PEUKC Metal Shelves for 31.3" W Metal Cabinet - Instruction Manual

INTRODUCTION

These PEUKC Metal Shelves are designed as an additional or replacement component for compatible PEUKC 31.3" W Metal Storage Cabinets and 2-Drawer Metal File Cabinets. They provide extra storage capacity and organization within your existing PEUKC cabinet system. This manual provides instructions for proper installation and care.

SAFETY INFORMATION

Warning: This product requires assembly. Use caution when handling sharp edges during assembly and installation. Always follow the manufacturer's instructions to ensure safe use. Keep small parts away from children.

PACKAGE CONTENTS

- 1 x PEUKC Metal Shelf (Black)
- 4 x Shelf Clips/Supports (may be pre-installed in cabinet or included separately)

SETUP AND INSTALLATION

The PEUKC Metal Shelf is designed for easy installation within compatible PEUKC cabinets. No complex assembly is required for the shelf itself, but proper placement within the cabinet is essential.

1. **Step 1: Prepare the Cabinet:** Ensure the PEUKC 31.3" W Metal Storage Cabinet or 2-Drawer Metal File Cabinet is empty and clean where the new shelf will be installed.
2. **Step 2: Identify Shelf Support Locations:** Locate the pre-drilled holes or shelf support slots on the interior sides of your cabinet. These are typically spaced to allow for adjustable shelf heights.
3. **Step 3: Install Shelf Clips/Supports:** Insert the provided shelf clips or supports into the desired height slots on both sides of the cabinet. Ensure they are level and securely seated.
4. **Step 4: Place the Shelf:** Carefully slide the metal shelf onto the installed clips/supports. Ensure all four corners of the shelf rest firmly and evenly on the supports.
5. **Step 5: Verify Stability:** Gently press down on the shelf to confirm it is stable and properly seated before placing items on it.

OPERATING INSTRUCTIONS

Once installed, the PEUKC Metal Shelf functions as a stable surface for storing various items. Distribute weight evenly across the shelf to maintain stability and prevent damage. The shelf is designed to hold items typically stored in office or garage cabinets, such as files, tools, or supplies. Do not exceed the weight capacity of your cabinet or the shelf itself.

MAINTENANCE

To clean the metal shelf, wipe it with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by drying with a clean cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Regularly check the shelf clips and the shelf's seating to ensure continued stability.

TROUBLESHOOTING

- **Shelf is not level:** Ensure all shelf clips are inserted into corresponding slots at the same height on both sides of the cabinet. Re-seat the shelf if necessary.
- **Shelf feels unstable:** Verify that the shelf clips are fully engaged in the cabinet slots and that the shelf is resting evenly on all four supports. Avoid overloading the shelf.

SPECIFICATIONS

Brand	PEUKC
Model Number	B0BWXQSMNL
Product Dimensions	14"D x 31.3"W x 0.67"H
Material	Metal

Color	Black
Number of Shelves	1 (per pack)
Special Feature	Adjustable Shelf
Assembly Required	No (for the shelf itself; installation into cabinet required)
Recommended Use	Additional shelving for PEUKC 31.3" W Metal Storage Cabinet and 2-Drawer Metal File Cabinet
