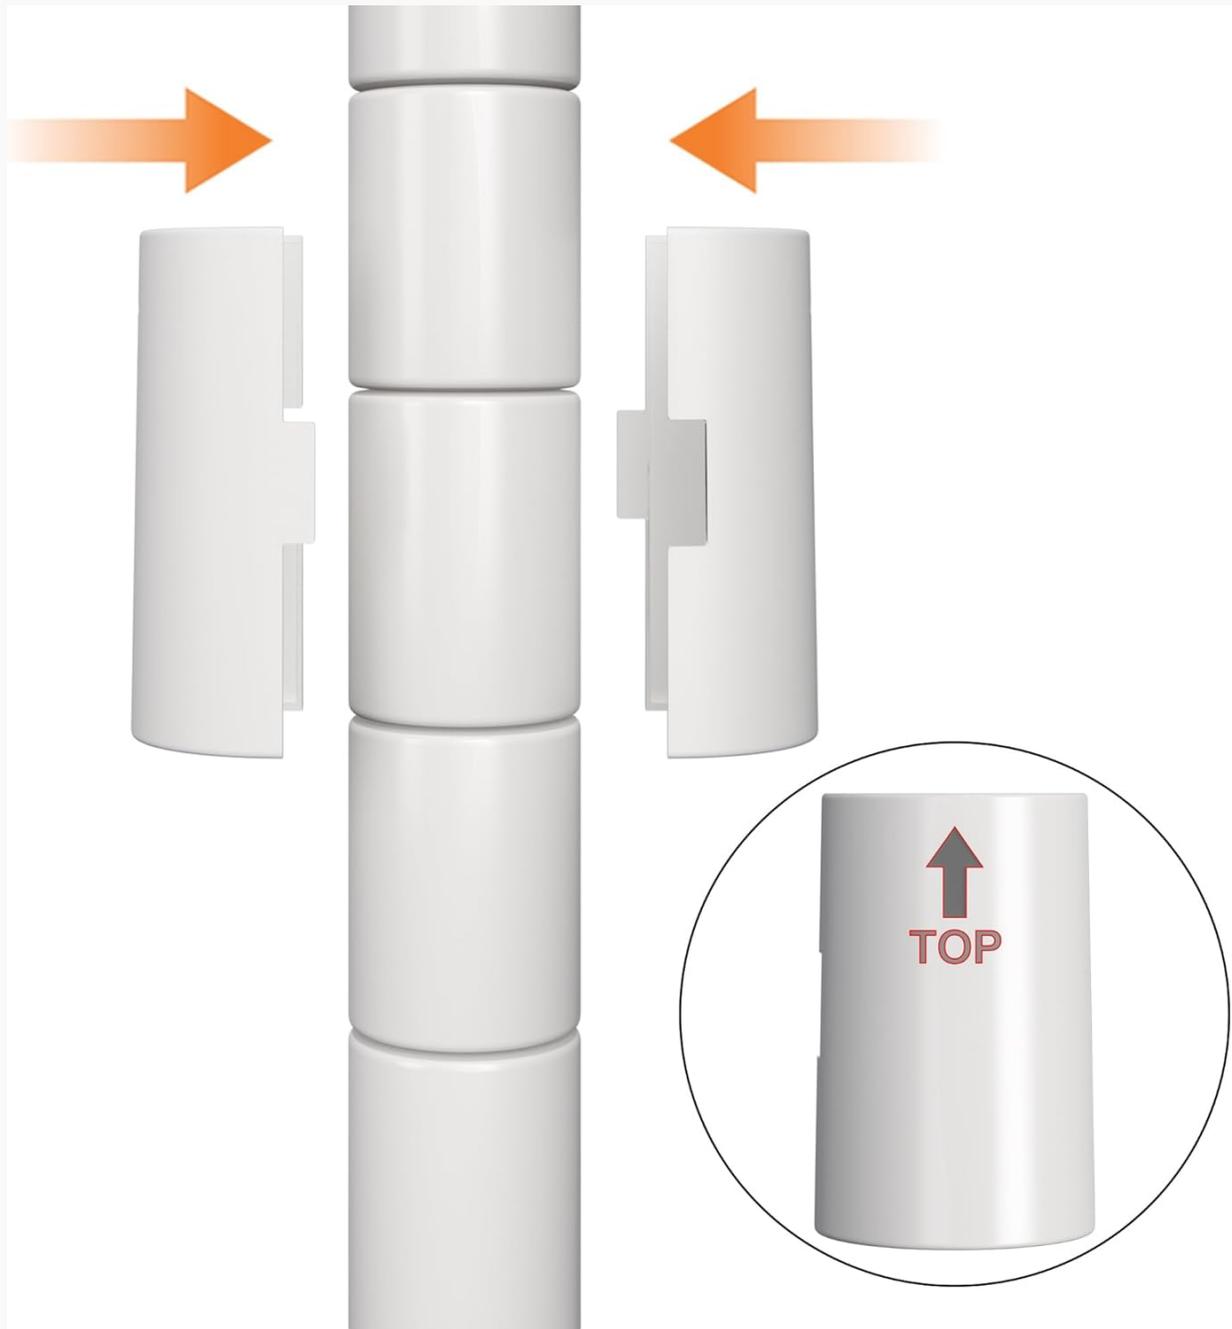

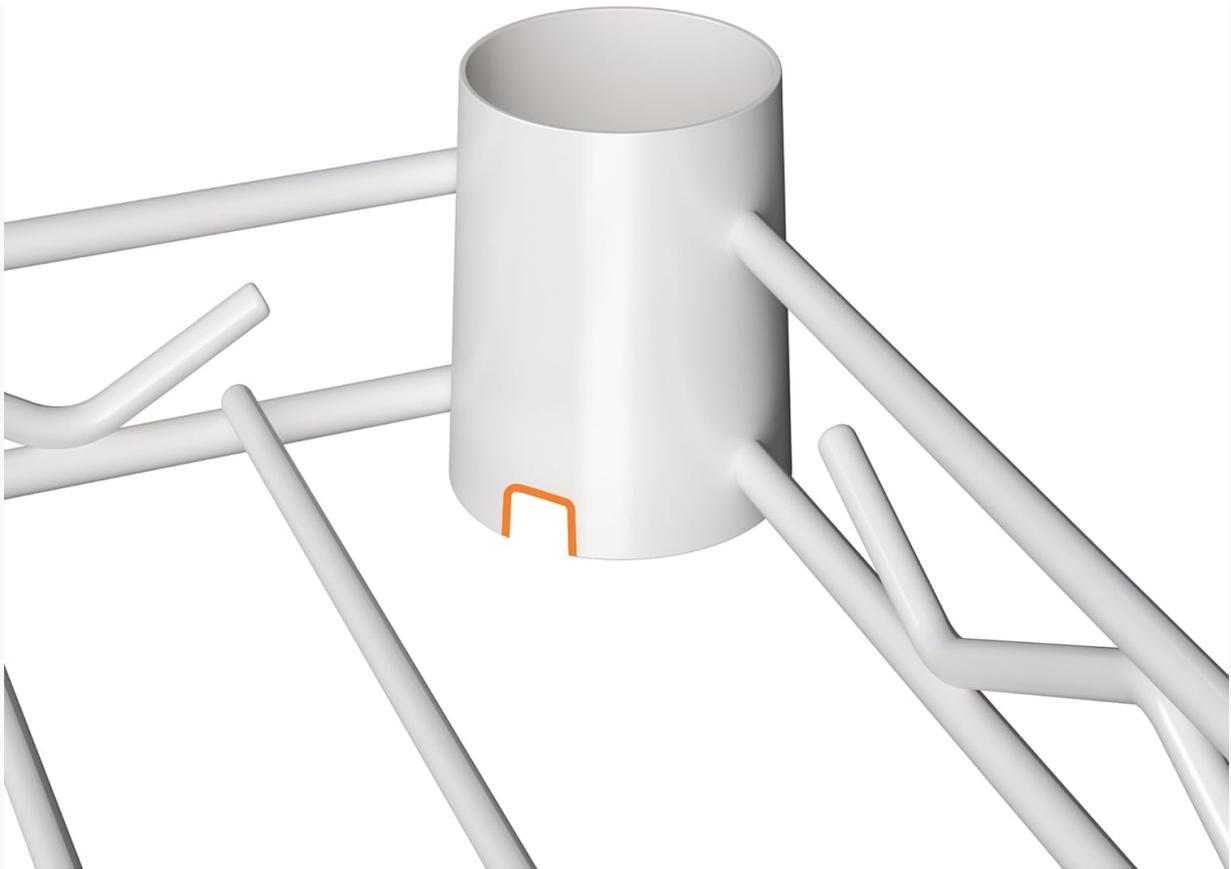

Illustration of how pole sections connect.

Step 3: Install Plastic Clips

Determine the desired height for your first shelf. Snap two plastic clips around each pole at the same height, ensuring the arrows on the clips point upwards. Make sure the clips are securely seated in the grooves.

Close-up of a plastic clip correctly positioned on a pole.

Step 4: Place the First Shelf

Slide a wire shelf down over the poles, aligning the corner sleeves of the shelf with the plastic clips. Press down firmly on each corner until the shelf is securely seated over the clips. Ensure the shelf is level.

