### 3. SETUP AND CONNECTION

Follow these steps to set up and connect your Annadue Wireless Bluetooth Keyboard:

1. **Charge the Keyboard:** Before first use, ensure the keyboard is fully charged using the provided USB cable. Connect the USB cable to the keyboard's charging port and a power source. The charging time is approximately 2-3 hours.
2. **Power On:** Locate the power switch on the keyboard. Flip the switch to the right to turn on the keyboard.
3. **Enable Bluetooth on Your Device:** On your Pro 8 or Pro X device, go to the Bluetooth settings and ensure Bluetooth is enabled.
4. **Pairing Mode:** The keyboard will automatically enter pairing mode or can be manually put into pairing mode (refer to specific keyboard indicators if available, usually a blinking LED).
5. **Connect:** On your device, search for available Bluetooth devices. Select "Annadue Keyboard" or a similar name from the list to pair.
6. **Physical Connection (Optional):** For Pro 8 and Pro X, the keyboard can be magnetically attached to the device, providing a stable physical connection in addition to the Bluetooth connection.

## How to Use:

Flip the switch on the right and connect the Bluetooth to use.  
Specific reference specification.

## 4. OPERATING INSTRUCTIONS

### 4.1. Typing and Trackpad

The keyboard features mechanical buttons for a comfortable and quiet typing experience. The oversized trackpad allows for precise navigation and control, similar to a traditional laptop.

### 4.2. Backlight Function

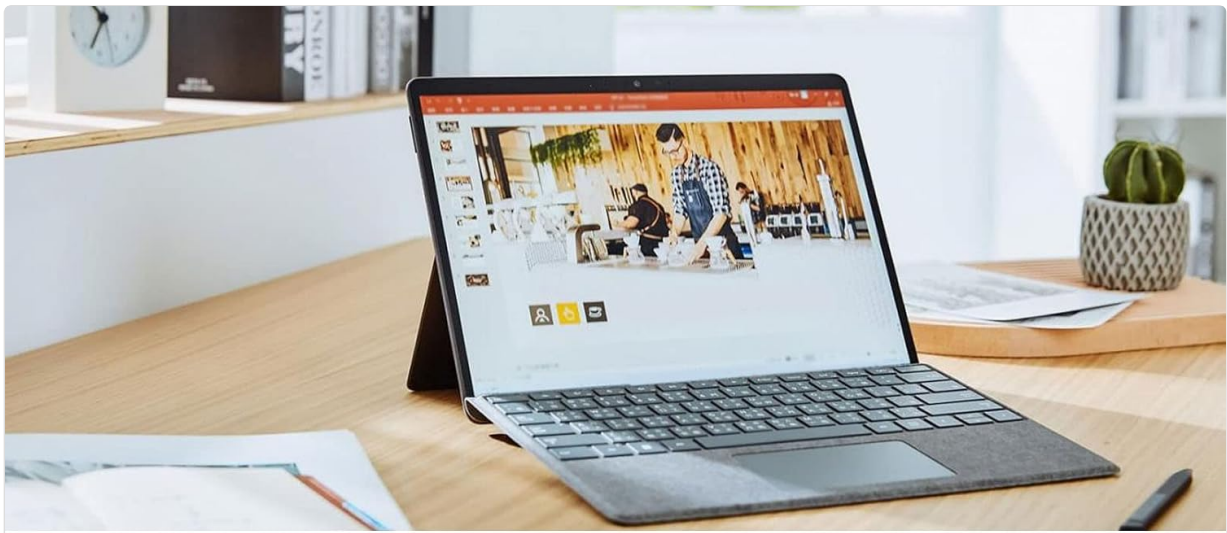

The keyboard includes a seven-color backlight feature. Use the dedicated backlight key (often indicated by a light bulb icon) to cycle through different colors or adjust brightness levels to suit various lighting conditions.

### 4.3. Media and Shortcut Keys

Utilize the functional media and shortcut keys for easy control of your Pro 8 or Pro X device. These keys provide quick access to volume control, playback, and other common functions.

### 4.4. Adjustable Angle

The magnetic stability at the fold allows you to adjust the angle of your device for optimal viewing and typing performance.

Scissor switch keyboard provide individual shortcuts  
Pleasant and quiet typing experience  
Each key can withstand 3 million keystrokes  
Magnetic stability at the fold provide robustness  
Adjust the angle of device for better performance

## 5. MAINTENANCE AND CHARGING

### 5.1. Charging the Battery

The keyboard is equipped with a built-in 350 mAh lithium-ion battery. When the battery is low, connect the keyboard to a USB power source using the provided charging cable. A charging indicator light will typically show the charging status.

**Charging Time:** Approximately 2-3 hours for a full charge.

### 5.2. Cleaning

To clean the keyboard, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the finish or electronic components.

### 5.3. Storage

When not in use for extended periods, store the keyboard in a cool, dry place. It is recommended to fully charge the battery before long-term storage to maintain battery health.

## 6. TROUBLESHOOTING

- **Keyboard not connecting via Bluetooth:**

- Ensure the keyboard is powered on and fully charged.
- Verify Bluetooth is enabled on your device (Pro 8/Pro X).
- Make sure the keyboard is within the effective operating distance (approx. 10 meters / 32.8 feet).
- Try unpairing and re-pairing the keyboard from your device's Bluetooth settings.
- Restart both the keyboard and your device.

- **Keys not responding:**

- Check battery level and charge if necessary.
- Ensure the keyboard is properly connected via Bluetooth.
- Clean any debris that might be under the keys.

- **Backlight not working:**

- Press the backlight key to activate or cycle through modes.
- Check battery level.

**Effective Operating Distance: Within approx. 10meter / 32.8ft**
