## Phimuezl dc-002

# Phimuezl Flame Diffuser for Essential Oils (Model dc-002)

Instruction Manual

## INTRODUCTION

Thank you for choosing the Phimuezl Flame Diffuser. This 3-in-1 device functions as an aroma diffuser, humidifier, and night light, designed to enhance your environment with soothing mist and a realistic flame effect. Please read this manual carefully before use to ensure proper operation and maintenance.

## SAFETY INFORMATION

- Always use a 5V/1A adapter to power the diffuser to prevent damage. An AC adapter is NOT included.
- This device is non-rechargeable and must be connected to a power source during operation.
- Do not overfill the water tank beyond the maximum fill line.
- Keep out of reach of children and pets.
- Ensure the diffuser is placed on a stable, flat surface.
- Do not immerse the device in water or any other liquid.

## PRODUCT COMPONENTS

- Phimuezl Flame Diffuser Unit
- USB Cable
- User Manual (this document)

## SETUP INSTRUCTIONS

1. **Connect Power:** Plug the provided USB cable into the diffuser's power port and connect the other end to a 5V/1A USB power adapter (not included).

① Plug in the power cord

② Add water and 3-4 of drops essential oil

③ Press the button to use

Image: Step 1 - Plug in the power cord.

2. **Fill Water Tank:** Carefully remove the top cover of the diffuser. Fill the water tank with clean water, ensuring not to exceed the 'MAX' fill line. For aromatherapy, add 3-4 drops of your preferred essential oil into the water.

Image: Diffuser dimensions and water fill line. Do not exceed 200ml capacity.

**1** Plug in the power cord

**2** Add water and 3-4 of drops essential oil

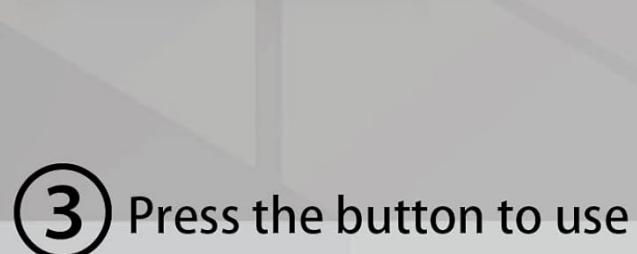

Image: Step 2 - Add water and 3-4 drops of essential oil.

3. **Replace Cover:** Place the top cover back onto the diffuser unit securely.

## OPERATING INSTRUCTIONS

1. **Power On/Off:** Press the power button once to turn on the diffuser. The flame effect and mist will begin. Press the button again to turn off the device.

① Plug in the power cord

② Add water and 3-4 of drops essential oil

③ Press the button to use

Image: Step 3 - Press the button to use.

2. **Flame Effect:** The intelligent LED lights combined with the mist create a realistic flame effect. This feature operates automatically when the diffuser is on.
3. **Automatic Shut-Off:** The diffuser is equipped with a built-in water shortage protection chip. It will automatically stop working when the water level is low to prevent damage to the device.
4. **Quiet Operation:** The diffuser operates at less than 24dB, providing a peaceful environment.

## MAINTENANCE

Regular cleaning ensures optimal performance and extends the lifespan of your diffuser.

- Empty Water:** Before cleaning, ensure the diffuser is unplugged. Empty any remaining water from the tank.
- Clean Base:** Regularly clean the base of the container, especially when using essential oils, to prevent residue buildup. Use a soft cloth and mild detergent, or a mixture of water and white vinegar for stubborn residue.
- Wipe Down:** Wipe the interior and exterior surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
- Air Dry:** Allow all parts to air dry completely before reassembling or storing.

## TROUBLESHOOTING

| Problem                    | Possible Cause  | Solution   |
|----------------------------|---|--|
| No mist or low mist output | Insufficient water level; Water level too high; Diffuser dirty; Obstruction in mist outlet. | Ensure water is between MIN and MAX lines. Clean the diffuser thoroughly. Check for blockages. |
| Diffuser not turning on    | No power; Incorrect adapter; Water shortage.  | Check USB cable connection. Use a 5V/1A adapter. Refill water tank.                            |
| Unusual noise              | Water level too low; Device not on a flat surface.  | Refill water. Place on a stable, flat surface.   |
