2. WHAT'S IN THE BOX

Please ensure all components are present before assembly:

- 1 x Projector Screen (120-inch viewing diagonal)
- 2 x Triangle Brackets (Aluminum Alloy Stands)
- Cross Bars (for frame assembly)

- 4 x Ropes
- 9 x Ground Nails/Spikes
- 1 x Storage Bag

Project Size

3. SETUP INSTRUCTIONS

The Vamvo projector screen is designed for quick and effortless assembly, typically taking less than 5 minutes for one person.

3.1. Assembling the Frame

1. **Connect the Brackets:** Take out the aluminum alloy poles. The elastic cord inside will guide the poles to connect quickly and automatically.
2. **Unfold the Tripod:** Extend the legs of the tripod stands.

3. **Fix the Lower Bracket Rod:** Secure the horizontal bar between the two tripod stands at the desired height.
4. **Attach Upper Bracket Rods:** Connect the upper horizontal bars to the top of the tripod stands.

Fast assembly in 5 minutes

Connect the bracket

Put the curtain into the upper bracket

Put the upper bracket rod into the sleeve of the tripod bracket and fix it

Unfold the tripod

Fix the lower bracket rod

Use Velcro to install the curtain

3.2. Attaching the Screen

5. **Thread the Screen:** Lay the screen flat on the ground. Thread the screen onto the assembled frame poles.
6. **Secure with Velcro:** Use the integrated Velcro straps to firmly attach the screen to the frame, ensuring it is taut and wrinkle-free.

EASY TO INSTALL

3.3. Outdoor Stability (Optional)

For outdoor use, especially in windy conditions, utilize the included ropes and ground nails for enhanced stability:

- Attach the ropes to the designated points on the top corners of the screen frame.
- Secure the ropes to the ground using the provided ground nails/spikes.

Video: This video demonstrates the assembly process of the Vamvo projector screen, highlighting its ease of setup for outdoor use.

4. OPERATION

The Vamvo projector screen is designed to deliver an optimal viewing experience with its 16:9 aspect ratio and 160-degree wide viewing angle.

4.1. Projection Quality

- The screen supports 1080p Full HD and 4K content, providing clear, high-resolution images and rich colors.
- The 160-degree wide viewing angle ensures an excellent viewing experience from various positions.

