2. COMPATIBILITY

It is crucial to verify your iPad model's compatibility before using this stylus pen. The Gnanlen iPad Pencil 2nd Generation is compatible with specific iPad models only. Please follow the instructions below to identify your iPad model.

2.1 How to Identify Your iPad Model

To identify your iPad model, navigate to "Settings" > "General" > "About" and locate the "Model Number". Alternatively, the model number is typically printed on the back of your iPad, starting with the letter "A" followed by four numbers (e.g., A1983).

2.2 Compatible Models

The Gnanlen iPad Pencil 2nd Generation is compatible with the following iPad models:

- iPad mini 6th generation
- iPad Air 4th/5th generation
- iPad Pro 12.9-inch 3rd/4th/5th/6th generation
- iPad Pro 11-inch 1st/2nd/3rd/4th generation

2.3 Non-Compatible Models

This stylus pen is **NOT** compatible with:

- iPad 1st/2nd/3rd/4th/5th/6th/7th/8th/9th/10th generation
- iPad mini 1st/2nd/3rd/4th/5th generation

3. SETUP AND CHARGING

The Gnanlen iPad Pencil 2nd Generation features Bluetooth connectivity and magnetic wireless charging for convenience.

3.1 Initial Setup and Pairing

1. Ensure your iPad's Bluetooth is enabled.
2. Magnetically attach the stylus pen to the side of your compatible iPad.
3. Your iPad should automatically detect and pair with the stylus. If prompted, confirm the connection.
4. Once connected, you can add a widget to your iPad's home screen to monitor the pen's power level in real-time.

3.2 Charging Instructions

The stylus pen charges wirelessly by magnetically attaching it to the side of your compatible iPad. No separate charging cable is required.

- **Charging Time:** Approximately 1.5 hours for a full charge.
- **Duration of Use:** Up to 9 hours on a full charge.
- **Automatic Sleep Mode:** The pen will enter sleep mode if no operations are performed within 5 minutes to conserve battery.

4. OPERATING INSTRUCTIONS

The Gnanlen iPad Pencil offers advanced features for a natural and precise writing and drawing experience.

4.1 Tilt Sensitivity & Pixel Precision

The stylus features a 1.2mm tip designed for fine instructions, offering high sensitivity and accurate signal transmission without lag or breakpoints. This allows for precise control over line thickness and shading by simply tilting the pen.

