CLABEL CT221D

CLABEL CT221D Label Printer User Manual

Model: CT221D

1. INTRODUCTION

The CLABEL CT221D is a compact and lightweight desktop Bluetooth barcode label printer designed for efficient direct thermal printing. It is ideal for various applications in small businesses and homes, including printing barcodes, address labels, shipping labels, and more.

This printer supports label widths ranging from 0.78 inches (20mm) to 2.28 inches (58mm) and offers extensive customization options through its powerful "clabel trade" mobile application and PC software. With no need for ink or toner, it provides a cost-effective and convenient labeling solution.

2. PACKAGE CONTENTS

Please verify that all items are present in your product package:

- CLABEL CT221D Label Printer
- Power Adapter
- USB Cable
- User Manual
- One roll of 1.57x1.18" address labels

3. SETUP

3.1 Physical Setup and Label Loading

Before operating the printer, ensure it is connected to a power source and labels are properly loaded.

1. Connect one end of the power adapter to the printer and the other end to a power outlet.
2. Toggle the power switch to the 'I' position to turn on the printer.
3. Open the lid of the printer by gently lifting it with your hand.
4. Prepare the label roll: Only remove the left baffle from the label spool. Load the paper roll onto the

spool, ensuring the tabs on the baffle face outward.

5. Insert the assembled label roll into the printer.

6. Push the movable baffle to the left to secure the label roll. Ensure the thermal surface of the label faces downwards.

7. Close the printer lid securely.