160°Ultra-Wide Movie Viewing Experience

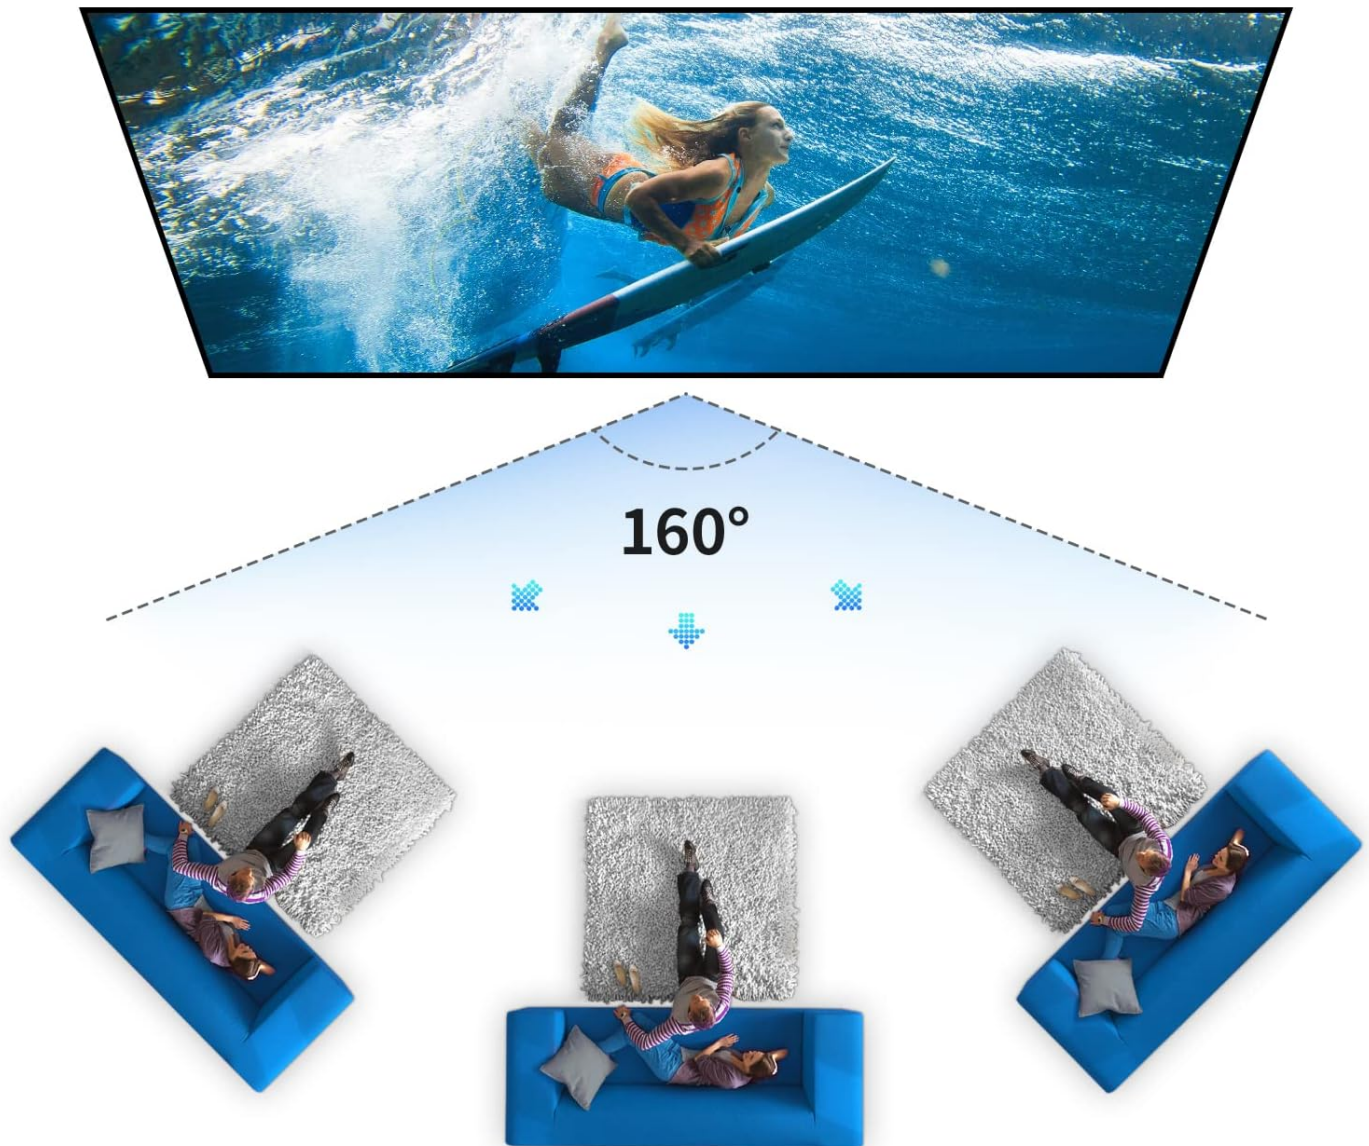

Image: Enjoy a 160-degree ultra-wide movie viewing experience.

4.2. Usage Scenarios

This portable screen is ideal for:

- Home theater setups
- Outdoor movie nights
- Camping trips
- Business presentations
- Parties and events

5. MAINTENANCE

5.1. Cleaning the Screen

- The screen is made of natural polyester fabric and is anti-wrinkle.
- To clean stains and dust, simply wipe with a damp cloth.
- If wrinkles appear from storage, they can be eliminated in a few seconds with an iron.

High-quality Foldable Movie Screen

Image: High-quality foldable movie screen material, showing it can be ironed to remove wrinkles.

5.2. Storage and Portability

- The foldable 120-inch projector screen can be compactly folded into approximately 22x14 inches.
- All components, including the screen, stand, and accessories, fit securely into the Vamvo carrying bag for easy transport and storage.

The curtain is washable,
ironable and wrinkle-free

The product is convenient
to carry outdoors

Image: The screen is washable, ironable, and wrinkle-free, and the product is convenient to carry outdoors.

6. TROUBLESHOOTING

Q: The screen has wrinkles after being folded.

A: The screen is made of anti-wrinkle polyester fabric. Light wrinkles can be removed by stretching the screen taut during setup. For more persistent wrinkles, gently iron the screen on a low setting or steam it.

Q: The screen feels unstable outdoors.

A: Ensure the tripod stands are fully extended and locked. For added stability, especially in windy conditions, use the provided ropes and ground nails to secure the screen to the ground.

Q: The image quality is not clear.

A: Ensure your projector is properly focused and aligned with the screen. Check the projector's resolution settings to match the screen's capabilities (1080p Full HD, 4K support). Ensure the viewing environment is sufficiently dark for optimal contrast.

7. SPECIFICATIONS

Feature	Detail