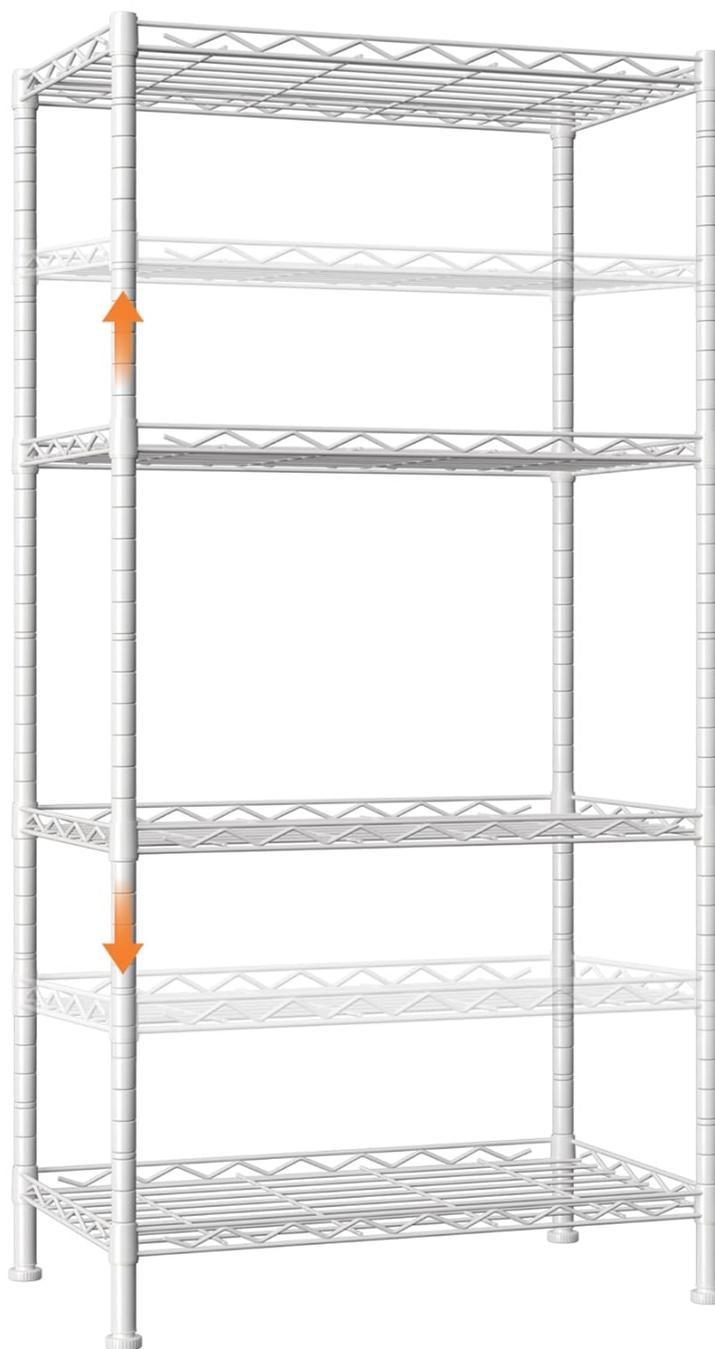

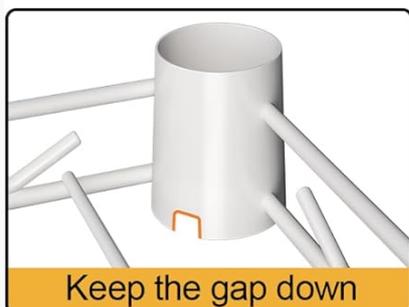

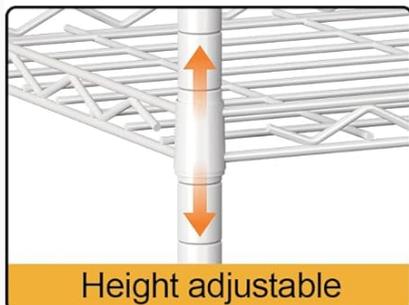

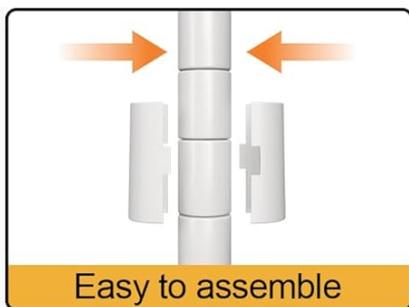

Illustration of shelf height adjustment and placement.

Step 5: Repeat for Remaining Shelves

Repeat Steps 3 and 4 for the remaining three shelves, adjusting their heights as needed. You can customize the spacing between shelves to accommodate different item sizes.

Step 6: Add Shelf Liners and Hooks

Place the clear shelf liners on top of the wire shelves to prevent small items from falling through. Attach the included hooks to the side of any shelf for hanging kitchen utensils or other accessories.

Optional: Wall Anchoring

For added stability, especially in households with children or pets, use the provided wall anchors to secure the shelving unit to a wall. Follow the instructions included with the wall anchor kit.

OPERATING AND USAGE

The HOMEFORT 4-Shelving Unit is designed for versatile storage in various environments.

- **Adjustable Shelves:** The height of each shelf can be adjusted to suit your storage needs. Simply remove the shelf, reposition the plastic clips at the desired height, and re-seat the shelf.
- **Versatile Placement:** This unit is suitable for kitchens, pantries, closets, bathrooms, laundry rooms, and garages.
- **Weight Distribution:** Always distribute items evenly across the shelves to maintain stability and prevent tipping.

The shelving unit provides organized storage in a kitchen setting.

The unit can also serve as a decorative storage solution in a living room.

This video demonstrates the adjustable features and versatility of the HOMEFORT wire shelving unit.

MAINTENANCE

To ensure the longevity and appearance of your shelving unit, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal shelves and poles with a dry cloth. For the plastic shelf liners, rinse them with water if needed. Avoid abrasive cleaners that may damage the finish.
- **Inspection:** Periodically check all connections and leveling feet to ensure they are secure. Tighten if necessary.
- **Weight Limits:** Always adhere to the maximum weight limit of 120 lbs per shelf to prevent damage or collapse.

