

Keepsmile KS-21-app

Keepsmile Double Side Lighting LED Floor Lamp

Model: KS-21-app

INTRODUCTION

The Keepsmile Double Side Lighting LED Floor Lamp (Model: KS-21-app) is a versatile lighting solution designed to enhance any living space. This modern floor lamp features innovative double-sided illumination, offering both ambient RGB uplighting and functional white downlighting for reading or tasks. With multiple control options including a remote, smart app, and integrated buttons, it provides customizable lighting to suit various moods and activities.

PRODUCT FEATURES

- **Double-Sided Lighting:** The upper lamp provides RGB LED lighting with multiple colors and 10 modes for ambient effects. The lower light offers white illumination for reading or focused tasks.
- **Adjustable Light Head:** The lighted surface can be rotated 350 degrees, allowing you to direct light precisely where needed.
- **Dimmable & Color Temperature Control:** Adjust brightness from 0-100% and color temperature from 2700K (warm white) to 6500K (cool white) for the white light.
- **Multiple Control Methods:** Operate the lamp using the included remote control, a dedicated smart app, or integrated buttons on the lamp pole.
- **Timer Function:** Set timers for automatic on/off operation via the smart app.
- **Eye-Caring Illumination:** Provides 36W, 2600 lumens of bright, non-flickering light, designed to be gentle on the eyes.
- **Stable and Safe Design:** Features a weighted base and sturdy construction to prevent tipping, ensuring safety around children and pets.

- **Easy Assembly:** Simple screw-together assembly requires no additional tools.

PACKAGE CONTENTS

Please check the package for the following items:

- Keepsmile Double Side Lighting LED Floor Lamp (KS-21-app)
- Remote Control (2 AAA batteries included)
- Power Adapter
- Instruction Manual

SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all parts from the packaging and ensure all listed contents are present.
2. **Assemble the Lamp Pole:** Screw the sections of the lamp pole together clockwise until secure. Ensure all connections are tight.
3. **Attach the Base:** Securely attach the weighted base to the bottom of the assembled lamp pole.
4. **Connect Power:** Plug the power adapter into the lamp and then into a standard electrical outlet.
5. **Position the Lamp:** Place the lamp in your desired location. The slim design allows it to fit well in corners or behind furniture.

OPERATING INSTRUCTIONS

1. Remote Control Operation

The included remote control provides convenient access to all lamp functions.

- **Power On/Off:** Use the dedicated ON/OFF buttons for the upper (RGB) and lower (white) lights.
- **Brightness Adjustment:** Use the '+' and '-' buttons to increase or decrease the brightness of the white light.
- **Color Temperature:** Select desired white light color temperature (e.g., 3000K, 4000K, 5000K, 6000K)

using the corresponding buttons.

- **RGB Color Selection:** Use the 'COLOR' button to cycle through various RGB colors for the uplight.
- **Mode Selection:** Use 'MODE +' and 'MODE -' buttons to cycle through different dynamic lighting effects for the RGB uplight.
- **Timer:** Set a 1-hour or 2-hour timer for automatic shutdown using the '1H' or '2H' buttons.

2. Smart App Control

Download the Keepsmile app from your device's app store to unlock advanced control features.

- **App Pairing:** Follow the in-app instructions to pair your lamp with the smart app.
- **Full Color Spectrum:** Access 16 million colors for the RGB uplight.
- **Brightness & Color Temperature:** Precisely adjust brightness and white light color temperature using sliders.
- **Scene Modes:** Choose from various pre-set scene modes or create custom lighting effects.
- **Advanced Timer & Scheduling:** Set detailed timers and schedules for automatic operation.

3. Manual Buttons

The lamp pole features integrated buttons for basic control:

- **Upper Light On/Off:** Press the button with the upward light icon to control the RGB uplight.
- **Lower Light On/Off:** Press the button with the downward light icon to control the white downlight.

MAINTENANCE

To ensure the longevity and optimal performance of your Keepsmile LED Floor Lamp, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the lamp's surface. Avoid abrasive cleaners or solvents that may damage the finish.
- **Power Disconnection:** Always unplug the lamp from the power outlet before cleaning or performing any maintenance.
- **LED Lifespan:** The integrated LED lights are designed for long-term use and do not require

replacement.

- **Avoid Water:** This product is for indoor use only and is not waterproof. Keep it away from water and high humidity environments.

TROUBLESHOOTING

If you encounter any issues with your Keepsmile LED Floor Lamp, refer to the following common solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	Power cord not properly connected. No power from outlet.	Ensure power cord is securely plugged into the lamp and outlet. Test the outlet with another device.
Remote control not working.	Batteries are dead or incorrectly inserted. Obstruction between remote and lamp.	Replace batteries (2 AAA). Ensure correct polarity. Remove any obstructions and point remote directly at the lamp.
App cannot connect to the lamp.	Bluetooth/Wi-Fi issue. Lamp is too far from the device.	Ensure Bluetooth/Wi-Fi is enabled on your device. Move your device closer to the lamp. Restart the app and lamp.
Light flickers or is unstable.	Loose connection. Power supply issue.	Check all physical connections. Try plugging into a different outlet.
