KOMFOTT Twin Metal Daybed with Trundle (Model 10417-HU-KT) Instruction Manual

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your KOMFOTT Twin Metal Daybed with Trundle. This versatile furniture piece is designed to offer both a comfortable seating area and an additional sleeping space, making it suitable for living rooms, bedrooms, or guest rooms. The integrated trundle bed features lockable casters for easy mobility and secure positioning.

SAFETY INFORMATION

- **Read all instructions carefully before assembly and use.** Failure to follow instructions may result in injury or damage to the product.
- **Keep children away during assembly.** Small parts can be a choking hazard.
- **Ensure all connections are secure.** Periodically check and tighten all bolts and screws to maintain stability.
- **Do not exceed weight capacities.** The main daybed supports up to 500 lbs, and the trundle bed supports up to 400 lbs.
- **Use on a level surface.** Uneven surfaces can compromise the stability of the daybed.
- **Do not jump on the daybed or trundle.** This can cause structural damage and injury.

OPERATING INSTRUCTIONS

Your KOMFOTT Twin Metal Daybed with Trundle offers flexible usage as both a seating area and an additional sleeping space.

Using the Daybed as a Sofa:

The main daybed frame functions as a comfortable sofa during the day. Simply arrange pillows and throws to create an inviting seating area. The sturdy metal frame and integrated guardrails provide a secure and stylish base.

Deploying the Trundle Bed:

1. **Unlock Casters:** Locate the lockable casters on the trundle bed frame. Ensure they are in the unlocked position to allow movement.
2. **Pull Out:** Gently pull the trundle bed frame out from under the main daybed. The flexible casters allow for smooth extension.
3. **Position:** Once fully extended, position the trundle bed as desired.
4. **Lock Casters:** For stability, engage the locks on all four casters to prevent the trundle bed from moving during use.

Retracting the Trundle Bed:

1. **Unlock Casters:** Disengage the locks on all four casters.
2. **Push In:** Gently push the trundle bed back under the main daybed until it is fully stored.
3. **Lock Casters:** For safety and to keep the trundle securely stored, engage the locks on the casters.

MAINTENANCE

Proper care and maintenance will extend the life of your KOMFOTT daybed.

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Regular Checks:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Tighten any loose fasteners to maintain the daybed's structural integrity and prevent squeaking.
- **Caster Care:** Keep the trundle casters free of hair and debris to ensure smooth operation.

TROUBLESHOOTING

If you encounter any issues with your daybed, refer to the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws on both the daybed and trundle frames. Ensure the bed is on a level surface.
- **Trundle Not Moving Smoothly:** Check the casters for any obstructions (e.g., carpet fibers, dust). Ensure the caster locks are disengaged. Clean the casters if necessary.
- **Instability/Wobbling:** Verify that all frame components are correctly assembled and all fasteners are fully tightened. Ensure the daybed is placed on a flat, even floor.
- **Missing Parts:** If you discover missing parts during assembly, do not proceed. Contact KOMFOTT customer support immediately for assistance.