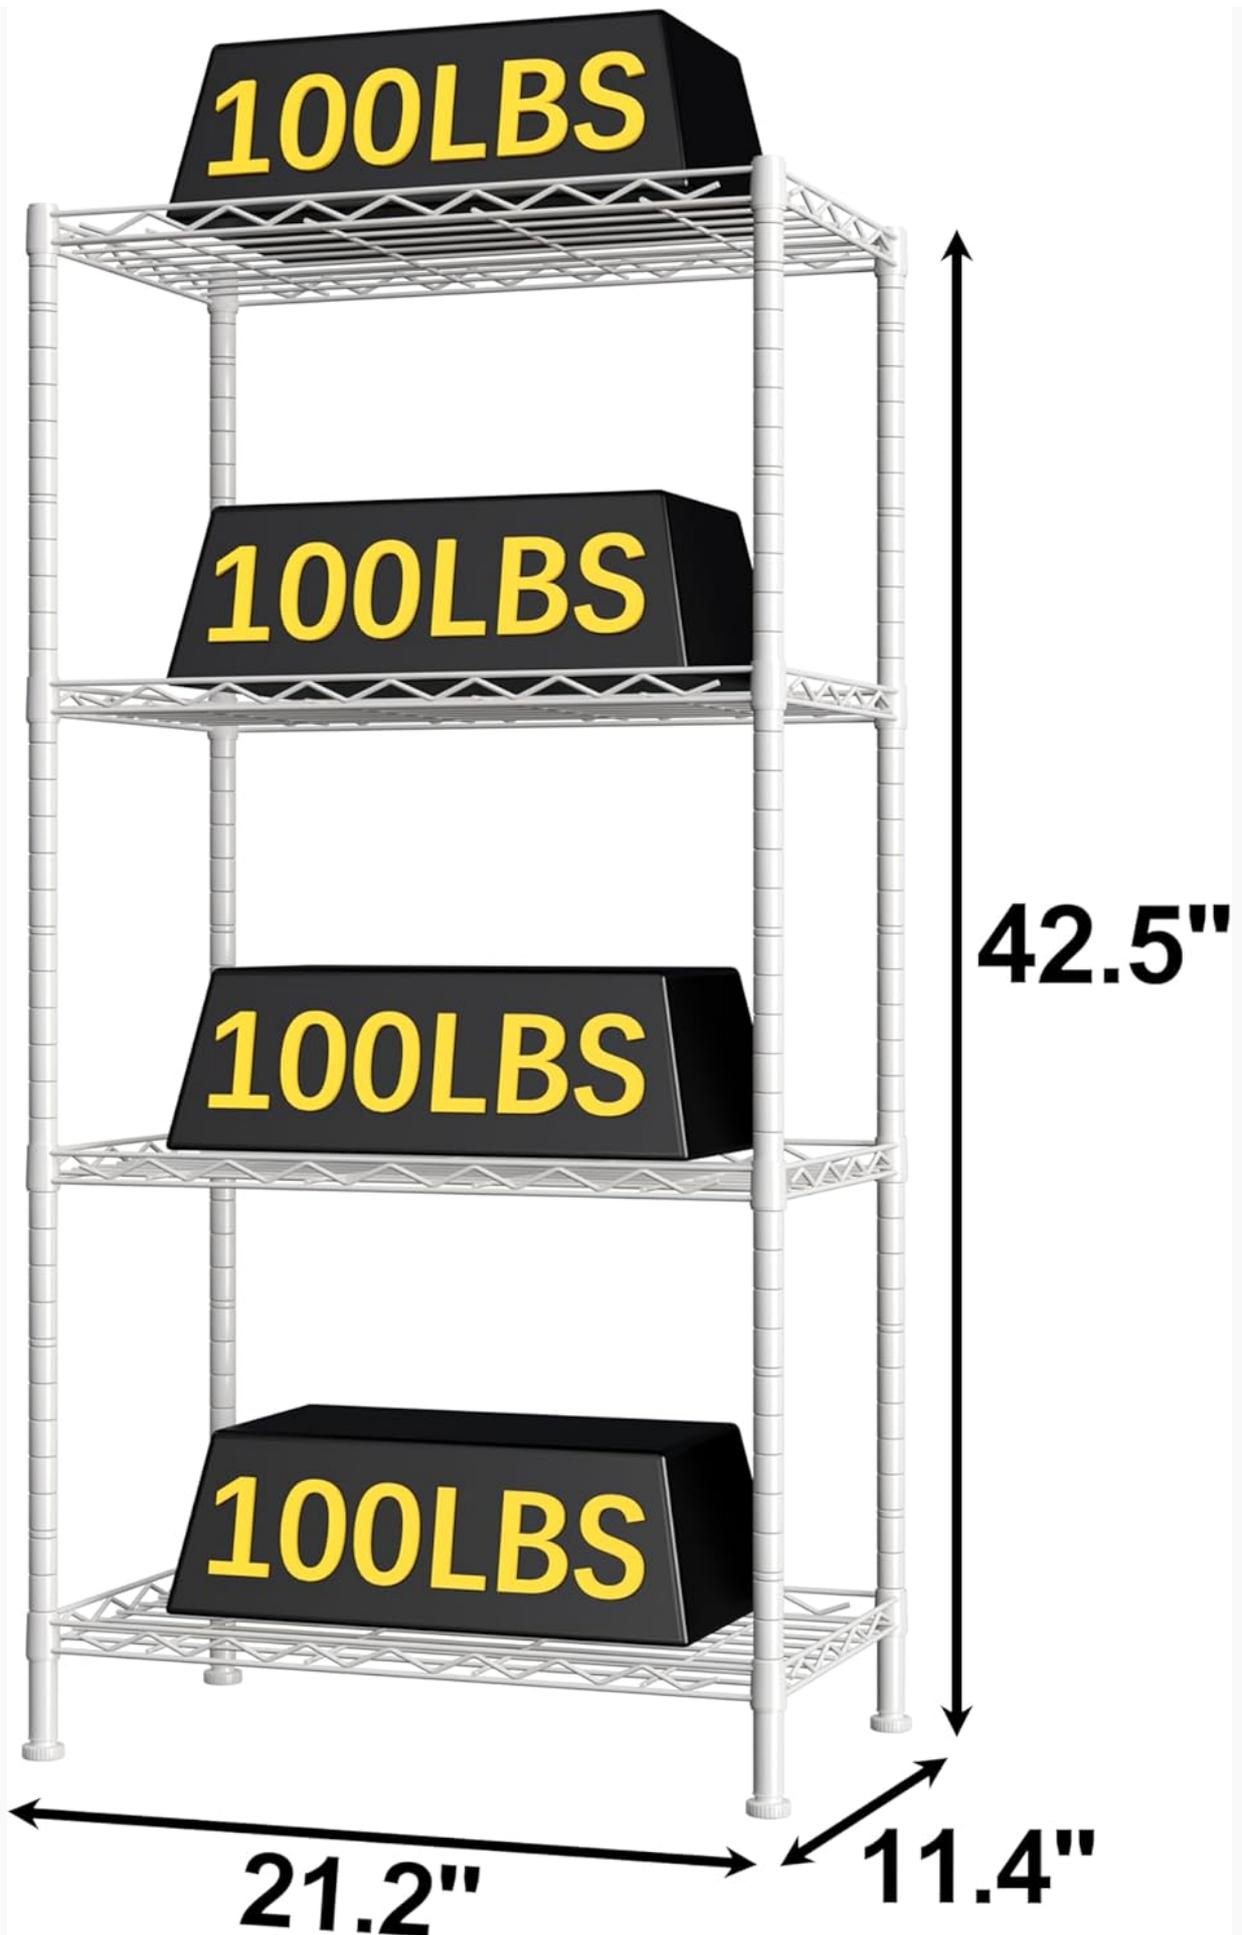

TROUBLESHOOTING

If you encounter any issues with your HOMEFORT 4-Shelving Unit, refer to the following common solutions:

Problem	Possible Cause	Solution
Unit is wobbly or unstable	Uneven floor; loose leveling feet; improper shelf seating.	Adjust the leveling feet until the unit is stable. Ensure all shelves are firmly seated on their plastic clips. Consider using wall anchors for added stability.
Shelf slides down	Plastic clips not properly seated in pole grooves; clips installed upside down.	Remove the shelf and clips. Reinstall clips ensuring they are firmly in the pole grooves and the arrows point upwards. Re-seat the shelf.
Missing parts	Packaging error.	Contact HOMEFORT customer support with your purchase details for replacement parts.
Difficulty assembling poles	Sections not aligned correctly.	Ensure the pole sections are aligned straight and push firmly until they click into place.

SPECIFICATIONS

Feature	Detail
Model Name	21x11x43 Inch
Dimensions (W x D x H)	21.3"W x 11.4"D x 41.3"H
Number of Shelves	4
Material	Metal
Color	White
Weight Limit per Shelf	120 lbs (55 kgs)
Total Weight Capacity	400 lbs
