VGR V-703

VGR V-703 Professional 5-in-1 Women's Grooming Kit Instruction Manual

Model: V-703

1. INTRODUCTION

The VGR V-703 Professional 5-in-1 Women's Grooming Kit is designed for comprehensive personal care, offering multiple functions for hair removal and skin treatment. This versatile device includes various interchangeable heads to cater to different body areas and grooming needs, providing a smooth and comfortable experience. Its waterproof design allows for convenient use and easy cleaning.

2. SAFETY INFORMATION

- Read all instructions before using the appliance.
- Keep the appliance away from water when charging.
- Do not use the appliance if it is damaged.
- Keep out of reach of children.
- Ensure your skin is clean and dry before use to prevent irritation.
- If irritation occurs, discontinue use.

3. PACKAGE CONTENTS

The VGR V-703 Professional 5-in-1 Women's Grooming Kit includes the following components:

- Main Device Body
- Epilator Head
- Callus Remover Head
- Shaver Head
- Facial Cleaning Head
- Massage Head
- Protection Cap
- Bikini Cap
- Cleaning Brush

- USB Charging Cable
- User Manual

4. SETUP AND CHARGING

4.1 Initial Charging

Before first use, fully charge the device. The VGR V-703 is USB rechargeable and features a built-in 1400 mAh Lithium battery.

1. Connect the provided USB charging cable to the charging port on the device.
2. Plug the other end of the USB cable into a compatible USB power source (e.g., computer, laptop, power bank, or USB wall adapter).
3. The indicator light will show charging status. A full charge takes approximately 2.5 hours and provides up to 200 minutes of runtime.

4.2 Attaching/Detaching Heads

The device features a one-key disassembly mechanism for easy head changes.

1. To detach a head, press the head release button located on the side of the main unit.
2. Gently pull the current head upwards to remove it.
3. To attach a new head, align it with the main unit and press down until it clicks securely into place.

5. OPERATING INSTRUCTIONS

Ensure your skin is clean and dry before use. For optimal results, exfoliate the area 24 hours prior to epilation.

5.1 Power On/Off and Speed Adjustment

1. Press the On/Off switch (double click) to turn the device on.
2. Press the speed adjust button (double click) to cycle through available speed settings.
3. The smart light will illuminate to help reveal fine hairs.
4. Press the On/Off switch again to turn the device off.

5.2 Using the Epilator Head

The epilator head is designed to remove hair from the root.

1. Attach the Epilator Head to the main unit.
2. Hold the skin taut with your free hand.
3. Move the epilator slowly against the direction of hair growth.

4. Use the smart light to ensure thorough hair removal.

5.3 Using the Shaver Head

The shaver head is suitable for sensitive areas and quick touch-ups.

1. Attach the Shaver Head to the main unit.
2. Gently glide the shaver over the skin in the desired area.
3. For bikini line shaping, use the bikini cap if included.

5.4 Using the Callus Remover Head

The callus remover head helps to smoothen rough skin on heels.

1. Attach the Callus Remover Head to the main unit.
2. Gently move the head over dry, callused areas of the feet.
3. Do not apply excessive pressure.

5.5 Using the Facial Cleaning Head

The facial cleaning head assists in deep cleansing the skin.

1. Attach the Facial Cleaning Head to the main unit.
2. Apply a small amount of facial cleanser to your face or the brush head.
3. Gently move the brush in circular motions across your face.

5.6 Using the Massage Head

The massage head provides a relaxing massage for the body.

1. Attach the Massage Head to the main unit.
2. Gently glide the massage head over desired body areas.

Image 4: The VGR V-703 main unit with its five different interchangeable heads.

6. MAINTENANCE AND CLEANING

The VGR V-703 grooming kit is IPX4 waterproof, allowing for easy cleaning under running water.

1. After each use, turn off the device and detach the head.
2. Remove the shield cover from the head (if applicable).
3. Use the provided cleaning brush to remove any trapped hairs or debris from the tweezers or blades.
4. Rinse the head under running water for optimal hygiene. Do not immerse the main unit in water.
5. Allow all parts to air dry completely before reattaching or storing.
6. Store the device and its accessories in a dry place.

7. TROUBLESHOOTING

If you encounter issues with your VGR V-703 grooming kit, refer to the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. Connect it to the USB charging cable and allow it to charge for 2.5 hours.
- **Poor hair removal performance:** Ensure the correct head is attached for the task. Clean the head thoroughly to remove any accumulated hair or debris. Make sure your skin is clean and dry.
- **Skin irritation:** Ensure the device is clean. If you have sensitive skin, consider using the shaver head instead of the epilator head. Always moisturize your skin after use.
- **Head not attaching securely:** Ensure the head is correctly aligned with the main unit and pressed

down firmly until it clicks into place.
