Instruction Manual

YAHEETECH WOODEN BATHROOM FLOOR CABINET

Model: YT-00120336

Introduction

Thank you for choosing the Yaheetech Wooden Bathroom Floor Cabinet. This manual provides essential information for the proper assembly, usage, maintenance, and troubleshooting of your new storage unit. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Figure 1: Front view of the Yaheetech Wooden Bathroom Floor Cabinet.

Key Features

- **All-matching Design:** Sleek rectangular design with unique straight lines on smooth panel doors, suitable for various home decors.
- **Multiple Tiers Storage:** Features an open tabletop, four drawers, and a three-tier cabinet for diverse storage needs.
- **Adjustable Height:** The upper cupboard shelf can be adjusted to three different heights (28.5 cm / 11.2"; 22 cm / 8.7"; 15.7 cm / 6.2") to accommodate various item sizes.
- **Easy Opening / Closing:** Cabinet doors are equipped with magnetic devices for secure closure and durable hinges. Drawers feature a slight concave space for easy handling.
- **Durable Construction:** Made from P2-compliant engineered wood, offering waterproof, easy-to-clean, and durable properties.

Larger Capacity

Transform the bathroom and living room into well-organized spaces.

Important Safety Information

WARNING:

- Always secure the cabinet to the wall using the provided anti-toppling fittings before use. This prevents accidental tipping, especially in households with children or pets.
- Do not stand or climb on the cabinet.
- Ensure all screws and fasteners are tightened securely during assembly. Periodically check and re-tighten as needed.
- Do not overload shelves or drawers beyond their specified weight limits.

Setup and Assembly

The Yaheetech Wooden Bathroom Floor Cabinet requires assembly. Please follow the detailed instructions provided in the packaging. It is recommended to have two people for assembly to ensure stability and ease of construction.

1. Unpack all components and verify against the parts list in your instruction manual.
2. Lay out all pieces on a soft, clean surface to prevent scratches.
3. Follow the step-by-step diagrams and instructions to connect the panels, install drawers, and attach doors.
4. Ensure all fasteners are securely tightened.
5. Attach the anti-toppling fittings to the cabinet and secure it to a wall stud as per safety guidelines.

No official assembly videos from the seller are available. Please refer to the included paper manual for detailed step-by-step instructions.

Operating Instructions

This cabinet is designed for versatile storage in various rooms such as bathrooms, entryways, living rooms, and home offices.

- **Drawers:** The four drawers provide concealed storage for smaller items. Pull gently on the concave handle to open. The drawers have built-in stops to prevent them from pulling out completely.
- **Cabinet Doors:** The double doors open to reveal a multi-tiered shelving unit. Pull the silver handles to open. Magnetic catches ensure the doors remain securely closed when not in use.
- **Adjustable Shelf:** The upper shelf within the cabinet can be repositioned to three different heights to accommodate taller items. Carefully remove the shelf pins, adjust the shelf to the desired height, and reinsert the pins.
- **Top Surface:** The sturdy top surface can be used for displaying decorative items or for additional temporary storage.

