### Oral-B 8006540861073

# Oral-B Pro Precision Clean Replacement Toothbrush Heads Instruction Manual

Model: 8006540861073

## PRODUCT OVERVIEW

The Oral-B Pro Precision Clean replacement brush heads are designed to provide superior cleaning for your electric toothbrush. Featuring innovative X-shaped bristles, these heads are engineered to reach areas that traditional bristles might miss, ensuring comprehensive plaque removal. Each brush head is designed to adapt perfectly to the contours of each tooth, contributing to cleaner teeth and healthier gums.

## SAFETY INFORMATION

- Do not use on sensitive areas of the mouth.
- Keep out of reach of children.
- This product contains nylon bristles, which may cause an allergic reaction in individuals with specific sensitivities.

## SETUP AND INSTALLATION

To attach the brush head, align the brush head with the shaft of your Oral-B electric toothbrush handle and push it down until it clicks into place. Ensure a secure fit before use. These brush heads are compatible with all Oral-B rechargeable electric toothbrushes, with the exception of Oral-B Pulsonic and Oral-B iO models.

## OPERATING INSTRUCTIONS

For effective brushing, moisten the brush head and apply a small amount of toothpaste. Place the brush head against your teeth at a slight angle, covering each tooth surface. Guide the brush head slowly from tooth to tooth, allowing the bristles to clean each surface thoroughly. Do not scrub aggressively. The unique design with three different bristle lengths ensures optimal adaptation to each tooth for comprehensive cleaning.

**Grün = 100% Putzkraft**  
**Gelb = Jetzt wechseln**

### MAINTENANCE AND REPLACEMENT

After each use, rinse the brush head thoroughly under running water to remove any toothpaste residue and debris. Allow it to air dry. For optimal cleaning performance and hygiene, it is recommended to replace your brush head every three months, or sooner if the bristles become splayed or worn. The green indicator bristles on the brush head will gradually fade to yellow, signaling the optimal time for replacement.

# Kompatibel mit Oral-B elektrischen Zahnbürsten, außer Pulsonic & iO

Image: Visual representation of the indicator bristles changing color from green (100% cleaning power) to yellow (time to change), indicating wear.

## TROUBLESHOOTING

- **Brush head does not fit:** Ensure you are using an Oral-B electric toothbrush handle that is compatible with these brush heads (excluding Pulsonic and iO models).
- **Bristles appear worn quickly:** This may indicate excessive pressure during brushing. Reduce pressure to prolong brush head life and protect gums.
- **Reduced cleaning effectiveness:** Check the indicator bristles. If they have faded to yellow, it is time to replace the brush head.

## SPECIFICATIONS

Product Dimensions	8.66 x 1.38 x 2.36 inches
Item Model Number	8006540861073
Brand	Oral-B

<b>Color</b>	White
<b>Size</b>	8 Count (Pack of 1)
<b>Age Range (Description)</b>	Adult
<b>Bristle Material</b>	Nylon
<b>Manufacturer</b>	Procter & Gamble
<b>ASIN</b>	B0BWNS3BNR

## **WARRANTY AND SUPPORT**

Specific warranty information and direct customer support contact details for this product are not provided within this instruction manual. Please refer to the original product packaging or the official Oral-B website for the most current warranty terms and customer service options.
