SAFETY INFORMATION

Please read and adhere to the following safety guidelines to ensure safe operation and prevent injury or damage.

- Do not exceed the maximum weight limit of **220 lb (100 kg)** per stool.
- Ensure all components are securely fastened during assembly to prevent tipping or instability.
- Avoid standing on the stools.
- Keep children away from the assembly area and do not allow them to climb on the stools unsupervised.
- Place stools on a flat, stable surface to prevent wobbling.

ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and typically takes approximately 20 minutes per stool. Follow

these steps carefully.

Tools Required:

- Included Allen Wrench

Step-by-Step Assembly:

1. Unpack all components from the box and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches.
2. Identify the metal frame components. Attach the side frames to the crossbars, ensuring the footrest bars are correctly oriented as per the diagram in the accessory kit. Secure loosely with screws.
3. Place the round seat on top of the assembled frame. Align the screw holes on the seat with the holes on the frame. Insert the remaining screws and tighten them loosely.
4. Once all screws are in place and the stool is upright, gradually tighten all screws evenly until the stool is stable and firm. Avoid overtightening any single screw before others are snug.
5. Repeat steps 1-4 for the second bar stool.

OPERATING INSTRUCTIONS

These bar stools are designed for comfortable seating at standard counter or bar heights. The integrated footrests provide two different height options for optimal comfort and support for various sitting postures.

- Always ensure the stool is placed on a flat, stable surface before sitting.
- Utilize the footrests for added comfort and to maintain proper posture.

Foot Rest Design

Two different heights for adjustment of sitting posture.

MAINTENANCE

Proper care will extend the life and maintain the appearance of your bar stools.

- For routine cleaning, wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish.
- Periodically check and tighten all screws and fasteners to ensure the stool remains stable and secure.
- Protect from direct sunlight and excessive moisture to prevent material degradation.

TROUBLESHOOTING

If you encounter any issues with your bar stools, refer to the following common solutions:

Stool is Wobbly:

- Ensure all screws are fully and evenly tightened. Loosen all screws slightly, press down on the seat to level the stool, then retighten all screws.
- Verify that the stool is placed on a flat, even surface. Uneven flooring can cause wobbling.

Scratches on Floor:

- Check if the protective foot pads are present and intact on all legs. Replace if damaged or missing.

WARRANTY AND SUPPORT

MAHANCRIS stands behind the quality of its products. For any questions, missing parts, or support needs, please contact MAHANCRIS customer service. Refer to your purchase documentation or the MAHANCRIS website for specific warranty details and contact information.
