FIFINE H6W

FIFINE AmpliGame H6 USB Gaming Headset User Manual

Model: H6W | Brand: FIFINE

INTRODUCTION

Thank you for choosing the FIFINE AmpliGame H6 USB Gaming Headset. This manual provides comprehensive instructions for setting up, operating, and maintaining your headset to ensure an optimal audio experience for gaming, streaming, and listening. The AmpliGame H6 features 7.1 virtual surround sound, a detachable microphone, and convenient in-line controls, designed for comfort during extended use.

WHAT'S IN THE BOX

- FIFINE AmpliGame H6 USB Gaming Headset
- Detachable Microphone
- User Manual

PRODUCT OVERVIEW & KEY FEATURES

The FIFINE AmpliGame H6 USB Gaming Headset in white, showcasing its sleek design, detachable microphone, and the integrated in-line control unit.

H6 GAMING HEADSET

Lead you into immersive gaming world

7.1 Virtual Surround Sound

Clear Mic Sound Quality

Softly Comfortable Material

Experience immersive gaming with virtual 7.1 surround sound, providing precise audio cues for directional awareness in games.

HANDY IN-LINE CONTROL

Faster control the game audio

The convenient in-line control allows for quick adjustments to headset volume, microphone mute/unmute, and switching between three EQ modes (Game, Music, Movie).

NATURAL MICROPHONE SOUND

Freely communicate
with teammates

The detachable microphone ensures clear and timely communication with teammates, capturing voice details effectively.

Length-Adjustable Headbands

6.6FT Durable Headset Cable

Soft and Cozy Pads

Designed for comfort, the headset features lightweight pads, cozy earmuffs, and a soft headband to prevent pressure during long gaming sessions.

STYLISH RGB LIGHTING

Highlight cool looking with game color scheme

Stylish RGB lighting on the earcups enhances the gaming atmosphere and complements your setup.

SETUP

The AmpliGame H6 is a plug-and-play USB headset, compatible with various devices.

PLUG AND PLAY

Start the game battlefield quickly

Compatible

WINDOWS

PS4 / PS5

MAC OS

XBOX

Not Compatible

Simply plug the USB connector into an available port on your computer (desktop/laptop), PS4, or PS5. The headset is compatible with Mac OS and Windows operating systems.

Connecting the Detachable Microphone

1. Locate the microphone input port on the left earcup of the headset.
2. Align the microphone's 3.5mm jack with the port and firmly insert it until it clicks into place.
3. Adjust the flexible microphone arm to your preferred speaking position.

OPERATING INSTRUCTIONS

In-Line Control Functions

- **Volume Up/Down:** Use the '+' and '-' buttons on the in-line control to adjust the headset's audio volume.
- **Microphone Mute/Unmute:** Slide the dedicated switch on the in-line control to quickly mute or unmute your microphone. An indicator light will show the microphone's status.
- **7.1 Surround Sound Mode:** Press the '7.1' button to toggle the virtual 7.1 surround sound on or off for an enhanced spatial

audio experience.

- **EQ Mode Switch:** Use the 'EQ' button to cycle through three distinct equalization modes: Game, Music, and Movie. Each mode is optimized for different audio content.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid sharp bends or excessive pulling on the braided USB cable to prevent damage.
- **Earpad Care:** Gently wipe the leather earpads with a damp cloth if needed, and allow them to air dry completely before use.

TROUBLESHOOTING

Problem	Possible Solution
No sound from headset	• Ensure the USB connector is fully inserted. • Check the headset volume on the in-line control and your device. • Verify the headset is selected as the default audio output device in your system settings. • Try a different USB port.
Microphone not working	• Ensure the microphone is securely attached and not muted via the in-line switch. • Check your device's sound settings to ensure the microphone is enabled and selected as the input device. • Test the microphone on another application or device.
Sound distortion or static	• Ensure the USB connection is stable. • Try a different USB port. • Reduce the volume on both the headset and your device. • Ensure no other devices are causing interference.