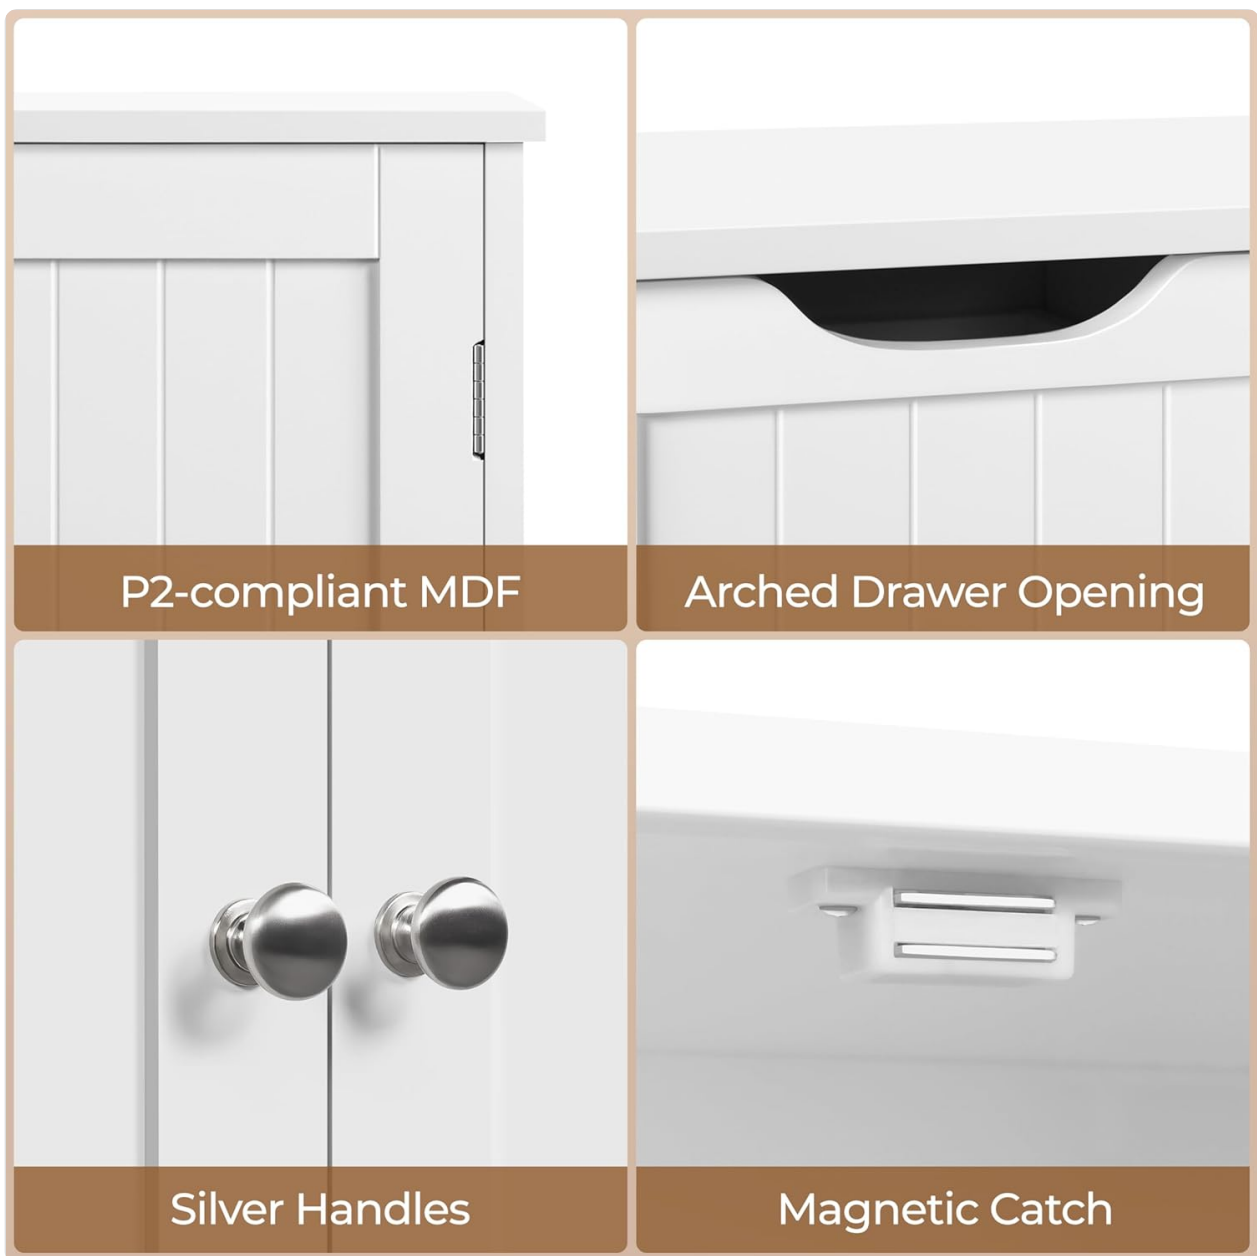

Figure 4: Example of cabinet usage, demonstrating storage capacity for various household items.

Maintenance and Care

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the painted finish.
- **Spills:** Promptly wipe up any spills to prevent water damage, especially in bathroom environments. The material is designed to be waterproof, but prolonged exposure to moisture should be avoided.
- **Inspection:** Periodically check all fasteners and connections to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources to prevent warping or discoloration.

Troubleshooting

Problem	Possible Cause	Solution
Cabinet feels wobbly or unstable.	Loose fasteners; not secured to wall.	Ensure all screws are tightened. Secure the cabinet to the wall using the anti-toppling fittings.
Drawers do not slide smoothly.	Misaligned drawer slides; debris in tracks.	Check that drawer slides are correctly installed and aligned. Clear any dust or debris from the tracks.
Doors do not close properly.	Misaligned hinges; magnetic catch issue.	Adjust door hinges as per assembly instructions. Check if the magnetic catch is properly aligned and functioning.
Parts seem to pull apart when moved.	Insufficient tightening of connections; heavy items.	Re-tighten all connections. Avoid dragging the cabinet; lift it when moving. Ensure weight limits are not exceeded.

Specifications

Attribute	Detail
Brand	Yaheetech
Model Number	YT-00120336
Color	White
Product Dimensions	12"D x 32"W x 33"H (30.5 cm D x 81.3 cm W x 83.8 cm H)
Material	Engineered Wood
Item Weight	40.9 pounds (18.55 kg)
Weight Limit (Top)	88.2 Pounds (40 kg)
Number of Drawers	4
Number of Shelves	1 (adjustable)
Installation Type	Freestanding
Assembly Required	Yes
