2. OPERATING YOUR CHAIR

The Guessky Executive Office Chair SDA002 offers multiple adjustable features to ensure optimal comfort and ergonomic

support during long working hours.

Adjustable Height

To adjust the chair's height, locate the lever beneath the seat on the right side. Pull the lever upwards while seated to lower the chair, or while standing to raise it. Release the lever at your desired height.

Reclining and Rocking Function

The chair features a reclining device that allows you to adjust the backrest angle between 90° and 135°. Pull the lever outwards to enable the rocking mode, or push it inwards to lock the backrest in an upright position. A tension knob beneath the seat can be rotated to adjust the resistance of the rocking motion.

Flip-Up Armrests

The padded armrests can be flipped up to a 90° angle. This feature allows you to easily push the chair under your desk,

saving space, or adjust for personal preference and comfort.

Image: The chair's padded armrests are shown in both the standard down position and flipped up, highlighting the space-saving feature.

Smooth Mobility

The chair is equipped with five stable and durable casters that allow for 360° rotation and smooth gliding across various floor types, including carpet and hard surfaces.

3. MAINTENANCE

To ensure the longevity and appearance of your Guessky Executive Office Chair SDA002, follow these simple maintenance guidelines:

- **Cleaning:** The soft PU leather is resistant to scratches, stains, peeling, and cracking, and is easy to clean. Simply wipe the chair with a damp cloth to remove dust and spills. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Re-tighten if necessary to maintain stability and safety.
- **Caster Care:** Keep the casters free of debris such as hair or lint to ensure smooth rolling.

4. TROUBLESHOOTING

If you encounter any issues with your Guessky Executive Office Chair SDA002, please refer to the following general advice:

- **Chair not adjusting height:** Ensure the height adjustment lever is fully engaged and that there is no obstruction in the gas lift mechanism.
- **Chair not rocking or locking:** Check the reclining lever and tension knob beneath the seat. Ensure they are correctly positioned for your desired function.
- **Unstable or wobbly chair:** Verify that all assembly screws are securely tightened. Refer to the assembly instructions for proper tightening procedures.
- **Casters not rolling smoothly:** Inspect the casters for any trapped debris (hair, dust, etc.) and clean them thoroughly.

For any persistent issues or further assistance, please contact Guessky customer support.
