## SETUP

The Anko Clear Pull-Out Storage Drawer Organizer requires minimal assembly. It is designed for immediate use upon unboxing.

1. **Unpack:** Carefully remove the organizer from its packaging.
2. **Placement:** Place the organizer on a flat, stable surface in your desired location (e.g., desk, shelf,

vanity).

3. **Drawer Insertion:** If the drawer is separate, gently slide it into the main frame until it is fully seated.
4. **Stacking (Optional):** If you have multiple units, align them carefully and stack one on top of another to create a multi-tiered storage system. Ensure they are stable before loading.

## OPERATING INSTRUCTIONS

---

Using your Anko Clear Pull-Out Storage Drawer Organizer is straightforward:

1. **Open Drawer:** Gently pull the integrated handle on the front of the drawer to slide it open.
2. **Store Items:** Place your desired items, such as pens, makeup brushes, jewelry, or small tools, into the drawer.
3. **Close Drawer:** Push the drawer back into the main unit until it is fully closed and flush with the frame.
4. **Remove Drawer:** For thorough cleaning or to access items more easily, the drawer can be fully removed by pulling it out past its stop point. Reinsert by aligning the tracks and pushing it back in.

## MAINTENANCE

Proper care will ensure the longevity and clear appearance of your organizer.

- **Cleaning:** Wipe the organizer with a soft cloth dampened with mild soap and water.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can scratch or damage the polystyrene material.
- **Drying:** Ensure the organizer is completely dry before placing items back inside or stacking.
- **Storage:** Store in a cool, dry place away from direct sunlight to prevent material degradation or discoloration over time.

## TROUBLESHOOTING

Most issues with this simple organizer can be resolved with basic checks.

- **Drawer Sticking:** If the drawer does not slide smoothly, remove it completely and check the tracks for any debris or obstructions. Clean the tracks and reinsert the drawer.

- **Unit Instability:** Ensure the organizer is placed on a flat, level surface. If stacking multiple units, verify they are correctly aligned and stable. Avoid placing excessively heavy items in the drawers or on top of the unit.
