WEEWAY Queen Bed Frame

INSTRUCTION MANUAL

1. Introduction

Thank you for choosing the WEEWAY Queen Bed Frame. This platform bed features a stylish linen fabric upholstered headboard and sturdy wooden slats, designed to provide excellent support and comfort without the need for a box spring. This manual provides essential information for assembly, usage, maintenance, and troubleshooting to ensure a long-lasting and satisfying experience with your new bed frame.

2. Important Safety Information

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Do not exceed the maximum weight capacity of 800 pounds.
- Ensure all bolts and screws are securely tightened before use and periodically check for tightness.
- Keep the bed frame away from heat sources and sharp objects to prevent damage to the fabric and structure.
- Do not allow children to play on or around the bed frame unsupervised.
- Use only the components provided by the manufacturer. Substitution of parts may result in injury and will void the warranty.

3. Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact WEEWAY customer support.

- Bed Frame components
- Hardware Pack (screws, bolts, tools)
- Headboard
- Slats (wooden)

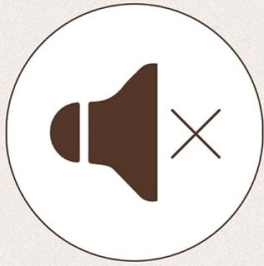

4. Assembly Instructions

The WEEWAY Queen Bed Frame is designed for quick and easy assembly, typically taking around 30 minutes with no special tools required beyond what is provided. It is recommended to assemble with two people.

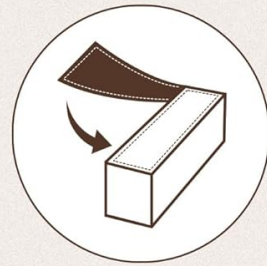

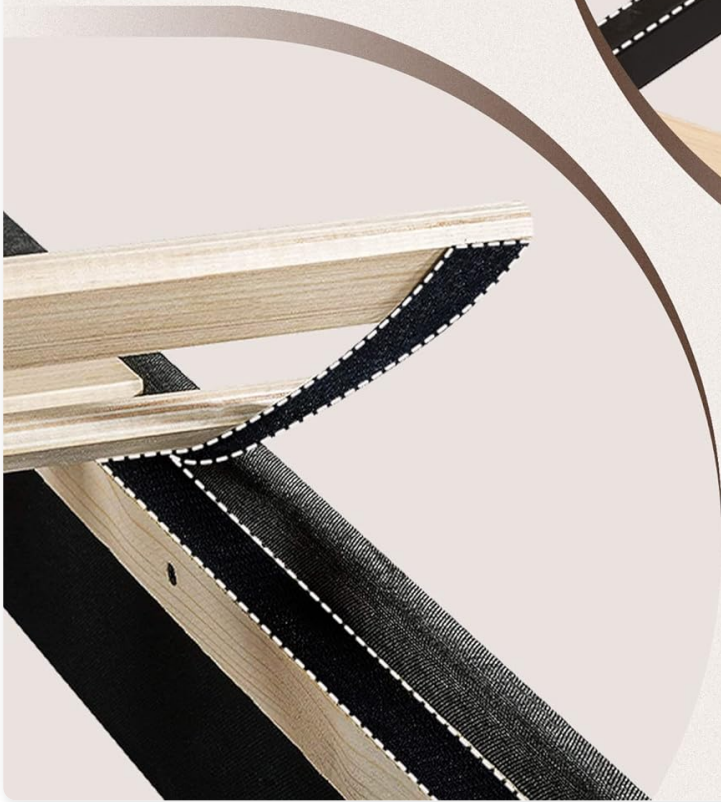

Figure 2: Bed frame dimensions and key features.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify each part using the included parts list.
2. **Assemble Side Rails:** Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are firm but do not overtighten initially.
3. **Install Center Support:** Secure the center support beam(s) and legs to the bed frame. This provides crucial stability.
4. **Place Wooden Slats:** Roll out the wooden slats across the frame. The slats are designed with Velcro for fast and secure attachment, preventing shifting and noise.
5. **Final Tightening:** Once all parts are in place, go back and securely tighten all bolts and screws.

5. Usage and Compatibility

The WEEWAY Queen Bed Frame is designed for optimal performance with various mattress types.

- **Mattress Compatibility:** This bed frame is suitable for memory foam or spring mattresses. It does not require a box spring.
- **Mattress Thickness:** Recommended mattress thickness is between 8 to 14 inches for optimal aesthetic and comfort.
- **Weight Capacity:** The bed frame has a robust weight capacity of 800 pounds, ensuring durability and stability.

6. Care and Maintenance

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** The upholstered fabric should be dry cleaned only. For minor spills, blot immediately with a clean, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Regular Inspection:** Periodically check all connections and hardware to ensure they remain tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause the fabric to fade.

7. Troubleshooting

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
Squeaking or Noise	Loose connections; friction between parts; slats not properly secured.	Ensure all bolts and screws are tightened. Verify that the wooden slats are properly aligned and the Velcro is securely attached. The bed frame features an Eva mute bar to prevent noise from friction.
Mattress Sliding	Slats not providing enough grip.	The Velcro design on the wooden slats is intended to prevent mattress sliding. Ensure the mattress is centered and fully resting on the slats.
Instability / Wobbling	Uneven floor; loose leg connections.	Check that the bed frame is on a level surface. Tighten all leg connections and frame bolts.

8. Product Specifications

Attribute	Detail
Size	Queen
Color	Dark Grey
Upholstery Fabric Type	Linen
Product Dimensions (L x W x H)	82.2" x 60.6" x 43.3"
Weight Limit	800 Pounds