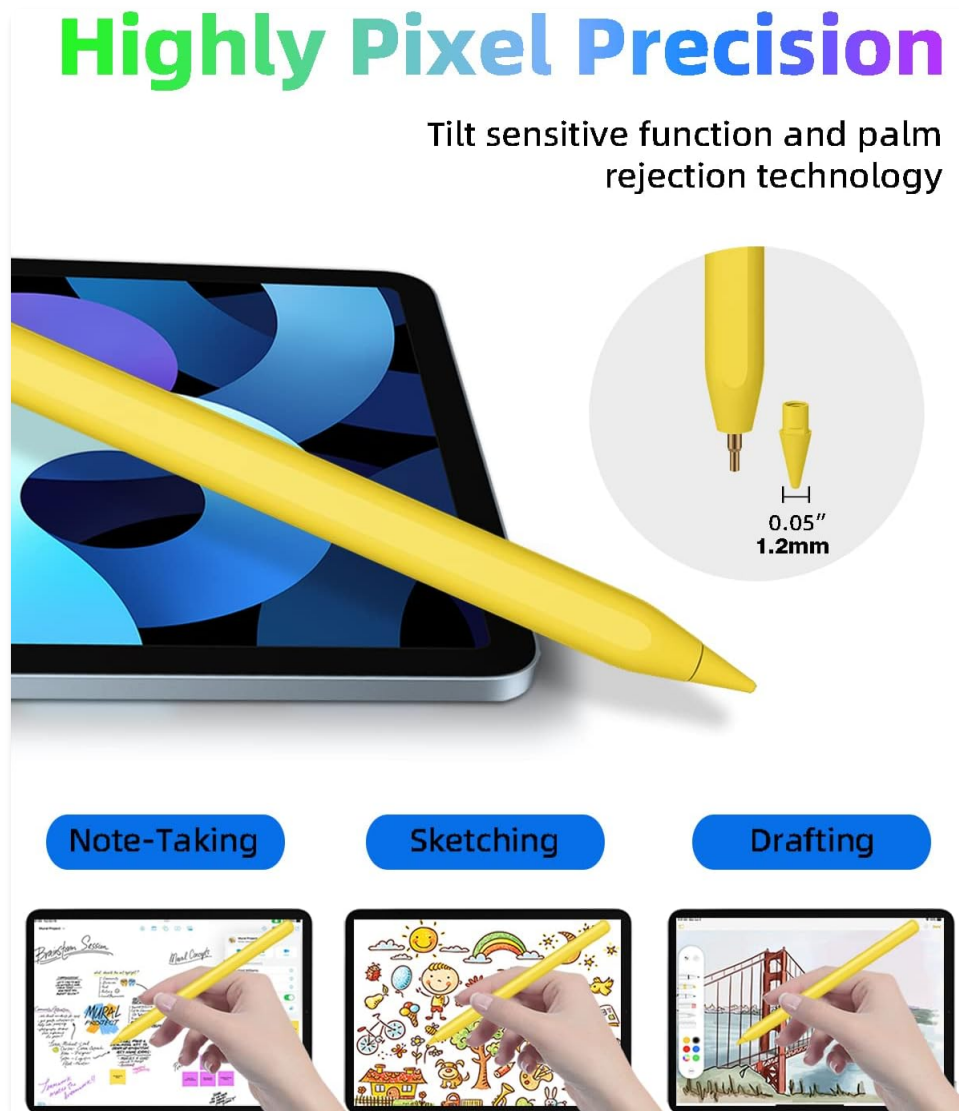

Image 4: Pixel Precision and Tilt Sensitivity in use.

4.2 Palm Rejection Function

The iPad pen incorporates a palm rejection function, allowing you to comfortably rest your palm on the screen while writing or drawing without causing unintended marks or actions.

4.3 Shortcut Key Functions

After connecting to Bluetooth, the button at the top of the stylus provides convenient shortcut functions:

- **One Tap:** Returns to the main screen (home screen).
- **Double Tap:** Opens the APP selection page (task manager).
- **Swipe from bottom left to top right corner of iPad screen:** Takes a screenshot.

Important Notice: If your iPad is connected to both an Apple Pencil and this product, please disconnect the Apple Pencil to use the Gnanlen iPad Pencil 2nd Generation.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Gnanlen iPad Pencil, follow these maintenance guidelines:

- Keep the stylus clean by gently wiping it with a soft, dry cloth.
- Avoid exposing the pen to extreme temperatures, direct sunlight, or moisture.
- Store the pen securely when not in use to prevent damage to the tip.
- Do not attempt to disassemble the pen, as this will void any potential warranty.

6. TROUBLESHOOTING

If you encounter issues with your Gnanlen iPad Pencil, please refer to the following common troubleshooting steps:

- **Pen not connecting:** Ensure Bluetooth is enabled on your iPad and the pen is sufficiently charged. Try re-attaching the pen to the iPad's magnetic side to re-establish connection.
- **Pen not responding:** Check the battery level. If low, charge the pen. Restart your iPad and try connecting again.

- **Inaccurate input:** Ensure the pen tip is clean and undamaged. If you have an Apple Pencil connected, disconnect it as per the notice in Section 4.3.
- **Charging issues:** Verify that the pen is correctly aligned and magnetically attached to the charging area of your iPad. Ensure your iPad itself has sufficient power.

If problems persist, please contact customer support for further assistance.
